Of all the recent inventions pertaining to bicycles there is one that is simply charming. It is an arrangement whereby the same power which drives the bicycle also sets in motion a music-box which is attached to the machine. The music-box is attached to the front forks and the operation is carried on by means of a cord passing over a small pulley in the box and one of larger size fastened to the spokes.

Eli Hill, Lumber City, Pa., writes: "I have been suffering from piles for 25 years and thought my case incurable. DeWitt's Witch Hazel Salve was recommended to me as a pile cure, so I bought a box and it performed a permanent cure." This is only one of thousands of similar cures. Eczema, sores and skin diseases yield quickly when it is used.

A good story is told and vouched for concerning a certain society woman of Buffalo, who concluded for some unknown reason to take a cottage in the country this year, and more than that to take a hand in housekeeping herself. She had friends who had a country home near by, and as an appendage to their estate, a number of fine Jersey cows. As a special favor the society woman asked to be supplied with milk, for she had heard so much of Jersey milk. The favor was granted and all went well for seven days and then the owners of the country house and the cows were informed they need not take the trouble any longer, for after the milk had stood awhile it was covered with a thick, yellow stuff on top and had to be thrown out.

WAS INSURED.—Mr S R Williams, agent, has returned, and states that the barn burned Wednesday night was owned by Geo H Colter, of Glenada, and was insured in the American Central of St Louis for $300.

Right and Left

Paralyzing blows have been dealt at disease by the great tonic and regulator, Hostetter's Stomach Bitters. Fever and ague, general debility, rheumatism, nervous ailments, constipation and dyspepsia, are among the maladies for which experience has proved it a specific. Its work is thorough, its effects are prompt. It is not, however, advertised to produce immediate cures, though it affords speedy relief, and will, if given a reasonable trial, such as any standard remedy deserves, root out the maladies to which it is adapted. In emergencies arising in families, it is particularly serviceable, and it is esteemed throughout the land as a medicine of comprehensive uses, wholesome vegetable composition and unobjectionable flavor. It has risen to popularity by purely legitimate means, and only well substantiated facts are alleged in regard to it. Use it systematically.

GALLERY CHANGES HANDS.—C L Winter has closed a contract with C A Bushnell recently of Ellensburg, Wash, and that gentlemon now has possession of the Winter Photo gallery. Mr Bushnell comes recommended as a first class artist. He is well known here, having been raised just across the river north of the city where his parents now reside. Mr Winter has not fully decided upon his future course and for a time at least will make his headquarters at the old stand.

Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St. Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Keil, 678 Selby Ave., St. Paul, Minn. For sale by Osburn & Delano.

TOO LATE.—A Norwegian applied at the county clerk's office today to announce his intention of becoming an American citizen. He said he had concluded he wanted to vote for Bryan, but was informed that he could not do so unless he had filed his intention a year ago.

Harry Watkins, of Hillsdale, Multnomah county, filed his acceptance of the nomination of presidential elector on the populist ticket with Secretary of State Kincaid yesterday afternoon.

BORN.—In this city, Aug. 18, 1896, to the wife of Geo. Burbach, a son.

MUST PAY OR NOTES.

Taxpayers Who are Trying to Dodge the Law Neatly Caught.

D P Burton is doing all in his power to assess all assessable property. Before begining work on the '96 tax roll he had his deputies to go through the mortgage record books and ascertain all mortgages which showed that notes existed that had not been given by the owners when the assessor was making his rounds. The result of their work shows that there are $140,000 in notes owned by resident taxpayers that have not been given to the assessor as required by law. The names of the owners were obtained and they have been notified by mail of the deficiency. As a result the assessor's office has been flooded with callers the past few days, many anxious to explain and others indignant because they have been apprehended in this manner.

Of course some mistakes have been discovered, as for instance a mortgage in one persons name might be assessed to another. Then again a transfer might have been made and some delay experienced in having it recorded. At any rate about $15,000 of the $140,000 worth of unassessed notes have been placed on the roll so far and it is thought that at least $50,000 or $60,000 of the amount will be secured.

This is quite an item and will be considerable of a saving to the poorer class of taxpayers who own no notes.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

HISTORICAL SERPENT.—Norris, Jacobs and Pracht, who returned from Crater Lake yesterday say that parties who are stopping at the lake and preparing to receive the Mazama excursionists, report that they saw the historical serpent in the lake the other day. A party were engaged in rolling rocks down the mountain side and a boulder plunging into the water roused the serpent, which swam rapidly toward the island but soon disappeared beneath the water. However the reappearance of the serpent need not deter intending visitors as his serpentship has never yet been seen except at long range.—Tidings.
