A THRILLING EXPERIENCE.

They Know a Good Thing—The Influence of Talent.

A prominent citizen of Eugene on his way to Cottage Grove yesterday met a back load of people driving in a dead run. The horses were foaming with perspiration and plunging furiously. Thinking the horses were running away or that the occupants of the back were escaping from some jail, they were stopped and asked where they were from and where in the world they were going. In an excited tone of voice the driver replied that they had been on the road for forty-eight hours and were going to Eugene to see the play "Virginius," to be given at the opera house Monday night. "Where can we get tickets? Are they all gone?" "No," said the citizen, "but when I left town they were going like hot cakes. Go direct to Henderson & Linn's. If any are left you can get them for 35c and 50c. The talent represented in the cast of this play is enough to bring every man in the county to Eugene Monday."

Deafness Cannot Be Cured. by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O. The Fabred Giant, Atlas. Was said to have supported the world upon his shoulders. If so, he must have been a decidedly muscular individual. We can't all be muscular, but we can enjoy a fair medium of physical vigor if, when that vigor is denied us by nature, we supplement her deficit by an appeal to the national tonic, Hostetler's Stomach Bitters, which reinstates digestion upon a permanent basis, remedies nervousness, biliousness, and constipation, and overcomes rheumatic and kidney troubles. It also counteracts the poison of malaria in air or water, and reverts exhausted energy when impaired by unusual bodily or mental fatigue. The aged, infirm and convalescent have no more potent and thorough helper than this justly popular invigorant, with a successful record of nearly half a century.

OLD TIME CIRCUS.—Salem Journal: The old-timer says the circus today is a very good show, but nothing like what they used to see in Oregon 20 or 30 years ago. "In them days a circus was the biggest thing on earth. We couldn't hold a state fair at Salem and get a crowd without a circus. Money was plenty, and there were not so many ways to spend it. We had no state militia, but all were safe and happy. People packed up and camped right along with the circus a week at a time, and 'tended the show twice a day, besides taking in the side shows and lemonade stands, between times. Talk about spending money to get Eastern immigration and bring people to Salem! What we want to make Salem a live town, is to hire a circus to stay here all the time." And the old timer sighed hard.
