One leading cause of malaria and fever is the foul condition of kitchen sinks and waste pipes, as soap will not deodorize them. The only thing that will cleanse such places is pure caustic, which can be obtained at the grocers and labeled Red Seal Lye. Is fine granulated, in large sifting top cans, handy to use and absolutely pure.

AX BILLY.

LAWN PARTY.—Misses Lizzie Griffin and Mabel Wheeler entertained a number of their friends on the beautiful lawn at the home of Mr and Mrs G. P. Griffin on Fifth and Lawrence streets last evening. The lawn was prettily decorated with Chinese lanterns and conveniently arranged with hammocks and seats. The early part of the evening was spent in pleasant conversation and games. The game of the evening was "Literary Leaves," and was played progressively. The gentlemen matched quaint little figures of maids and youths to secure partners to begin the game. Four prizes were given. The ladies' first prize was won by Miss Pankhurst; the gentlemen's first prize by Mr Warner Brown; the ladies' booby was won by Miss Mount and the gentlemen's booby by Mr Frazer. After the games were played delightful refreshments were served, and the evening altogether was a most pleasant one. Among those present were the following: Misses Ellen, Daisy and Cecile Loomis, Bessie Pankhurst, Emma and Jennie Wold, Mabel McCann, Maude Denmore, Hattie and Blanche Taylor, Flora and Mabel Wheeler, Helen Mount, Lizzie Griffin, Clara Pengra and Mary Thompson; Messrs Warner Brown, C. Stalker, Chas and Will McClure, Frank Wilkins, A. W. Livermore, R. S. Huston, Stuart Hanna, G. W. and Chas Griffin, Geo. Frazer, Jr.; Rev and Mrs Brooks, Mr and Mrs McMurphy, Mr and Mrs Wheeler.

For Newport.—At its meeting last night Company C, O. N. G. of this city voted \$150 out of its private fund for the expenses of the encampment at Newport from August 14th to the 24th. About 25 men will go from here. They will get one-half fare over the S. P. line to Albany and from Albany to Newport they will get free transportation over the O. C. & E's line. The matter of completing preliminary arrangements for the encampment was left in the hands of Captain Moon.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, O. Sold by druggists.

 TRADE MARK

DOUBLE BIRTHDAY PARTY.—Misses Elma Hendricks and Clara Evenson having each respectively reached the 15th and 16th milestones in the journey of life yesterday, they decided to celebrate the occasion by entertaining a number of their friends, which they did last evening on the lawn of Mr and Mrs S. Holloway at Thirteenth and Hilyard streets, it being the home of Miss Hendricks. The time was very pleasantly spent in social games, conversation, etc., until a late hour when ice cream and cake were served to the guests after which all repaired to their homes, wishing their young hostesses many happy returns of the day. Miss Hendricks and Miss Evenson were both the recipients of many pretty presents. The names of the young people who had the privilege of being present at this delightful affair are as follows: Misses Amy Dunn, Lottie Waller, Mertie Auten, Nettie Burr, Agnes Harris, Ermine Church, Ermine Thompson, Lena Blair, Rena Applegate, Florence Burnett, Anna Awbrey, Grace Mount, Ruby Hendricks, Edna Burnett, Ina Craig, May Kinsey, Pearl Luckey, Jennie Park, Winnie Smith, Ada Mathews, Hattie Patterson, Beulah Wood, Lola Howe, Libbie Howe, Cecile Adams, Mabel Cluer, Camille Carroll, Norma Hendricks, Nina Wilkins, Mabel Miller, Clara Evenson, Elma Hendricks, Laura Burnett, Ida Evenson, Margaret Hollenbeck; Messrs Ralph Adams, Harry Miller, Chas Miller, John Patterson, Fay Howe, Gregory Ziegler, Ellsworth Hanna, Arthur Frazer, Harvey Denmore, Dale Harrison, Wayne Osburn, Jesse Lawrence, M. C. Harris and H. E. Burnett.

FUNERAL SERVICES.—The funeral services of the late Mrs. Needy were held at the U. B. church at 9 a. m. today. The services were attended by a large number of friends of the family, the church being well filled with people. The floral decorations were very pretty. A mound of roses and ferns and a beautiful wreath lay upon the coffin. The sermon was preached by Bishop J. S. Mills, of the U. B. church, who was assisted in the opening exercises by Rev. M. L. Rose of the Christian church and Rev. W. S. Gilbert of the First Presbyterian church. After the services were concluded, the remains were conveyed to the 11:20 a. m. train for shipment East, where they will be interred in the family cemetery at Harrison, Ohio. The remains were accompanied by Rev. Needy, who will probably remain in the East a few weeks.

THE BILLINGTON CASE.—The case of Dr. C. Billington, arrested on complaint of H. W. Douglas on the charge of malpractice, came up for hearing in Justice Wheeler's court at 2 o'clock this afternoon. Special Deputy Prosecuting Attorney J. M. Williams appeared for the prosecution and Attorney I. Bilyeu for the defense. The defense filed a demurrer to the charge and the attorneys spent the most of the afternoon arguing the cause for a demurrer.

Motion of demurrer was sustained, on the ground that the complaint did not state upon whom the practice had been made. A new complaint will probably be filed.

SNAG BOAT CORVALLIS.—J. W. Jacobs, an inspecting officer of the U. S. army, arrived here this afternoon and immediately thereafter, in company with Capt. H. L. Hatch, went down the river to view the wreck of the U. S. snag boat Corvallis. The boat, machinery, etc., will probably be ordered sold at auction to the highest bidder.

The diphtheria cases are still improving.

Not in It.—We are not in it with the hot spell in California during June and July, 1859, when horses had to be drenched with sweet oil so they could swallow water, and birds invaded the bar rooms and hunted up the water pitchers to quench their parched throats. These occurrences are said to have happened in the lower end of the San Joaquin valley, while at Santa Barbara the extreme heat killed birds, rabbits, calves, etc. At least that is the newspaper record of June, 1859, so says the Sacramento Record-Union.

The Prostrating Shocks
 Of malarial fever are not to be counteracted by quinine with any degree of certainty, or for any length of time. The eradication and prevention of disease of a miasmatic type are, however, ascertained possibilities. Long experience has shown that there is infinitely more preventive efficacy in the fine botanic medicine, Hostetter's Stomach Bitters, than in the alkaloids, drugs and poisons which were formerly the only recognized means of removing and anticipating attacks of fever and ague and bilious remittent. When the system has been depleted by periodical recurring paroxysms, this accessible restorative renews the fund of energy, and is not only a positive specific, but repairs the damage to the general health induced by all febrile complaints partaking of the malarial character.

Ell Hill, Lumber City, Pa., writes: "I have been suffering from piles for 25 years and thought my case incurable. DeWitt's Witch Hazel Salve was recommended to me as a pile cure, so I bought a box and it performed a permanent cure." This is only one of thousands of similar cures. Eczema, sores and skin diseases yield quickly when it is used.
