Somebody has figured it out that the boy who saves a cent a day will find himself possessor of \$950 when he has reached his fifteenth year. Should he lay by ten cents every day he will have a fortune of \$9,500, and by saving a dollar every day the sum of \$95,051 will accumulate in fifty years provided the savings have drawn six per cent. Boys, think the matter over seriously.

I've a secret in my heart,

Colleges that are embarrassed for the want of funds may find it profitable to invest in a football team. The annual report of the Yale football association shows that the total receipts of the team for the season amounted to \$20,272.75, and after all expenses were met a balance of \$9,302.15 remained in the treasury.

One leading cause of malaria and fever is the foul condition of kitchen sinks and waste pipes, as soap will not deodorize them. The only thing that will cleanse such places is pure caustic, which can be obtained at the grocers and labeled Red Seal Lye. Is fine granulated, in large sifting top cans, handy to use and absolutely pure.

HALL & SON.

The careless camper who leaves his fire burning when he moves his camp and the fellows who set out fires to see them burn, is abroad in the land, and as a consequence thousands of dollars worth of timber is being destroyed to say nothing of the discomfort and menace to health of breathing an atmosphere filled with smoke. The law covering such cases should be strictly enforced.

It is the same old story and yet constantly recurring that Simmons Liver Regulator is the best family medicine. "We have used it in our family for 8 years and find it the best medicine we ever used. We think there is no such medicine as Simmons Liver Regulator."—Mrs M. E. S. Addington, Franklin, N. C. "Each member of our family uses it as occasion requires."—W. B. Smith, Mt Vernon, Ky.

THE DIVINITY SCHOOL.—Today's Salem Statesman: Dean E. C. Sanderson, of the divinity school of Eugene, passed through Salem yesterday afternoon on his way to Eastern Oregon where he will spend two weeks in the interest of his school. Rev. Sanderson states that the outlook for his institution is far more hopeful than ever and that he expects the next year to be a very prosperous one for his work. A half block of land, adjoining the University of Oregon grounds at Eugene, lying between the state property and the city, has been purchased and in time suitable buildings will be erected thereon, and the school made a permanent institution.

ENDEAVOR ELECTION.—The Y P S C E, of the U B church, held its regular monthly business meeting and semi-annual election at the church last evening. The regular routine business was transacted. A committee was appointed to draft resolutions of respect to the memory of the late Mrs Geo D Needy, who held the office of vice-president of the society. The election resulted as follows: President, Miss Jessie Livermore; vice president, Miss Maggie Luckey; secretary, Miss Andry Close; corresponding secretary, Miss Ione Ziegler; treasurer, C. D. Edwards; chorister, Miss Nora Luckey; organist, Miss Elma Hendricks.

What Constitutes a Family Medicine?

A preparation which is adapted to the relief and cures ailments to which members of a household are most subject, and which is not only alleged to do this, but has long and unflinching proved its ability to do it, is deemed to deserve the title of a reliable Family Medicine. Among time-honored preparations, whose experience and the sanction of the medical profession indicate as deserving of popular regard and confidence, is Hostetter's stomach bitters, a medicine adapted to the eradication of dyspepsia, constipation and biliousness, the three most frequent occurring ailments that vex mankind. Derived from a botanical percentage, it is efficient as well as pure and wholesome. It relieves nervous disquietude and is especially of the kidneys and counteracts a tendency to rheumatism. For relieving flagging strength and improving appetite it is implicitly relied upon. Fever and ague, rheumatism and debility are remedied by it.

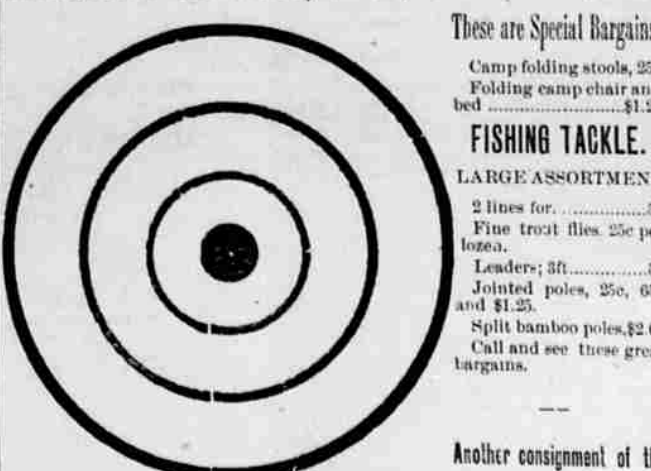

TRIOLE AT COTTAGE GROVE.—John Ulrich was given an examination before Justice Medley at Cottage Grove last evening on a charge of stealing a horse from John Hull. The evidence failed to bear out the prosecution and the defendant was discharged. The defendant then had the prosecuting witness arrested on the charge of assault and battery. The latter's trial has not been held yet.

PLANT ESTABLISHED.—Mr C. R. Bonney, recently of Salem, has his new soda works plant in position in the Hale row and will begin bottling next Monday. He makes a long list of drinks; in fact almost any kind of temperate drink imaginable. Mr Bonney's family have arrived and they have taken up their residence in the McCornack house at Sixth and Charnelton streets.

A DELIGHTFUL RAIN.—An unexpected rain fell at an early hour this morning laying the dust and cleaning up the atmosphere. This is the first rain storm since June. It looks as if we might get a shower or two more before it cleared up.

COLLIDED WITH A COW.—Cottage Grove-Lemah Leader: A meek-eyed bovine brought destruction to a wheel and despair to the hearts of a couple of riders from Eugene the other day. Messrs G. W. Griffin and L. D. Alexander took a spin to our town upon a handsome tandem, and while wheeling along one of the bypaths in the southern suburbs, they came across a cow quietly browsing by the path, and the boys thought that they would glide gently by her, but just as they came about opposite her she took a notion to cross over to the other side of the path, and in attempting to do so stepped into the front wheel and broke it badly. The boys tumbled up in a heap and the cow passed on unconscious of the damage she had done. The rim of the wheel was badly broken, the fork of the forward wheel bent at nearly right angles and the pedals strained and bent, and there was no alternative but pick up their mount and carry it to a hotel and wait for the first train home. The wheel is nearly new and a very handsome one, but the well meaning cow, for the time being, spoiled its beauty and destroyed its usefulness.

WHITE CROWS.—Cottage Grove Leader: Frank Veatch has captured some curious freaks of nature in the shape of two white crows. One day he noticed two white and two black birds, just able to leave their nest, and upon catching and examining them decided that they were all crows of one family. The white ones are as white as snow and the black ones black as tar. The feet, legs and beaks of the white ones are white and their eyes are blue. Mr Veatch has caged and will raise them as curiosities.

THE ROOF FELL.—The Cottage Grove Leader: Three little children of Mr Zink's, above Latham, while playing on the roof of an old wood house, the building fell and the children were all more or less injured. One had his arm broken, another had its under lip torn down to the chin, and the other laid unconscious for several hours. Dr Snapp was called to attend them and the last accounts report them improving.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dread-d disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
