And bid dull care away, 'tis a very well known verse, but if you have a case of the "blues" caused by indigestion, with biliousness added on as an extra horror, you cannot say hey presto! and thus insure the departure of those abominable twins. The "proper" case! when thus troubled, is to seek the aid of Hostetter's Stomach Bitters. Thereafter you will speedily digest with ease and eat with appetite, and your liver will reassort its right to regularity. Not only this, you can retire without a hurried dread that the Washington monument will—in dreams—impose itself upon the pit of your stomach. If you feel preliminary symptoms of chills and fever, kidney trouble or rheumatism, summon the Bitters to the rescue without delay. "It's a worse thing than death!" A feeble condition of the system is more speedily changed to a vigorous one by this fine tonic than by any other medicinal agent in existence. A wineglassful three times a day.
