It is the same old story and yet constantly recurring that Simmons' Liver Regulator is the best family medicine.

From the Chicago Laver: Mrs Clara C Hoffman, of Missouri, delivered a most powerful address, entitled "The Dominant Issue," under the auspices of the West Side W C T U, in Western Avenue Methodist Episcopal church, Sunday evening, October 9th. The national reputation of Mrs Hoffman as a speaker of great force and power, drew an immense audience to this meeting, from all parts of the city, and many were at first unable to find seats in the main auditorium—until chairs were brought into the aisle. Mrs Hoffman spoke for nearly two hours with great eloquence and fervor, and those who have heard this gifted woman declare it was one of the finest efforts of her life. The rich melody of her strong voice, the deep pathos of her pleading, combined with her handsome, motherly face, added to her strong magnetism as a speaker, held her hearers in rapt attention.

Mr Parsons, if successful, expects to tour the valley annually with his orchestra. If he comes again next year, the reputation he has established this time will insure him a much better patronage. The orchestra played last night under the auspices of the Laurean and Eutaxian societies. After the program was rendered a dance was given in Armory Hall.

## The Bible Institute.

The forenoon session of the Bible Institute held at the Congregational church today was a very interesting session. A chorus of sixteen voices from the Christian associations led the sing.

President Newlin gave a very helpful Bible reading and proceeded during the forenoon. He won his way at once into the high esteem of his hearers. His remarks were stimulating and full of power. Dean E C Sanderson gave an address on "The Study of the Bible by Books." Rev R C Brooks spoke on "Christ in the Bible the Authority of the Christian." The thoughts of these addresses were very timely and helpful. The attendance was unexpectedly large.

The afternoon attendance was far larger; the session was marked by a deeper interest, and the unseen results are certainly greater. Rev R C Brooks gave the Bible reading. Rev W S Gilbert spoke on the "Qualities of an Ideal Disciple," and to crown it all President Newlin gave a soulstirring address on "Condition of Discipleship."

The sessions of tonight and tomorrow give promise of even greater interest and profit. Tonight President Newlin speaks on "The Bible" at 7 o'clock in the M E church.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Bell's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Bell's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY, & CO. J W Geary Post of the Grand Army of the Republic, celebrated the anniversary of the birth-day of President Lincoln last evening at their hall in this city. A large audience was present. Commander Anderson had charge of the exercises of the evening.

The formal address of the occasion was delivered by Prof E B McElroy, East Department Commander, who paid a high tribute to the memory of the great war president; setting forth his ability, integrity, patriotism and his magnanimity. Lincoln lived, the greatest ornament of the country—he died, regretted by a mourning world.

PARSON'S ORCHESTRA.—Parson's orchestra went to Corvallis today where they play for a ball tonight. After the entertainment at Villard hall last night the entire orchestra of ten pieces furnished music for the dance at Armory hall. The dance was one of the most swell affairs ever given in Eugene, and the music was the best dance music by far to which dancers of this city ever tripped the light fantastic too. Mr Parsons, who is manager of the orchestra made friends while here. It suitable arrangements can be made he will return in about two weeks with a dance orchestra of four or five pieces and play for another grand ball. He will also probably furnish music for the student's ball during Commencement week.

A SORT OF A SURPRISE.—Eugene Grove, No 4, Woodmen Circle, held a very interesting session last night. The 14 Woodmen, who are members of the circle, had been previously appointed a committee to furnish lunch for the evening on forfeiture of a fine of 25 cents each. When the time came for the spread the Woodmen plead excuses and paid their fines. They then repaired to an outer room where, unknown to the members of the circle, they had stowed away a various assortment of pies. These they prepared for use, after which they begged a remittance of their fines, which was finally granted after which the pies were brought forth and all had a jolly time until the midnight hour.

TELEPHONE TO SPRINGFIELD.—Geo. Craw now has his telephone line to Springfield complete and in operation. New transmitters have been put in at both ends of the line.
