SECRETARY KINCAID.

At its first session the senate of the present Oregon legislature ordered copies of Hill's annotated code and session laws up to date, but Secretary of State Kincaid refused to buy the same unless a bill or joint resolution authorizing the expenditure of this amount of money, about \$1270, was regularly passed on roll call of both house. He returned the resolution and has not heard from the senate since then.

REFUSES PRINTING EXPENSES.

Following correspondence between the secretary of state and the state printer explains itself:

STATE OF OREGON.

SALEM, Jan 27 1897.

Hon Harrison R Kincaid, Secretary of State, Dear Sir:—A number of bills for acts of the Nineteenth Legislative Assembly, introduced and read in the house of representatives, as organized January 21st. inst., by thirty-one members of the House elected June last, with Hon. H L Benson as Speaker, have been sent to me to be printed.

Knowing you to be fully informed as to the facts involved, I ask whether, as the auditing officer of the State, you would approve or disapprove my account against the state for such printing, should I do the work.

Yours respectfully,
W. H. LEEDS,
State Printer.

OFFICE OF SECRETARY OF STATE/
SALEM, Jan 27, 1897.

Hon W H Leeds, State Printer, Dear Sir:—Your letter dated this day has been received, in which you state that a number of bill for acts of the Nineteenth Legislative Assembly, introduced and read in the House of Representatives, as organized Jan 21 instant, by thirty-one members of the House elected in June last, with Hon H L Benson as Speaker, have been sent to you to be printed. You ask whether as auditing officer of the State I would approve or disapprove your account against the State for such printing, should you do the work.

Replying to your inquiry, I beg leave to state that your account for all printing authorized by law or ordered by the Legislative Assembly will be audited and approved.

In my opinion there has not been at the present session any permanent organization of the House of Representatives, and the present organization now assuming to transact business has no authority to direct the printing of bills. As the auditing officer of the State, I would consider it my duty to disapprove any claim presented against the State for printing such bills, unless the Legislative Assembly composed of the Senate and House duly organized hereafter should authorize payment of said claim.

Very respectfully,
H. R. KINCAID,
Secretary of State.

Pendleton E O: The people are between the devil and the deep blue sea. Between Joe Simon and his crowd and Mitchell and his gang they are asked to choose. There is little or no preference be-

tween them. On this account the people care little whether the legislature is organized or not. Simon is standing out on just as selfish grounds as Mitchell. His aims are no higher or nobler. His methods are just as bad, his principles are nothing. They are both politicians, struggling for power in order that they may feed, thrive and fatten from the people. If there were no legislature for ten years to come the people's burden would be no heavier than it will be with a Simon or Mitchell legislature every two years. They are both corruptionists and neither deserving of being entrusted with the affairs of state. There is no choice between them and the people are in no humor to make any.

The last speech made by senator Dolph in the senate was on the Nicaragua canal question in December 1894. The last speech made by senator Mitchell was on the same subject in December '96.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Bathing the baby is one of the joys of young motherhood. The baby's bath is the pleasantest feature of the day. This, of course, only when the baby and the mother are both healthy. Not much pleasure can be gotten out of bathing a peevish, sickly, fretful baby. If the mother isn't healthy, she can't get much pleasure out of anything. Healthy mothers, who are careful, always have healthy babies. Weak women sometimes have healthy babies, but the chances are against it. Every woman can have healthy, happy children if she will take proper care of herself. Dr. Pierce's Favorite Prescription is what she needs. It cures the weaknesses and diseases peculiar to women. It makes perfect women of them—women capable of maternity. Its use obviates the dreaded, and generally useless, physicians' "examinations" and stereotyped "local treatments." It is the only medicine for women sold by druggists, devised by a regularly educated, experienced, and skillful specialist in these diseases, and its sale exceeds the combined sales of all other medicines advertised for this class of maladies. Taken during the period of pregnancy, it prepares the whole womanly organism for its time of trial and danger. It practically does away with the danger and with nearly all of the pain.

Women who care to know all about the "Favorite Prescription" and all about their own physical being, and the best way to take care of it, should send a one-cent stamp to pay for the mailing of a free copy of Dr. Pierce's great 128 page illustrated Common Sense Medical Association, "Woman's Dispensary Medical Association," No. 663 Main Street, Buffalo, N. Y.
