UNIVERSITY ATHLETICS.

The University of Oregon should have stood first in the Intercollegiate field meeting. It would have done so but for Dr Chapman's uncalculated rule requiring a very high percentage in studies before a student could enter in the events. Such a ruling would be defensible if brain and muscle were co-ordinate. This is not the case and no college ruling can ever make it so.

The young man who does his best to advance in the university work should not be debarrd from taking part in games and contests, for which he is well fitted by nature, by reason of inability to gain a certain standing.

If a student is careless and neglects his studies he should be debarred, but there is no just and legitimate reason for shutting out those who are well qualified by nature to take part in athletic contests, yet lack a high grade of mental development. Brains are born in men not made.

The Corvallis Times says a gentleman who is well posted in affairs in Portland states that everything is very quiet in the metropolis of Oregon. The residents of the city expected that times would begin to improve about the first of May, but instead of relief they seem to get harder if anything. A few years ago there were killed daily in Portland from 235 to 240 head of cattle for the local market. Now the daily kill is only about forty head. Other business shows a similar decrease.

The Germans, appreciating the value of good artillery, as freshly demonstrated in the recent war in Thessaly, have voted in the reichstag to appropriate \$8,000,000 to re-arm the German forces with improved field guns. Even the socialists voted for it, their leader declaring if war must come iron was cheaper than blood. That put the philosophy of war preparation in small compass.

A statue of Peter Cooper was unveiled in New York on Saturday. The world says his "career from beginning to end was one of work, of honesty, and of fidelity to all that go to make human character worthy and human life worth living." A high tribute in these days of crookedness; but Peter Cooper has been dead a good while.

The tariff is still "bobbing up" as a local issue. Protection New Englanders do not want a duty on hides because it interferes with their manufacturing business. It will be found now, as it always has been found, that is not an easy thing to carry an abstract principle all the way through a tariff law.

Partisan republicans pretend that Jerry Simpson is not accomplishing anything for his constituents or the country, and yet scarcely a week goes by that Jerry does not compel a reading of the house journal.

Edison thinks the horseless carriage of the future will not cost more than \$100. The facilities for human locomotion are looming up at a wonderful rate.

It is hinted that Senator Hanna finds it harder to manage a whole congress than it was to run the national committee. The difficulty is that there are so many republicans in the senate who want to be bosses. Mr Hanna seems to get along with Speaker Reed beautifully.

Silver men are occasionally alluded to in the republican councils as "calamity howlers." Well, let it go at that. The present condition of things is calamitous, and the howl, if any body chooses to note the popular protest by that word, is as loud among silver republicans as among democrats.

Edhem Pasha's army does not relish the idea that it has been on a collection tour. It is proposed to hand over the most of the Greek indemnity to Russia in payment of Turkish arrears.

It is easy now to see where all the Colonels come from. The Governor of Georgia has eighty-one of them on his staff.

Rain would be a very acceptable visitor at the present time.

That hideous and deathly demon of sickness—constipation, is an easy enough thing to cure if you take the right medicine. Constipation is one of the commonest things in the world. It is really one of the most serious things. Fully nine-tenths of all the ordinary sickness of mankind is due to this one cause. If you place an obstruction in the gutter, it will stop the flow of water, and gradually a mass of poisonous, putrefying matter will accumulate. That is exactly what happens in the digestive organs when constipation begins. Poisonous matter accumulates and is forced into the blood. It goes all over the body and causes all sorts of symptoms. A few of these are dizziness, flatulence, heartburn, palpitation, headache, loss of appetite, loss of sleep, foul breath, distress after eating, biliousness and eruptions of the skin. These things are unpleasant, but they are not serious. The serious things come afterward. Doctor Pierce's Pleasant Pellets are for the cure of constipation. They are tiny, sugar-coated granules, easy to take, mild and efficient in their action. One is a gentle laxative, two a mild cathartic. There is nothing else in the world like them. There is nothing that takes their place. There is nothing "just as good," although lying and unscrupulous druggists may sometimes tell you so for their own profit. Do you want to lose your health so that the druggist can get rich?

Ell Hill, Lumber City, Pa., writes: "I have been suffering from piles for 25 years and thought my case incurable. DeWitt's Witch Hazel Salve was recommended to me as a pile cure, so I bought a box and it performed a permanent cure." This is only one of thousands of similar cures. Eczema, sores and skin diseases yield quickly when it is used. Corner Drug Store, Vincent & Walton Proprietors.
