VERY REALISTIC.—Salem Post: J. Hock, the artist, has returned from Wilhoit Springs, where he took a view of the stage recently held up there. When the stage came along, two men disguised as the highwaymen had been, held up the travelers in regulation style, and Mr. Hock took the view. A photograph of the scene hangs in the window of the Post now, where it can be seen. The passengers in the photo are the same that were held up in reality and the picture is a correct representation of the occurrence.

Reader, did you ever take SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" Everybody needs to take a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

Every package has the Red Z stamp on the wrapper. J. H. Zeilin & Co., Philadelphia.

THE DEBATE.—In answer to a letter from the programme committee of the state fair, asking if he would favorably consider a proposition to debate the financial question with Hon. Roswell P. Horr, Hon. W. H. Bryan, of Nebraska, says he will accept. In his letter, Mr. Bryan states that, in the event Mr. Horr cannot be present, he will debate the question with anyone whom the committee may select. Mr. Horr has been written to by the committee, but has not yet been heard from. It is pretty certain someone will be found to meet Mr. Bryan, and the attendance at the state fair will doubtless be regaled with the financial question. It is the intention to arrange the debate for September 27 and 28.

NEW OFFICE.—Jas. F. Robinson moved his office today from the Chrisman block to the front room upstairs over the Eugene Loan and Savings bank. Mr. Robinson is one of the busiest men in town. He is secretary and collector for the water and electric light companies, and secretary of the grand lodge of Oregon A. F. & A. M., also of the grand chapter R. A. M. This is enough for one man to attend to.

ANIMALS WANTED.—It is said that live rabbits, either tame or wild pigeons, and frogs, will be used in classes in Biological Laboratory of the University this year, and that cash prices will be paid for the same. This would seem to offer an opportunity to our boys to turn an honest penny by collecting such animals and selling them to the University when needed.

ARRIVED HOME.—The "Three Sisters" party arrived this afternoon at 3:30 o'clock from their trip to the Foley Springs. They report having had a splendid time.

REMOVED.—Dr. J. C. Gray has removed his dental office to finely furnished parlors over the Eugene Loan & Savings Bank. He is a first-class dentist and asks for a fair share of the public patronage. His old patients should remember his removal.

BIG INJUNCTION SUIT.

The City Treasurer Restrained From Paying the Bridge Warrants.

Albany Democrat: Deputy Sheriff Quincey Propst last evening served upon City Treasurer E A Parker a temporary injunction signed by County Judge J N Duncan, restraining him from paying certain warrants of the aggregate amount of $9,073.98 held by the Portland Bridge Company, and as well restraining said bridge company from transferring said warrants or disposing of them until ordered by the circuit court. The complaint upon which the injunction is granted is made by D B Monteith, who states in the complaint that he is assessed for about $10,000 and pays $80 city taxes. The allegations in the complaint are that on July 28, 1891, the city council wrongfully and unlawfully authorized J L Cowan, mayor, and N J Henton, recorder, to make a contract for the construction of a steel cantilever bridge across the Willamette; that on Sept 19, a second and supplemental pretended contract was made providing for the payment of $5000 more on account of certain changes, and on May 9, 1892 a third pretended contract was made providing for the payment of $2216.30 on account of the Benton county approaches, a total of $90,884.30; that on March 9, 1892, a warrant was issued for $3189.68, on April 27, 1892, one was issued for $5000, afterwards on Sept 26, 1894, divided into five $1,000 warrants, and on July 2, 1892, one for $884.30, that said warrants unlawfully were made to bear 8 per cent interest. The complainant alleges that the city had no right to make any such contracts; that it was indebted for $10,000 and that no part was issued to repel invasion or suppress insurrection. That the city was expressly prohibited by statute from creating a debt of over $5,000 except the bonded indebtedness of $75,000 and therefore the warrants were issued unlawfully. The complaint asks for a temporary injunction and a hearing for a perpetual injunction restraining the collection of the warrants set forth.

