A story is told of a Eugene married lady who compared her husband to a handsome piano lamp that was presented to her. Her husband felt quite flattered until she mentioned the particulars of the resemblance. "Well," she said, "you know my dear, it has a good deal of brass about it, it is handsome to look at, it is not remarkably brilliant, requires a great deal of attention, is sometimes unsteady on its legs, liable to explode when half full, flares up occasionally, is always out at odd time and is bound to smoke."

KINDNESS, GENTLENESS, LOVE,

Always Command the Respect of the Educated and Refined.

Prof. Gentry with his army of educated ponies and dogs will appear under their tent in this city near the Southern Pacific depot Friday and Saturday nights, Sept. 27 and 28. Matinee Saturday at 2:30 p. m.

One of the secrets of the wonderful success of Prof. Gentry is that he is as kind and gentle to the little beauty Shetlands and dogs as a fond mother is to the children she loves. He has only to tell them what he wants them to do, and it is done. They all seem anxious and willing to perform their parts as any one who might expect to be liberally rewarded. The fact that they so thoroughly enjoy the visit of the audience after each performance and seem disappointed when a visit is not made them. They thoroughly enjoy the sweetmeats and caresses of the ladies and children. Admission: Children, 15 cents; adults, 25 cents.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Nickell Remembers Us.

By this morning's express we received a box of peaches from Jacksonville with the following words written thereon: "Jacksonville, Oregon, vs Willamette Peaches, compliments of Chas. Nickell." We carefully took the cover off of the same and was surprised to see such magnificent specimens of the Southern Oregon peach family, for those which have been shipped here this summer for sale have been of a very inferior quality. The box contained 39 peaches and they tipped the scales at 22 pounds, net weight. Their flavor was also like unto the article raised here. We suppose the following item from that old Southern Oregon religious weekly is the reason the fruit was shipped:

"Bro. Campbell of the Eugene GUARD is known to have a penchant for manipulating wind through his millinery; but the annexed 'whopper' is perfectly overwhelming and entitles him to rank with Baron Munchausen, Eli Perkins and other gentlemen of like versatility: 'Willamette valley peaches are shutting the Southern Oregon product out of the market here. The imported article does not compare with that grown at home.'"

We are now of the opinion that the Willamette valley and Southern Oregon can discount California in raising peaches. This is common ground. Still we think our peaches will pass muster with those sent us. Thanks Charley for the compliment and when you next come to this city 'Just to see Campbell,' we will certainly treat you kindly.

The Goose That Laid Golden Eggs

Ought not to have been slain. Her fate was wholly unmerited. She was a most useful fowl. There are lots of bipeds of our race who don't know half as much as she did. Conspicuous for their folly among this class are the people who persistently dose themselves with violent drugs, which either have a tendency to aggravate the complaints they are claimed to cure, or else to cause a most pernicious disturbance of the system. Among intelligent physicians the use of "drastic" or violent medicines has passed away with other fallacies like blistering and bleeding.

The Doctor Sagrafos are an extinct race, happily for mankind. Hostetter's Stomach Bitters is the best possible substitute for drugs in malarial, dyspeptic or bilious cases, and when the kidneys or bladder are inactive, or where there is a tendency to rheumatism. It is also an unequalled tonic and medicinal stimulant.

DELATED.—Owing to a change of train orders the southbound overland train was waiting in Eugene and the northbound at Creswell this morning, at the same time. The Creswell operator was finally raised and an order sent for the northbound train to come on to Eugene, and the two trains met here, the southbound train having waited one hour at the depot at this station. It was delayed at Portland by the late arrival of the N P train.

Hops Sold.—Wm Miller, who lives a few miles north of this city, this morning, sold to S H Friendly fourteen bales of early hops for six cents per pound. He also purchased another small lot, the party's name being withheld by request, at a similar price.

SHASTA MINERAL WATER.—A large consignment just received at my house in Eugene; try it. It is drawn from the upper soda spring in California and is guaranteed to be pure.
