Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give the Blanded Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Business Corner Merchandising

teaches the lesson every day in the year of low prices and good values.

After long experience we think this system far more conducive to the attraction and retention of first-class patronage than the too common policy of "Give a prat to catch a better."

We are business building, and aim to win the trust and confidence of the great public by furnishing them every day (not spasmodically) the best goods at the lowest prices. To regular buyers this means a large saving. Thousands of wide awake shoppers have learned this economical way, and every day their ranks receive large accessions. This is worthy of your consideration and thought.

YORAN & SON.

Predicts a Cold Winter.

A gentleman who has lately made an extended trip through Gilliam and Wasco counties, where he is interested in stock, says the people there are preparing for a cold, snowy winter.

The rain of September 15, started up the grass, on the range, so that the sheep are in fine condition. Horses are also looking well, but the grass is short for cattle, and they are only in a fair condition. Every stockman is saving all the feed possible, selling no grain or hay, and stacking all the straw that can be obtained, as they look forward to having to feed for a longer time than usual. They say the signs all point to a hard winter. Prevailing winds have been from the north and northwest which means snow, instead of rain. An old time weather prophet of that region says that in preparation for a cold season, the horses on the range have grown an extra long and thick coat of hair, and the badgers are digging winter burrows on the low lands, while in wet winter they dig them on the hill-sides.

MRS. HOLLENBECK'S RECITAL.—Albany Herald: The entertainment given at the opera house last evening by Mrs. Rose Hollenbeck, pianist, of Eugene, assisted by Miss Estella Comstock, violinist, of Portland, and Miss Eva Simpson, reader, of this city, was keenly enjoyed by the large audience present. The opening number was Rive King's "Grand Paraphrase of Concert," by Mrs. Hollenbeck, which was rendered with brilliant execution and interpretation which could but please the most critical of the audience and proclaim her a finished musician. This, as well as her following numbers won for her the warmest applause of her listeners.
