FRIDAY, -- NOVEMBER 13.

The silver senators say they will not stand in the way of a republican tariff bill.

A beet sugar factory will be erected at Tigardville, Washington county, Oregon.

Portland Tribune: "Good advice to those who have been removed from the fire and police departments would be to go to work and quit crying. You are informed by your newspaper ally and supposed friend, that prosperity has returned, work is plenty and gold to be had by the cartload. Get some of that gold and start mills."

Mrs. Martha Hughes Cannon, who has been elected to the state senate of Utah, is the first woman in the country who has achieved such distinction. Her opponent on the ticket was her husband, and she defeated him by 4000 votes. She is a Mormon and a democrat, and proposes to direct her attention to legislation affecting sanitary and educational matters.

Mrs. Russell Sage is a devout church-woman, and one who carries her religion into the practical, every day affairs of life. "I consider it my duty," she says, "to teach my servants economy. The women will marry, and if they do not understand the art of saving and making the most of everything they will make their husbands unhappy and ruin their homes and the whole of their future lives."

McMinnville Telephone says: "The McMinnville merchants are grumbling about the increase in freight rates. The Southern Pacific company has made a combination with the river boats and freight has been increased from 100 to 400 per cent." The only way to successfully down this combination is for the different towns to own their own steamboats. Eugene should get a move on herself and be the pioneer in the business.

To Wheeling, West Virginia, because the distinction of the most hilarious and picturesque parade of the campaign. It was a great popular demonstration in honor of Mary Ellen Lease, and both parties took an equal part in it. Two thousand five hundred men were in line, dressed in female attire, and some exceedingly elaborate costumes were worn. The advance was taken by 29 old maids, attired in curl papers, night caps and night gowns, each carried a lighted candle, and close behind was Mrs. Lease herself, represented by an imitation young lady in an elaborate white silk party costume and white fur-trimmed opera cloak, seated in a carriage drawn by four horses and flanked by a body guard of twentieth century girls.

The Dalles Times-Mountaineer says: An Eastern wool buyer, who has been in the city the last three or four months trying to buy wool, and also advocating the election of McKinley, left the warehouses in disgust yesterday, after having spent several hours in an unsuccessful attempt to buy a lot of wool, remarking that "these fool wool raisers really thought McKin-

ley's election would raise the price of their wool two cents." Comment is unnecessary.

The Salvation Army is alive and actively engaged in preparations for its annual Self-Denial Week, which takes place throughout the United States from Nov. 16th to the 22d. Large sums of money have been raised in past years for this purpose and it is expected a total of \$40,000 will be raised this year. Members of the army and its social friends are asked to abstain from luxuries in order to raise money for the purpose of establishing food and shelter bureaus in large cities for the poor and needy.

The Lane county tax roll will be completed this week by Assessor Burton and his deputies.

Napoleon Bonaparte, one of the most powerful men in all history, a man continually wrapped in schemes and campaigns, in plots and counter-plots, striving intently and ambitiously for success and power—a man whose utter disregard for human life made his battles the bloodiest the world has ever seen—this man found bitterness in his triumphs because he had no heir to whom to bequeath his greatness. Josephine was divorced largely for this reason. Many women are incapable of bearing children. Many more of them are afflicted with disorders of the organs directly feminine so that bearing children would be dangerous to them, and unfair to the children. Every child deserves the heritage of health. The children cannot receive this from a sickly mother. There is no reason why they should have such a thing as "female weakness." It is as unnecessary as it is distressing. Dr. Pierce's Favorite Prescription cures all forms of distinctly feminine sickness. It purifies, strengthens and invigorates. It is prepared for just this one purpose and no other. It's the only medicine now before the public for woman's peculiar ailments, adapted to her delicate organization by a regularly graduated physician, an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman ought to send 21 one-cent stamps to pay for mailing a free copy of Dr. Pierce's thousand page "Medical Adviser," World's Dispensary Medical Association, Buffalo, N. Y.
