The Albany Democrat: An Albany man paid his forenoon offered to pay a free silver farmer $217 all in silver. Of course the farmer did not want it. It was done for an argument. The poorest argument it would be possible to present. Had he offered him silver certificates they would have been taken promptly.

Two Lives Saved.

Mrs Phoebe Thomas, of Junction City, Ill, was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr King's New Discovery completely cured her and she says it saved her life. Mr Thomas Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which these are samples that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Henderson & Linn's drug store. Regular size 50c and $1.

Prineville Review: From Wm Wigle, we learn that Joseph Claypool has again come out from Fish Lake to Sisters and he reports all of the new snow gone, but on the other side of the lake there is some 4 feet of snow and on thisside it is all of 8 feet deep, so it will be some time before the mountains are open

The Leader: It is said that a Eugene girl sent fifty cents to an Eastern firm who advertised to sell a beauty recipe for 50 cents. The recipe read: "Mind your mother and stay at home nights." This would certainly make a divine soul and pure heart, and outward beauty would surely follow.

Albany Democrat: Our people have not yet gotten used to the new woman. One arrived in Albany on the Yaquina train this noon, dressed in a knee dress, leggings, man's coat, man's hat, etc. Men said, "What is it?" but the young woman seemed decidedly at home and paid no attention to the numerous stares.

These are the days when the festive candidate assumes his pleasantest expression, grasps you by the hand and inquires about the condition of your business, the health of your family and that of all your wife's relations, and the weather is most favorable for this pleasant vocation. Nature is indeed kind in furnishing such balmy days at the opening of the campaign.

Word was received from Brownsville yesterday that on Sunday afternoon Chester Curtis, a lad seven years old, a son of James Curtis, formerly of Harrisburg, was drowned in the Calapooia river, falling in the stream a short distance above the city and being drawn under a drift after floating down 200 yards or more. There were several boys with him but they could give him no aid.

LECTURE.—Oakland item in Roseburg Plaindealer: "Prof C H Chapman, president of the State University delivered a lecture in Young's hall Saturday evening, to a good audience. Subject, Our State University, illustrated with stereopticon views of the buildings and rooms of the different departments that are carried on for the instruction and benefit of the students and also showing how it is possible for many young men and women to obtain an education with a limited amount of means. Prof Washburn was in company with Prof Chapman and assisted in the lecture by manipulating the lantern slides, which were very interesting. Prof Chapman held divine services at the Presbyterian church, Sunday evening."

ROSEBURG'S SHAME.—Roseburg Review: At the pugilistic entertainment in Co A's armory in this city, Saturday night, there was quite a crowd of sports. Schuyler and Hamlin had a bout, and there were several minor "scraps," one ambitious young man standing up in the ring and slugging with a Chinaman. A local sport got his nose badly flattened out, and a youth from Eugene was hit in the stomach, and had to be carried to his corner. On the whole, the affair was about as disgraceful as could well be imagined, and was not a financial success, we are pleased to learn."

THE RIVER AND HARBOR BILL.—The GUARD has received from Congressman Hermann a copy of the river and harbor bill complete. It shows that $25,000 is appropriated for use at Yaquina with a continuing contract to be paid as appropriations may from time to time be made by law. The amount for the improvement of the Willamette and Yamhill is $20,000, appropriations to be made for improvement not exceeding $200,000 as the work progresses.

FOR DENVER.—Salem Statesman today has this: Editor Moorhead, of the Junction City Times, passed through Salem yesterday, on the Roseburg local, bound for Denver, Colorado, whither he has been called by the sudden and serious illness of his mother.

Lulu S. Matlock.

Miss Lulu S Matlock, daughter of Mayor J D Matlock, passed away at 9:35 o'clock this morning, at the family residence, Eleventh and Charnelton streets, after an illness of about a year and a half, the cause of death being consumption.

Deceased was born at Pleasant Hill, August 24, 1873, and was aged 22 years, 5 months and 27 days at the time of death. She resided at Pleasant Hill until the year 1882, when she came to this city with the family, who have resided here ever since. She has lived here constantly excepting some time spent in visiting in Eastern Oregon and at other places, and has always enjoyed the friendship of all who knew her. Called away while yet in early life her death has struck a blow that casts its shadow of sorrow over a wide circle of relatives and friends and is felt by the entire city in which she has resided for so long a time.

Deceased leaves a father, four brothers and four sisters to mourn her demise, her mother having preceeded her in death. She leaves a large number of relatives in this county, also in Portland and in Crook county, who will feel the greatest sorrow upon learning of her untimely death.

Deceased was a member of the Christian church of this city. The funeral services will be held in that church at 9 a m tomorrow, and will be conducted by Dean E C Sanderson, of the Eugene Divinity School, who will be assisted by Rev Morton L Rose, the pastor of the Christian church. The remains will be taken to the Pleasant Hill cemetery for interment immediately afterwards.

Friends of the family are invited to attend the services.

