THE SCHUBERTS.—The musical program which will be rendered at the opera house Saturday night by the Schuberts will be something highly classical and will be thoroughly appreciated by music lovers of Eugene. The Rochester Herald has the following to say about this celebrated company: "In the whole range of musical organizations of the county, there is none superior to the Schuberts, and Rochester has yet to hear its equal, by a long way. In absolute perfection of tone-blending, in delicacy of effects, in purity of quality and artistic finish, this quartette is superlative to the last degree and simply unapproachable. In a program of such marked uniformity of excellence, one hesitates to name the best rendered selection of the evening, finding it far easier to say that each number was the best until the next was heard. One cannot but wonder, however, whether a piece of music has ever been written that would sound unmusical when rendered by the Schuberts."

RUNNING DAY AND NIGHT.—The Eugene flour mill is now running day and night in order to supply the demand for flour. The demand is principally local, though the company shipped a carload of flour to Woodland, California, last Monday and expects to ship another carload in a few days. The company has just recently changed the brand on its sacks. They now read: "Eugene Mills, white flour, manufactured by Eugene Mill and Elevator Company, Eugene Oregon." At the bottom of the sack are the words, "White Star," and on the center of the sack is a design of a large star. All flour manufactured by the company will hereafter go by the name of "White Star." The company has 50 head of fat hogs at the mill which they are unable to realize anything upon at present prices.

Bloodfield Carriage Drive

Tomorrow afternoon will be a regular holiday for the people of Eugene as it is the occasion of Prof. Tyndall's bloodfield carriage drive through the streets of the city. A committee of prominent citizens will be chosen to give the Professor's work the closest scrutiny. Two will remain with him in the Hoffman House while the others drive away in the cab and secrete some article—a pin, knife or other object—in any part of the city and then return to the hotel. Prof. Tyndall will come forth blindfolded, mount the carriage accompanied by the committee, take the reins and drive over the route previously taken by the parties who secreted the article and find it. It will be a grand intellectual treat, free to all, and the ladies and clergymen of the city are especially invited to witness the feat.

In the evening a grand demonstration of mind reading and hypnotism will be given at the opera house, which will be the most unique, novel and edifying entertainment ever given in this city. Admission 25 and 15 cents.

It needs "no ghost to come and tell us" that the common dyspepsia is remedied, the sooner we shall enjoy that right to which our ancestors laid claim in the Declaration of Independence—"the pursuit of happiness." A man blessed with a good digestion—provided he has enough to eat—is happy. There are hosts of people with ample means to whom the sole consolation of a healthy pauper is denied. Hostetter's Stomach Bitters is a certain, prompt and thorough medicinal agent through the use of which sound digestion, and the nerve tranquility which its disturbance causes, can be recovered. Biliousness, indigestion and kidney trouble, constipation and rheumatism are also remedied by this corrective of a disordered condition of the system. Appetite and sleep are greatly improved by it.

TO RECOVER MONEY.—George and Edward Bailey have commenced suit against W. J. Dingis et al, heirs at law of P. P. Severance, deceased, to recover money on a promissory note in the sum of \$2100, with interest at 10 per cent till paid and the further sum of \$150 attorney's fees.

FOR SALE.—3 roomed cottage, 35 cords wood. What offers? Also tables, carpets, heating stoves, and some stable and garden tools. Apply to R. J. Peurice, river road.

NEW POTATOES.—L. Simons dug several hills of new potatoes in his garden last evening. A number of them were as large as hen's eggs.
