THE GRAIN PRODUCTION.

The estimates by state and territory area, of the product and value of the corn and wheat crops of the United States for 1896, made by the statistician of the department of agriculture are as follows: Corn area, 81,627,000 acres; product 2,283,287,000 bushels; value, \$4,910,700; yield per acre, 28.2 bushels; farm price per bushel, 21.5. Total wheat, area, 34,619 acres; product, 437,687,000; value, \$310,603,000; yield per acre, 12.4 bushels; farm price per bushel, 72.6 cents.

The minister of Argentine, Hon. William I Buchanan, reports to the State department under date December 9th: "I have followed the news from the wheat districts very carefully for the past three months, and have traveled through one of the wheat provinces. My observations lead me to believe that the quantity for export will be between 480,000, and 640,000 tons, probably nearer the first than the second figure. The amount exported during this year was 564,450 tons."

The present legislature held up is not the first one in Oregon. In 1868 the democrats were in control of both branches of the legislature but in the house more than one-third were republicans. G. L. Wood had been the republican and J. K. Kelly the democratic candidates for governor, and the democrats claimed that Kelly had been unjustly counted out. Legislation proceeded smoothly until toward the close of the session, when it was charged that the democrats had held a caucus and decided to re-canvass the vote for governor. Thereupon all republicans except Winston, of Clackamas county re-

signed and went home. The democrats had the majority but not two-thirds required for a quorum as everybody then construed the constitution. After a few days they simply quit and went home, no business being transacted after the republicans left. If a majority was not a legal quorum then, neither can it be now.

Portland Dispatch: Lark Bilyou, democratic representative from Lane, and Dr. Lee, of Polk, have the hearty endorsement of the democrats throughout the state, also of all earnest and true bimetalists, for the stand they have taken.

The estimated amount of wood consumed in Oregon City by the factories and for private use during the winter months is three hundred cords per day. At this rate a pretty good sized hold is made in the forest about the Falls City each year.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

The heart of the farmer in Eastern Oregon and Eastern Washington is made glad by this breath of real winter. The pesky little squirrel has been tumbling over the grain fields, multiplying and eating seed grain as though he thought warm days would never cease and now, in this nipping cold, he will curl up and die, and great will be the rejoicing thereof.

Steering clear of the shoals of ill health and the rocks of disease is easy enough if only the digestion be kept in good order. It isn't often any one is sick unless they have indigestion. The commonest way in which indigestion shows itself is in constipation. Nine people in ten are troubled more or less in this way.

Nine-tenths of all the world's sickness is caused by this one trouble. Sleeplessness, pimples, blotches, headaches, sour stomach, dizziness, "heart-burn," palpitation, biliousness, distress after eating—all these are merely symptoms of constipation. Why do people suffer with them when the cure is so simple and so easily obtained? Years ago, Dr. Pierce's Pleasant Pellets were placed on the market. Since then, there has been no excuse for anybody to suffer from constipation, and its attendant ills. The "Pleasant Pellets" cure every case infallibly and permanently. They are very small, easy to take, gentle and quick in action. They are not at all violent; they do not disturb the system. They cure you so you stay cured. Thousands of women will find if they take the "Pleasant Pellets" that their ills will vanish with the constipation.

The People's Common Sense Medical Adviser gives more plain, useful information about the human body and all the ailments to which it is subject than any other single book in the English language. It is really a medical encyclopedia in one volume, a large heavy book of 600 pages, with over 300 illustrations. The outlay of money, time and effort in producing this great book was paid for by the sale of the first edition of 50,000 copies at \$1.00 each; and the profit has been used in publishing the present edition of half-a-million copies to be sent absolutely without price to all who will remit the small charge of 5 cents in one-cent stamps to pay the cost of mailing only. Address, with stamp, World's Dispensary Medical Association, No. 615 Main Street, Buffalo, N. Y.

It would be hard to convince a man suffering from bilious colic that his agony is due to a microbe with an unpronounceable name. But one dose of DeWitt's Colic and Cholera Cure will convince him of its power to afford instant relief. It kills pain.

OSBURN & DELANO.

Parks' Sure Cure is a positive specific in all diseases of the Liver and Kidneys. By removing the uric acid in the blood it cures Rheumatism. S. B. Basford, of Carthage, S. Eli Hill, Lumber City, Pa., writes: "I have been suffering from piles for 25 years and thought my case incurable. DeWitt's Witch Hazel Salve was recommended to me as a pile cure, so I bought a box and it performed a permanent cure." This is only one of thousands of similar cures. Eczema, sores and skin diseases yield quickly when it is used.