Weatherford & Wyatt appear as attorneys for plaintiff. The complaint covers over ten pages of type written legal cap, and gives a history of the proceedings providing for the construction of the big bridge. The case is an important one and will be watched with great interest by our citizens.

Corvallis Times: Hon H H Gilfry and wife and two daughters, came out on the Oregon Central Monday and spent the noon hour at the residence of Dr M M Davis. Mr. Gilfry has been for sixteen years the reading clerk of the Unsted States senate. The visit of the family on the coast will continue a month longer. They left by the westside to visit Judge Galloway at McMinnville.

County Judge Magers, of Yamhill county has been fined $50 for killing a Japanese pheasant.

Brevities.

S H Friendly is loading a car with chittim bark for New York City.

Several prominent Oregon City young men have organized an anti-bloomer society. A cheeky lot of dudes probably.

Justin Robert Rice, the "cow boy preacher" and his wife, who visited Eugene a couple of months since, has concluded to leave Portland because people would not turn out to hear them preach. He goes to the Southern states.

Isaac Stern, of the Portland Hebrew News, has been arrested for criminal libel on the charge of one S H Abrahams. We predict that Mr Stern will come out innocent, as we know him to be a first-class gentleman and an honor to his profession.

The Florence stage was crowded with passengers this morning. Among the number were Eli Bangs, George Fisher and G R Chrisman of this city, the Misses Maude and Gertrude Rast, of Roseburg, who went to Acme to visit the family of Dr Saubert and G H Richardson, a tobacco drummer.

We take the following from the Roseburg Plaindealer, concerning a gentleman well known all over Oregon: "Sol Abraham was suddenly taken down yesterday with sort of sinking spells. He had several spasms between yesterday afternoon and midnight. Dr. Coffman was called in and remained with him all night. Mr. Abraham is now resting easy, the symptoms of further attacks growing less frequent and strong hopes are entertained of his recovery soon."

Chemist Shaw, of the Oregon Agricultural Experiment Station, has issued a press bulletin in which he calls attention to the fact that the state is being flooded with circulars offering to sell for $5.00 "family rights" to pay $2.50 for three cents worth of material to be used in making a pound and half of butter out of a pound of butter and half a pound of milk. The Rural Northwest has already described this process and given the formula and its regular readers will none of them be taken in. There are however, some people who "can't afford to take the Rural Northwest" but can afford to pay $5 to learn how to turn good butter and good milk into a compound which looks like butter but is of no market value and, if sold as butter, renders the sellers liable to fine and imprisonment.—Rural Northwest.

WANT THE PLACE.—Corvallis Times: "It is said that Judge Fullerton is overwhelmed with applicants from persons who want to be appointed referee to pass upon the status of claims that hope to participate in the distribution of the $100,000 paid by Bonner & Hammond for the Oregon Pacific. The applicants are old lawyers and young lawyers, lawyers of high and of low degree, long lawyers and short lawyers, and some of them are from persons who are not now nor never have been lawyers at all. Times are hard, and as the job is supposed to be a 'snap' the unemployed and ambitious in the profession, as well as the unprofessional who think they could tend to the thing, are tumbling over each other in the scramble to be asked to hold the inquest over the remains of the dead corporation. In his hour of tribulation, the sympathy of the community is with Judge Fullerton." It is our prediction that a Eugene attorney will be appointed, and he is not scrambling for the job either.

UNWARRANTED ASSAULT.—We learn that a big fellow named Cook jumped on W C Houston at Junction City Monday and beat him up fearfully, without cause or provocation. He then went before the recorder and paid a fine. It appears that someone had threw a rock through a window of a church at that place Sunday evening. Monday Cook met Houston and claimed that the gentleman had said he was the guilty party. To this Mr. Houston replied that it was not true. Then Cook said that "he had a grudge against the Huston family and would get even then and there."
