SENATOR McCUNG HANDICAPPED.

The Register printed the following very pointed article in its last issue:

"If ever a worthy servant of the people of Lane county was handicapped in trying to work for the best interests of his constituents, it is Senator John H. McClung, who deserves the condolence of all Lane county people, in that he is harnessed up with that man Driver in the state senate chamber. It is hard enough for a man to work through his measures without having to fight against the bullheadedness of his colleague who, in the case of Driver, has practically dashed to pieces Lane county's chances for favorable legislation.

"From beginning to end Driver has proven himself to be a hoodoo. He has personally antagonized ever measure or nearly every measure brought before the senate, whether it concerned him or not. He has made enemies not only for himself but for senator McClung and for Lane county, at every turn of the road. Any fool ought to know that he has to be possessed of at least a spoonfull of diplomatic ability when he assumes the responsibilities of a senator—but Driver didn't know it, or if he did he was too bullheaded to profit by his knowledge.

"All through the June campaign the management had him constantly in tow and for a time it was thought he would exercise a little intelligence; but no. Just the minute he reached the senate chamber he slopped over and he has been slopping over for nigh unto 40 days and 40 nights, making an abominable ass of himself, hurting his county's chances for favorable legislation, handicapping Senator McClung, and making many of those who gave the old man their support heartily ashamed."

The various commissions and the fish and game protector's office are filled by democratic incumbents because of the Dolph "hold-up" of the republican legislature two years ago. They will hold on for another term in case the present legislature fails to organize. They are waiting for their pay, however, as there are no available appropriations.

It is stated that Hon. Binger Hermann, representative in congress from the first Oregon district, is a candidate for commissioner of the General Land office. Mr. Hermann's term as congressman expires on the 4th proximo and as he and Major McKinley were good friends when they were colleagues in the house, he may succeed.

Hops of the 1897 crop are being contracted for in Washington for 10 cents a pound with part payment in advance for cultivation and picking. This is an indication of better times ahead for the hop-grower.

The two oldest native born sons of Oregon are Cyrus H. Walker, of Albany, and Captain J. D. H. Gray, of Astoria. The former was born on December 7, 1838, and the latter on March 29, 1839.

A young man over near Coburg last week was entrusted with money to bring home a good family sewing machine. The hopeful son carried off a neighbor's daughter, married her and took her home, declaring that she was the best family sewing machine that he could procure.

The "X" rays, when applied to the head to locate bullets, are found to produce baldness. This is hard on the sufferer, but may prove a blessing in disguise to the army of beauty doctors, who should promptly announce the "X"-ray remedy for the removal of feminine beards.

The first bill introduced in the Utah legislature by a woman representative was aimed at the high theatre hat.

A queen is only a woman after all, and every woman is a queen if she be a perfect woman. The crown of womanhood is motherhood. There is no higher thing than this. There is no better thing than any woman can do than to be a mother of bright and happy children. That is the best and highest thing that anybody can do in this world. It cannot be achieved by a woman who isn't healthy, who suffers from any of the weaknesses or disorders peculiar to her sex. A false idea of modesty which prevents the acquisition of knowledge, and the carelessness which prevents an application of knowledge are the most prolific causes of this kind of sickness. Thirty years ago, knowledge of the prevalence of such disorders induced Dr. R. V. Pierce, than as now, chief consulting physician of the Invalid's Hotel and Surgical Institute, at Buffalo, N. Y., to devote a great amount of time and study to the preparation of a remedy that would invigorate and strengthen the womanly organism—that would cure perfectly and positively all forms of female weakness—that would take the danger away from childbirth, and greatly lessen the pains of labor. This remedy is called Dr. Pierce's Favorite Prescription. That it accomplished the object for which it was intended is proven by its remarkable and continued success for 30 years. Women will gain much knowledge by reading Dr. Pierce's great knowledge page "Common Sense Medical Adviser." A free copy will be sent on receipt of 21 one-cent stamps to cover cost of mailing only.
