One leading cause of malaria and fever is the foul condition of kitchen sinks and waste pipes, as soap will not deodorize them. MCKENZIE ROAD.—A committee from the upper McKenzie is passing around a subscripton paper asking for money to improve the road on the summit of the mountain. It is quite important that this road be placed in excellent condition, as much trade will be brought to this city by such improvement. About four miles of the road is reported to be in an exceedingly bad condition.

BICYCLE THIEF.—The justice of the peace of Cottage Grove has notified Deputy Prosecuting Attorney Harris that a party has been arrested at that place for the theft of a bicycle and that the trial was set for tomorrow morning at 10 o'clock in that city. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

FROM COBURG.—J C Goodale informs us that he will commence sawing on his 1,000,000 ft Eastern lumber contract next Monday. He has just received 350,000 feet of logs from the Mohawk and will soon have in his boom 4,000,000 from the upper McKenzie.

The militia company, 25 strong, will leave for Newport tomorrow morning.

HAMMOND'S BARGAIN. — Tunnel No 1 on the old Oregon Pacific railroad, between Corvallis and Yaquina cost $75,000. It is about 900 feet in length and is on a ten per cent grade, the west entrance being much lower than the entrance nearest the summit. It required a million and a half feet of lumber to timber this tunnel and build the high bridge at the west end. Tunnel No 2 is 450 feet in length and No 3 is about 800 feet. With $75,000 as the cost of digging a single tunnel the reader by the comparison is easily able to comprehend how small was the price that Bonner & Hammond paid for this railroad that within a distance of less than 20 miles crosses Mary's river not less than 20 times. Especially if the $25,000 received from the sale of the steamer Willamette Valley be acquired by them, and the purchase price be, thus reduced to $77,000 or only $2,000 more than the cost of the one tunnel.

Those Useful Conduits.

The kidneys and bladder, sometimes become torpid and weak from unascertainable causes. When this occurs their discharging functions is of necessity very imperfectly performed, and certain debris, which is the result of natural bodily waste and decay, does not escape as it should, but remains to corrupt the blood and develope poisonous humors and dangerous as well as painful diseases. It is one of the beneficent effects of Hostetters Stomach Bitters to gently stimulate the urinary organs, and prevent them from lapsing into a state of inactivity, always provocative of their inflamatory degeneration and decay. How much better, then, is it to adopt this mild diuretic as a means of inciting them to action, than to incure the danger of destruction. To expel from the system waste matter through the bowels and kidneys and to regulate and arouse the stomach and liver, are among the chief uses of this valuable remedy.

TWO INDIANS DIVORCED.—Pendleton Tribune: Judge Lowell yesterday granted Mary Hoit Soot a decree of divorce from Jack Hoit Soot upon the grounds of habitual drunkenness. The Chicago Tribune of Sunday last has a gossipy letter from Paris, in which appears the following paragraph: "The Duchess Rochefoucauld formerly Miss Mattie Mitchell, daughter of Senator Mitchell, of Oregon, brought $300,000 with her from France. She has grown quite stout, and though she generally goes about alone, she is jolly and has rather a good time of it. But the Duchess' title has such a prestige in France that people are bound to accord a certain amount of deference to the Duchess de la Rochefoucauld."

We might tell you more about One Minute Cough Cure, but you probably know that it cures a cough. Every one does who has used it. It is a perfect remedy for coughs, colds, hoarseness. It is an especial favorite for children, being pleasant to take and quick in curing.

D W Fuller, of Canajoharie, N Y., says that he always keeps Dr King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it if procurable. G A Dykeman, druggist, Catskill, N Y, says that Dr King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Henderson & Linn's drug store. Regular size 50 cents and $1.00.

FISH SCHOOL OPENED.—The Tidings says: A great many beautiful salmon have been coming up Rogue river during the past week. They come in schools of from 5 to 100 and can be seen from the bridge at Grant's Pass at almost any time in the day. The shadows from the bridge in the water stop the fish and they make a circle and go back, only to try it again and they soon get up courage to make the run through. People with spears stand on the bridge and catch one occasionally, but wound more than they take out. Some parties go out at night with a gill net and make good hauls, bringing in one and two hundred pounds per night.

James Stewart, a prominent sheep raiser of Sherman county, and one of those who were arrested for ranging their sheep on the Cascade timber reserve, estimates that if the reserve is closed to sheepmen, it will force from one-half to two-thirds of those engaged in that industry in Wasco and Sherman counties out of business. His estimates are no doubt true, and when such statements are brought to the attention of Oregon's delegation in congress, they ought certainly to heed them, and exert their efforts to getting an order issued throwing the reserve open.

A dispatch from Salem under date of the 12th says: "The supreme court today adjourned for an indefinite time. Justice Bean left 10 days ago, and is spending a vacation at his mother's home, at Mapleton. Justice Wolverton will leave for the seaside, in the vicinity of Newport, in a few days. Chief Justice Moore has not yet decided upon a vacation trip. The probabilities are the recess will be a short one."

It would be hard to convince a man suffering from billous colic that his agony is due to a microbe with an unpronouncable name. But one dose of DeWitt's Colic and Cholera Cure will convince him of its power to afford instant relief. It kills pain.