Business seems to beginning to revive and soon we will hear the hum of industry on every hand.

School is progressing nicely. G W Millam is teaching his sixth term at this place.

Misses Belle, Edna and Fannie Millican are teaching in joining districts below Eugene; William Brock is teaching at McKenzie Bridge; James Donaldson is teaching at Upper Leaburg; Miss Lizzie Vaughan is teaching at Cedar Flat, Miss Hattie Dotson is going to school at Monmouth, and Jake Gochnour left for Portland where he will determine on the business that he will follow this summer. This is the list of Walterville teachers.

WAGONETTE TO PARK.—Will Clark is having upholstered seats made for his spring transfer wagon and expects to establish a passenger route between this city and Merlau's park on Sundays and special occasions during nice weather. The wagon has a neat and serviceable top, and will comfortably seat from 12 to 14 people. The round trip to the park will be made every two hours, and a moderate charge will be made. If the weather remains favorable the first trips will be made next Sunday and the wagonette will start from E D Pool's ice cream parlors.

OFFERED HIM $500.—Albany Democrat: Mr Sam Goin, who was recently in Portland, offered Hermann, the healer, $500 in gold coin if he would cure his deafness as he advertises to do. He said he could, but wanted the money in his hands before hand. The Democrat believes on general principles, without knowing anything about him personally, that he is a first class fake. People should at least be very cautious about dealing with such men. Don't be credulous.

The American Beauty owes her prestige more to a clear complexion than to any other attribute. A cup of Parks' Tea will enable anyone to possess this. It clears the skin and removes pimples and that sallow, muddy look. Parks' Tea is used by thousands of ladies for the complexion. Without being a cathartic it cures constipation. Sold by A. YERINGTON.

City council of Eugene will seriously contemplate an old hen ordinance similar to the one Albany has lately adopted, if you don't fence them up with poultry netting. F L Chambers has all heights at way down prices.

Parks' Cough Syrup cures Coughs, Colds and Consumption. Mrs. Catherine Black of Le Roy, N. Y., says: "I took one bottle of Parks' Cough Syrup. It acted like magic. Stopped my cough and I am perfectly well now." Sold by A. YERINGTON.

COUNTY DIVISION SCHEME.—There is a move on foot in the vicinity of Buena Vista to have a slice of Polk county cut off and annexed to Benton. The people who reside about Buena Vista state that in order to get to the county seat, Dallas, they are obliged to go in a round-about way, that takes time and makes the expense much greater than if they could take the boat and run direct to Corvallis. Dallas, and the people thereabouts, are anxious for this to be done. The reason is that Independence is striving to take the county seat from Dallas. The Corvallis Times says that as the Buena Vista people would like to "do" Independence, they fall in nicely with Dallas. If they succeed in bringing the thing to a successful termination at the next meeting of the legislature, Dallas will be left with the balance of power, and the people of Buena Vista have what they desire. Benton also would be the richer by having acquired an addition of good farming land.

A WHITE DEER.—Oregonian: The citizens of Crook county are much put out on account of the slaying of a white deer, which has been roaming over that section for a number of years, and which was looked upon as a sort of mascot, and which no one would harm, until a short time since one Poindexter wantonly shot it. Such curies are very seldom found, but in story and in song for ages past occasional references are made to a "milk-white doe" or white deer, which is generally supposed to have been a mythical or legendary animal. This white deer of Crook county, however, was no myth, for its snowy hide is now in pickle in a taxidermist's shop in Portland, and Game Protector McGuire is preparing at the request of the people of Crook county, to make big trouble for Poindexter, who killed the animal about February 1, during the season when it is not lawful to shoot deer of any color.

BROWNSVILLE BURGLARY.—The following account is given of a burglary at Brownsville Thursday night: Last night G C Cooley & Co's store, in South Brownsville, was broken into and the safe burglarized, the robbers effecting an entrance by forcing open the front door. They drilled a half inch hole in the door and destroyed the combination, giving them an entrance to the safe. They secured about $100, scattering the books and emptying pocket books and papers out on the floor. A few tools were found under the sidewalk near by, also a coin sack, containing $5, dropped by them at the edge of the sidewalk. They did not molest anything else. There is no clue as yet to the identity of the robbers. They are supposed to be the same persons who blew R N Thompson's safe open about two years ago, as both safes were operated on in the same manner.

IN THE BONEYARD.—The big jig is up with the old steamer Three Sisters of the old O P Co, says the Corvallis Times. During the late high water she was towed out on the river bank below town, and she is to be dismantled. Her hull had become so decayed and leaky that the company decided that her day of usefullness was over. The work of taking out her machinery and other useful parts will be commenced in a few days. The Sisters was built by the O P Co, in the year 1887. She was in length shorter originally than now, and not long after her completion she was taken back to the yards and given an additional fifty feet of hull. In her time the craft did much useful service on the river, but her ghost has followed into the boneyard the spirit of the railroad company that so long operated her.
