AN UNCALLED FOR ATTACK.

Citizens of Eugene, who years ago went down in their pockets for \$50,000 to secure the location of the State University, are not tendering the Oregonian any thanks for the uncalled for and offensive suggestion that it possibly could be moved to some other locality. Offensive because it calls in question the good name of our town and the character, fairness and integrity of our citizens, and entirely uncalled for as anyone giving the subject the least attention must know that the university location is a permanent one and cannot be shuttlecocked from place to place to suit the whims and prejudices of a few malcontents.

But the Oregonian never has treated the university decently, and no one need be surprised at the last attack of this hater of university and higher education by the state. The only wonder is that a paper of the character and standing of the Oregonian should go out of its way to attack and offend a community which it well knows ranks second to none in the state in point of character, intelligence and public spirit of her citizens.

There had been no contention in the university until it was saddled with Dr Chapman, and we opine his continued presence cannot but act as an irritant. With the removal of this high priced experiment all cause of friction will be at an end. He has caused it and all the blame must be laid to his inexperience and incompetency. In the meantime the Oregonian should not allow its judgment to be led astray by someone who is prejudiced and certainly does not understand the situation.

DOCTOR CHAPMAN, ANSWER!

Doctor Chapman, stand up and answer! How was it that you did not drop Regent Bellinger's son from the university rolls when he had but 2 points to his credit, then remain silent while students Howe, Cherry and Whipple with 7.9 and 12 points respectively, [and others with 4 to 12 credits] were forced to quit the university? How was it you refused to put the motion to suspend young Bellinger for lack of credit?

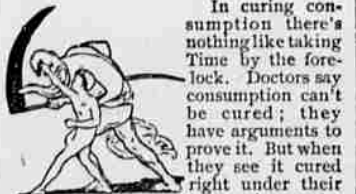

Do not sulk and refuse to answer and send out word that these questions are asked because of local prejudice, but call up some of your latent manhood and give the public information on this important subject.

Then you and Judge Bellinger both might answer how it was that with charges pending against you, and a petition for your removal on file, Judge Bellinger became your guest and accepted of your hospitality. Is it good form and propriety for the accused to privately entertain the judge and jury who must pass upon his case? Stand up Doctor Chapman and answer these questions. You cannot longer play the baby act and cry out "local prejudice."

The keenest interest is apparently felt by all classes in the daily reports which newspapers give us of the progress of legislation in re-

gard to the tariff. There appears to be more money in large Eastern cities waiting to be called into action by a final settlement of the tariff question than ever before in the history of the country. European money centers are also glutted with accumulations, largely made in fear of political complications, and it may be that the remaining months of 1897 are to be characterized by clearing skies on both sides of the water, and a steady procession of investors carrying funds from their hiding places to the public markets for investment. Many think that such will be the case, and probably despite the extraordinary dullness a much larger number than usual are watching the markets with interest.

Lane county has been kindly cared for this time. Abundant rains while little, if any, fell lower down the valley.

In curing consumption there's nothing like taking Time by the forelock. Doctors say consumption can't be cured; they have arguments to prove it. But when they see it cured right under their face and eyes by Dr. Pierce's Golden Medical Discovery, they admit that there's something wrong about their arguments and something wonderful about the "Discovery." It isn't miraculous. It won't cure every case; but it cures a surprisingly large percentage of cases, even when the patient is pretty far gone with a bad cough, and bleeding from the lungs, and reduced almost to a shadow. Consumption is a blood disease. The lungs want a fresh supply of pure rich blood and plenty of it; that is what the "Golden Medical Discovery" gives them. It is a blood-maker. It gives the blood-making functions power to produce a large quantity of the nourishing red corpuscles which make healthy life-giving blood. This stops the wasting; drives out the impurities; heals the ulceration and begins a rapid building-up process, of solid, substantial flesh and vital energy.

It isn't only consumptives who need the "Discovery." It cures every form of chronic blood-disease and all scrofulous and eruptive affections.

MR. ISAAC E. DOWNS, of Spring Valley, Rockland County, N. Y., writes: "For three years I had suffered from that terrible disease, consumption, and heart-disease. Before taking Doctor Pierce's Golden Medical Discovery I had wasted away to a skeleton; could not sleep for rest, and many times wished to die to be out of my misery. Step by step, the signs and realities of returning health slowly but surely developed themselves while taking the "Discovery." Today I tip the scales at one-hundred-and-eighty-seven, and am well and strong. The "Golden Medical Discovery" has also cured my daughter of a very bad ulcer located on the thigh. After trying almost everything without success we purchased three bottles of your "Discovery" which healed it perfectly." Yours truly, Isaac E. Downs

It would be hard to convince a man suffering from bilious colic that his agony is due to a microbe with an unpronounceable name. But one dose of DeWitt's Colic and Cholera Cure will convince him of its power to afford instant relief. It kills pain. Corner Drug Store, Vincent, & Walton Proprietors.

This is a good time of the year to take Simmons Liver Regulator. It is the very best medicine to take in the Spring for the blood, and to cleanse the system of all impurity. "I have used Simmons Liver Regulator as a corrector and blood purifier and think it an excellent remedy. I always keep it on hand to take in preference to other medicines."—J. M. Lysell, Middleport, Ohio.

This celebrated natural spring mineral water is now kept on hand, at White's feed store, and Butten's second hand store, in Eugene. One and one-half dozen quart bottles for \$1, empty bottles to be returned. A splendid water for stomach, kidney and blood diseases. Try it.
