MONDAY, - - JUNE 1, 1896.

If Portland escapes today and tonight without a batch of free fights she will be in luck.

If the republicans lose the fight in Lane county today it will not be through lack of campaign money.

The cross mark before the candidate's name is an improvement over the old way of erasing in voting.

University commencement exercises have been lost sight of by the public during the political contest. They commence June 14.

In our issue of tomorrow evening we hope to be able to inform our readers as to the result of the election, at least as far as Lane county is concerned.

The wife of Senator-elect Foraker of Ohio, and her three daughters, are enthusiasts on the bicycle. They will take their wheels with them to Washington when the senator's official term begins.

Last week, two messages were transmitted by telegraph, around the globe in four minutes. The prophecy of Morse has come true. Half a century ago, he said "if it will go ten miles without stopping, I can make it go around the globe."

Miss Jane Stone, a Philadelphia girl has gone into the oil business in the newly discovered petroleum fields in Tennessee. She makes her own leases. It is her purpose to drill ten wells before fall, and she has contracted for 100,000 feet of lumber for her derricks.

Now the election is over our citizens should make a united pull for a successful Fourth of July celebration. The committee has funds enough to give unusual entertainment to those who attend, but we want people here from all portions of the county. Talk it up with your outside friends and customers.

Quiet election today. The Australian ballot system discourages pulling and hauling about of weak minded voters. Then, too, if a voter is paid for his vote the buyer has no certainty that the goods have been delivered. It is a wholesome law contemplated to preserve the purity of the ballot.

A monopoly that puts up prices is the oil trust. Fifty million dollars represents the value of the petroleum sent abroad during the past 10 months, an enormous increase of \$12,000,000 over a year ago, almost exclusively in refined burning oil. In bulk, however, last year's business was the greater. The increased value comes from the higher price, which in turn is largely the result of manipulation some months ago. The average export price of 573 million gallons was 6.8c against 4.4c a year ago; and yet some people insist that monopoly serves to reduce the price.

A fourfold increase is the record in corn exports the past 10 months. These amounted to the enormous total of 77,303,000 bushels against 18,270,000 bushels a year ago, the increase being due almost exclusively to the very low prices. There is some compensation, however,

The big export trade not only offers support to home values but it is to be hoped these enormous takings will more rapidly acquaint western Europe with the merits of American maize and stimulate the legitimate trade in this for all time to come. Exports of oats are even more remarkable, amounting to 5,639,000 bushels for 10 months, or 13 times as much as a year earlier.

The political fight of the state is finished so far as local affairs are concerned. We predict, however, that as a result of the agitation of the last two months the issue of the national campaign will be for or against free coinage of silver. The result of the nominating conventions will be awaited with interest. McKinley will be nominated by republicans on a straddle platform. It looks as if the democratic national convention would be controlled by the silver element. If so, the nomination of such a man as Boies, of Iowa, or Bland of Missouri, would consolidate the friends of silver all over the country. It would insure the solid south, and probably enough western and middle states to secure his election.

Cottage Grove-Lematt Items.

Leader, May 30.

Mrs L. Lurch started to Philadelphia last Sunday. That being her former home she expects to make quite an extended visit.

A telephone is being put up from L. Lurch's store to J. L. Jones' saw mill eight miles from here in the mountains. This will be very handy in the way of business.

The Catholic church in Cottage Grove has been sided up, the roof placed on and is ready for the paint brush. The building will be neat and pretty.

It is with pleasure that we announce the re-engagement of Prof W. H. Powell, principal of the public school here again this year, with the assistance of Mrs. Belle Sutton, and Misses Rosa Hanson and Lottie White.

The first load of brick was placed on the ground for the new brick block of Eakin & Bristow on their lots in Cottage Grove, Tuesday. This is the beginning of a magnificent improvement. May the good work continue.

Married, at the residence of the bride's parents in Cottage Grove Or., Rev M O Brink officiating, William L. Veatch and Miss Delilah P. Morse, two of our most estimable young people, were on the 28th day of May, 1896, united in the holy bonds of wedlock.

A disinterested and clear-headed judge doesn't allow himself to be biased by prejudice. Superstition doesn't affect his decisions. Mere tradition has no place in his reasoning. Facts are the only things which he considers. If the intelligent men and women who make up this great country of ours will simply bring their reason and common-sense to bear on the problem of curing their sickness, we will soon be a nation free from disease and long life.

Most remarkable for health and longevity. The plain, unadorned facts about Dr. Pierce's Golden Medical Discovery are all that is necessary to convince fair-minded people of its transcendent merit. They are as follows:

All diseases come from germs. The germs get into the blood, propagate and increase in the blood, which carries them all over the body. When they find a weak spot, they stick to the weak spot. It becomes a diseased spot, and the disease is called by the name corresponding to its location in the body. The cause is the same for nearly all diseases. All impurities are germs, or bred germs. Impure blood means germ filled blood. Kill the germs, eliminate the impurities, enrich the blood, and it will force itself into the diseased spot and strengthen it, and give it power to throw off the germs that exist there. Dr. Pierce's Golden Medical Discovery is designed to do this—that is the theory. The facts are these—tens of thousands of people have used the "Discovery." It is used to be sold with the understanding that if it didn't cure, it should be returned, and the money refunded. Nobody ever asked for the money, and so that clause was dropped. Thousands of people have written voluntary letters of thanks to its discoverer. A few of these letters have been included in Dr. Pierce's great thousand page book, Common Sense Medical Adviser. It will be sent absolutely free on receipt of at one-cent stamps to pay for mailing only. Address with stamps, World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

Summons.

In the Circuit Court of the State of Oregon for the County of Lane
Eula B. Lonsberry, Plaintiff,
vs.
Mathew Lonsberry Defendant.

To Mathew Lonsberry, the above named defendant:
In the name of the State of Oregon: You are hereby required to appear and answer the complaint filed against you in the above entitled court on or before the 8th day of June, 1896, that being the first day of the next regular term of the above entitled court to be held in Lane County, Oregon; and if you fail so to appear and answer, for want thereof, plaintiff will take decree dissolving the bonds of matrimony now existing between plaintiff and defendant, and for the care and custody of the minor children mentioned in complaint, and for such other relief as to the court may appear equitable and just.

This summons is published in the EUGENE GUARD by order of the Honorable J. C. Fullerton, Judge of the above entitled Court, made at Chambers on the 21st day of April, 1896.
Dated this 23d of April, 1896.
