**THE FOOT RACES.**—Albany Herald: Two foot races took place at the Albany fair grounds track Saturday afternoon. The first was a 75 yard race between Harry Metcalf and Riley Cook, of Brownsville. It was a pretty race and was won by Metcalf by 8 inches. The second was a 50 yard race between Ellsworth Cameron, of Corvallis, and George Givens, of Silverton. It was won easily by Givens. Some interest was taken in this race as it was said to be a "chuck" race, and the stakeholders of wagers refused to give up the money for that reason. A number of well known sprinters were in the city, among them Ray, Chase, Cooley and Eph Cameron.

**THE COMET.**—The weather in the middle of October is unusually warm and the days have almost a summer heat. The unusual temperature is due, so the scientists say, to the presence of a comet somewhere in the neighborhood of the earth. It was such a phenomena, according to Ignatius Donnelly, which marked the year of 1871, when the Chicago fire and other large conflagrations occurred throughout the country.

**THROWN FROM HIS HORSE.**—COTTAGE GROVE, Oct. 20.—E. C. Jennings, a mining expert, was thrown from his horse and severely hurt yesterday evening, about 15 miles from here, on his way to Bohemia. He will soon recover.

**THE Y. P. S. C. E.** of the Christian church will give an autumn social next Saturday evening, Oct. 20, and the public is cordially invited to attend.

Reader, did you ever take SIMMONS' LIVER REGULATOR, the "KING OF LIVER MEDICINES"? Every body needs a liver remedy. It is a sluggish and diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons' Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons' Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

Every package has the Red Z stamp on the wrapper. J. I. Zeilin & Co., Philadelphia.

GETS ONE YEAR.

J. R. Stockman, Manager Red Crown Mills at Albany, Sentenced.

Special to the GUARD.

SALEM, Or, Oct. 21.—J. R. Stockman, manager of the Albany Red Crown roller mills, was sentenced this afternoon to one year in the penitentiary, and costs, by Judge Burnett.

Stockman was convicted last week of removal of wheat from the warehouse at Albany.

**CORRECT YOU ARE!**—Portland Oregonian: "Benson, of the University of California, who is coaching the University of Oregon football team, is getting it in fine form for its struggle on the gridiron for the intercollegiate pennant. The University of Oregon won the medal in the state oratorical contest last winter, the cup in the intercollegiate field day at Salem last June, and it is determined to carry the football pennant of '95 to Eugene, and place it among the trophies if it can be done by hard, scientific playing." Go out and see the game next Saturday afternoon and encourage the boys.

**CHARGED WITH RIOT.**—Florence West, Oct. 18: "Geo. Saunders was arrested Wednesday, charged with rioting assault with a deadly weapon and yesterday was bound over to appear before the grand jury. He failed to deposit the necessary bonds and this afternoon will be taken to the county jail at Eugene by M. J. Hadsall." Saunders was brought to Eugene and today a petition for a writ of habeas corpus was filed with the county clerk. As the county judge is absent the motion has not yet been granted and the prisoner is still in charge of the deputy constable.

Frank and Doc Blanton leave in the morning for Las Vegas, New Mexico, where they will spend the winter. They go by the Union Pacific.

ANOTHER PIONEER GONE.

Matthew Smith, Resident of Smithfield, Dead.

Matthew Smith, of Franklin, Lane county, died at his home of old age at 4 o'clock last evening, October 20, 1895, aged 76 years.

Deceased was a pioneer of Lane county, having come here from Iowa in 1832 and settled on a donation land claim where the village of Franklin now stands. The Smith donation soon became the center of population in that community and took the name of Smithfield. Later, however, when a postoffice was established at that place it was called Franklin, and the village has since gone by that name.

Deceased leaves two daughters and a son to mourn his death, besides numerous other relatives and friends. The funeral services were held this afternoon, the remains being interred in the Inman cemetery.

Thus these noble old pioneers continue to go, and in a few years more not one will be left, but their memory will ever be cherished by the native sons and daughters of Oregon.

An Explanation.

There has been considerable unfavorable comment of late concerning the action of the foot ball management in charging 50 cents admission for next Saturday's game and it might not be out of order for us to justify our course in this matter.

A foot ball game represents an immense expenditure not only of labor but of cash, and this year our expenses have far exceeded those of any preceding year. We are very anxious to win the pennant and have determined to spare nothing which can help us. We have brought a coach from California; our suits have cost us a great deal, and a considerable sum has been expended on the grounds and seats. Besides this twenty-five students have been out for the past three weeks doing the hardest kind of training.

Now there is one thing very certain, namely, we can never come out even on our expenses on a basis of 25 cents admission. So we will have to ask our supporters and friends to stand this extra charge, and to help us in our struggle which means a great deal to our Alma Mater and thence indirectly to Eugene.

C. W. KEENE  
Mgr. U. of O. Foot-ball Team.

Cheap Maps.

There are a few of the maps of Lane county, compiled by Jos. Koch, yet on hand and may be had for the very cheap sum of \$5 by those who apply at once.

These maps are lithographed in the best style, hung on rollers and show every sub-division of surveyed and the unsurveyed land in Lane county. The names of all owners of 80 acres and over are printed on the tracts. The map shows course of all streams and location of towns, postoffices, main county roads, railroads and precincts. They are 5 by 8 feet in size and are printed on cloth.

This is a splendid opportunity to get a cheap map. Heretofore they sold at \$10. The lithographing and mounting alone cost \$6. Those who are acquainted with the reputation of Mr. Koch as a draftsman will guarantee the reliability of the map.

Every school district should have one. Call on or address Kinsey & Norton, or the GUARD office, at which places the maps are for inspection and sale.

**EXCURSION DECLARED OFF.**—The excursion announced to take place tomorrow to the Portland Exposition has been declared off. Mr. Cockerline informs us that the sale of tickets did not justify him in depositing with the railroad company Saturday afternoon \$150 which he was required to do. He had only sold and promised about twenty-five tickets. His commission was fifty cents per ticket. He is out seven or eight dollars in advertising the matter and for necessary expenses.

**WOODMEN'S DAY.**—Saturday, October 20, has been set apart as Woodmen's day at the Portland exposition. The exercises will consist of an oration at the Exposition, musical selections, wood sawing and chopping contests, and other amusing features. Reduced rates of 1 on the S. P., and 1 and 1-5 on the N. P. and O. R. & N. Co., have been secured, also reduced hotel rates will be secured if possible. Visiting Woodmen will be made welcome by the Portland camps.

**IMPORTANT.**—In another column of today's GUARD G. W. Crowell has an important announcement to the public. Read it.

**TO THE MINES.**—Salem Post: Mark Holmes and Arthur Brock left this afternoon for the Holmes ranch in Polk county, where they will fit out for a six weeks' trip to the Bohemia mining district, where Mr. Holmes has a couple of promising locations. Chas. B. Craven will join them the early part of next week and the party will go overland.

**RIVER GAUGE.**—Some one having public spirit should place the water gauge on the pier of the Eugene bridge so as to conform to low water mark. It should be raised about two feet to give a correct reading.

**NOTICE.**—Persons who wish to get their prunes out of the cannery will find the building open on Thursday and Friday of this week.
