Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Osburn & DeLano.

MORE SPEAKING.

Judge Crowell and Wm M Colvig Will Speak in Eugene.

Judge Crowell will speak in Eugen on Tuesday, October 20th at 7 p m.

Hon Wm M Colvig will address the citizens of Lane county on the political issues of the day in Eugene Monday, October 26th.

BRYAN MEETING. — Hon W S U'Ren, of Clackamas county, member of the next legislature, addressed the citizens on political issues at the court house last night. Mr U'Ren was formerly a republican, but is now a populist and was elected on that ticket. He was greeted last night by a good audience, which he entertained in an able manner for nearly two hours. He first took up the populist theory of the referendum, or a power given the people to vote directly upon all questions of state or national importance. He discussed this principle at some lenght and then took up the money question, the tariff and the laboring man's cause, handling each in an able manner and plainly showing why he championed the cause of silver and the laboring class, and why he could conscientiously support Wm J Bryan for president. He was cheered quite frequently during his discourse.

TOOK THREE PRIZES—D W Coolidge of this city took three prizes at the state fair at Salem for grape exhibits as follows: Foreign grapes, 1st prize, $5.00; American grapes, 2d prize, $5.00; single variety American grapes, 2nd prize, $1.50.

An ordiance to amend section 17 of an ordiance for the prevantion of fires, in laws of city of Eugene for 1893:

The city of Eugene does ordain as follows: That section 17 of an ordinance approved January 2, 1890, and entitled an ordiance "For the Prevention of Fires" beginning on page 89 of the published laws of the city of Eugene, and the same is hereby amended so as to read as follows:

Section 17—No wooden buildings within said fire limits shall be altered changed or repaired without permission of the chief fire warden in writing and approved by the committee on fire and water of the common council of the city of Eugene, which permit shall specify fully the alteration or changes required, and such permit shall not extend over a period of 30 days. The application thereto and a copy of each shall be kept on file in the office of city recorder.

Passed September 14, 1896.

Attest: B F Dorris, Recorder.

The above ordinance was returned to the council last night with the mayor's veto, which is as follows:

To the common council of the city of Eugene:

Gentlemen—I herewith return ordinance numbered—entitled an ordinance to amend section 17 of an ordinance for the prevention of fires, in laws of the city of Eugene for 1893, passed by your honorable body the 14th day of September, 1896, without approval.

The chief reasons for withholding my signature to said ordinace are, first, it will require the appointment of and maintenance of another officer in the city, which at least under the present financial condition of the city would be unwise.

And the second reason is the ordinance removes from the hands of the council one of the most important duties now imposed upon it and places the regulation of matters under one arising from the ordinances of the city relating to fires and the fire limits to a committee. A matter of so grave importance to the people of the city should remain in the hands of the full council and not be delegated to the control of any committee.

There are other minor objections that I think I could with propriety present, but what has already been said is sufficient.

I veto the ordinance.

J D MATLOCK,
Mayor.

Dated at Eugene this 19th day of September, 1896.

Motion to pass the above amendment to ordinance over veto of mayor was carrid by a vote of four for and two against.

The city attorney presented the request of Mrs Kendall for a reduction in the amount of her Eighth street assessment and accumulated charges. Referred to committee.

The street committee was directed to rent strip of land between Ninth and Tenth streets on Mill, by the month.

On motion of Mr Fisher fire and water committee directed to place an incandescent light in south end of the river bridge, provided the county furnishes one at the north end.

Fire and water committee authorized to advertise for four electric light polls, 75 feet long.

On motion adjourned.

The contract with the light company was signed today and lights will be turned on again tonight.

If You Had a Friend

About to visit some section of country where malarial disease, either in the form of chills and fever or bilious remittent was particularly rife, what would be about the best advice you could give him. We will tell you—to carry along or procure on arriving, the potent medicinal safeguard, Hostetter's Stomach Bitters, known throughout malaria plagued regions, here and in other countries, as the surest means of disarming the miasmatic scourge, and robbing it of its full destructive influence. Not only does it fortify the system by increasing its stamina, but overcomes irregularity of disgestion, the liver and the bowels, and counteracts the unfavorable effects of over-exertion, bodily and mental, exposure in rough weather, or occupation too sedentary or laborous, loss of appetite and excessive nervousness. The functions of alimentation, bilicus secretion and sleep have in it a most powerful and reliable auxiliary.

CHRISTIAN ASSOCIATION BENEFIT.—Next Saturday evening in the gymnasium of the University a benefit will be tendered the Christian Associations for the purpose of furnishing their new room in South Hall. An attractive room for their exclusive use has long been needed by the associations for the best success in their work and it is hoped to obtain sufficient means in this way to furnish a room lately secured. The best possible music has been obtained for the occasion. Refreshments, consisting of ice cream and cake, lemonade, candies, coffee and doughnuts will be served at booths by the young peoples societies of Eugene. General admission, 10 cts.

W. C. T. U.—A special meeting of the county W C T U ladies will be held in Mount's hall, Oct 14 at 2 p m prompt. All members requested to be present as important business is to be transacted.

WANTED.—All girls to know that "Hoe Cake" will not make their hands red like common soap. Save the wrappers. They are worth a cent apiece. Hall & Son.

JUSTICE'S CASE.—A civil case, entitled J C Goodale, Sr., vs the Coburg Shingle Mill Company, suit to recover $84.41, is being heard before Justice Wheeler today.

Soap Foam saves the strength for other duties, and saves the clothes.

COLE'S AIRTIGHT STOVES

Five reasons why you should buy them.

1st. Ashes are removed from front, not through cover, and fire can be started at the bottom.
2nd. Our draft is the tightest of its kind, and air-tight is essential to the success and durability of the stove. Our extra cast collar on the lining protects the outer joint. The lining is not attached to the outside, and can be removed when it gives out.
3d. Our cast top stoves can be heated; no sheet iron covers to blow off. Swing cover prevents jerking out ashes, burning the carpet with a hot cover and resting the urn by using it as a handle; the damper is made so it can't blow out. Our stove is absolutely air-tight.
4th. All stoves are lined with heavy steel plate and have an air space between the lining and outside, that protects the stove from warping and burning out.
5th. Our draft is attached to the body, not to the lining. The expansion of the lining does not affect the joints in Cole's Airtight.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
