DR. SMITH'S STORY.

Dr. E. O. Smith has been interviewed by the Oregonian and tells the following story about the discovery of gold in the Santiam. The first excitement was in 1859, a silver craze, and a town sprang up, but went down. In 1860 with Jas. and D. H Smith he began prospecting and in the spring of 1861 reached the present site of Anidem. In 1862 at Salem he dreamed of having his pockets full of gold, and went back and prospected again. Again he dreamed of locating a rich lead. He followed up the dream and knocked off $300 in gold at once, and he located the White Bull. Jerry Driggs was there at the time, also a Scotchman named McDonald. They went to work on Smith's claim, which he called the Driggs, and says they took out $7,000 from top rock. The excitement set in, a road was built in at an expense of $20,000, and a 5-stamp mill put up. It was leased to Salmon Bros., of Portland, who took out $65,000 in gold. The mill was burned in the spring of 1865 or 1866, and after that nothing was done until recently, when the Lawler Co. bonded this and other mines and went to work. Smith received the premium for the first gold found in quartz in the Cascade mountains, consisting of two Indian horses.

St. Helens Mist, Rep: Only a few days ago the Oregonian said any man who favored silver was a populist. In the same paper last Tuesday this statement occurs: "In a year from now, however the presidential election goes, the United States is practically sure to be republican." The Oregonian appears a little inconsistent upon this point. Since that paper has denominated as populists Senators Carter and Mantle of Montana, Teller and Wolcott of Colorado, Perkins of California, Mitchell of Oregon, Squire and Wilson of Washington, Dubois and Shoup of Idaho, and four senators from Wyoming and Utah. These were all elected by the republicans and are still republicans notwithstanding the Oregonan's efforts to read them out of the party. But if the above named senators are populists as claimed by the Oregonian, then in order for the next senate to be republician that party must elect 21 senators from the solid south next year. The Oregonian's statements are as inconsistent as they are ridiculous along this line.

"We wish," says a Colorado editor, to retract our statement made last week that our esteemed fellow-citizen, Hon. Mr. Plumley, never was known to keep his promise. After reading the item in question, Mr. Plumley happened to remember that during the heat of the recent political contest he promised to kick us out to the fair grounds, and he immediately came up to the office and executed his promise. In fact, he not only kicked us all the way out there, but he kept it up most of the way back, and if he had not run out of breath, we think he would have been kicking us yet. Mr. Plumely is a gentleman of his word, cultured and polished, and can kick like an Asiatic elephant.—Tit-Bits.

Salem Post, Rep.: It now begins to look as though Harvey Scott and Grover Cleveland would be the only genuine republicans left on the platform of the single gold standard.

The women are coming to time in good shape. A husband advertised his wife as follows: "Notice—My wife having left my bed and board, I warn all persons from selling her any goods on my account. Alfred Horner, Prospertown, N. J., February 8, 1896." Did she care? Not much. Awhile afterwards the following appeared: Notice—I would inform the public in general, and Alfred Horner in particular, that his credit is in no danger of being offered for sale by me. And as for the bed and board he speaks of my leaving there is a mistake about that, for, from the unfortunate day we married until now, he has never given me either, nor had he them to give. Therefore the matter is Gussie paddles her own canoe. Mrs. Gussie Horner, Prospertown, N. J., February 25, 1896.

Ashland Tidings: The University of Oregon has ordered a Tutthill water wheel to provide power for an electric dynamo and the experimental apparatus. The wheel has been finished and is ready for shipment.

A HARD-WORKING WOMAN

—sooner or later suffers from backache, nervous, worn-out feelings, or a sense of weight in the abdomen, dragging down sensations and dizziness. It will all come to an end with Dr. Pierce's Favorite Prescription for it's woman's special tonic and nervine; it restores her strength, regulates and promotes all the natural functions and makes a new woman of her. Uterine debility, irregularity and inflammation are most often the cause of the extreme nervousness and irritability of some women—the medicine to cure it is the "Prescription" of Dr. Pierce. All the aches, pains and weaknesses of womanhood vanish where it is faithfully employed. Dr. Pierce's Favorite Prescription is therefore just the medicine for young girls just entering womanhood and for women at the critical "change of life."

DR. PIERCE'S FAVORITE PRESCRIPTION

CURES THE WORST CASES.

MRS. CLARK.

Mr. HOMER CLARK, of *No. 208 West 3d Street, Sioux City, Ia.*, writes: "My wife was troubled with female weakness, and ulcers of the uterus. She had been doctoring with every doctor of any good reputation, and had spent lots of money in hospitals, but to no purpose. She continued to get worse. She was greatly prejudiced against patent medicines, but as a last resort we tried a bottle of Dr. Pierce's Favorite Prescription. We had seen some of your advertisements, and Mr. Cummings, a west-side druggist, advised us to try a bottle. We tried it with the following results: The first bottle did her so much good that we bought another, and have continued until she has been cured."
