THURSDAY - - JANUARY 13

A PLAIN SQUARE ISSUE.

The Republican national platform of 1896 pledged the Republican party to use every effort to secure International Bimetallism.

thinking men knew the pledge was not honorably made, nor with the slightest expectation of even attempting to carry it out in the event of success.

But many free silver Republicans voted for McKinley on the assumption that the solemn pledge would be honorably and conscientiously carried out.

They now see that the basest deception was practiced upon them.

Oregon is upon the eve of a congressional and state election. Will the people again permit themselves to be hoodwinked by means of specious lying promises made with intent of non-fulfillment?

The Oregonian crowd is in the saddle, and to show what silver men must expect from the Republican party we give an extract from a recent editorial in that paper:

"The battle of 1896 was waged and won for the gold standard. When it was won the bimetallic commission crossed the water a wool-gathering, and came home shorn. The president in his message let them down easily by throwing a bone of compliment and vague hope to the crestfallen commission, but Gage, when he presented and advocated his bill, treated bimetalism as contemptuously as a soldier does a spiked cannon, a Quaker gun or an exploded shell picked upon a last year's battlefield, and the banking committee of the house and the great majority of the republicans in the house treat international bimetalism as a mere silver candlestick whose candle was burnt out forever."

The Oregonian does not mince matters but tells the people fairly and honestly what they must expect from the McKinley administration and the Republican party.

The battle for the election of congressmen and a senator, next June, to represent Oregon in the national councils will be fought out on this issue. Can any friend of bimetalism and opponent of the gold standard, hesitate in the choice he must make?

PRACTICAL REFERENDUM.

At a referendum of constitutional amendments in New Jersey, the anti-gambling amendment was carried by a majority of 802.

The amendment which forbids appointment by the governor of persons to office during the legislative recess, when these persons have been rejected by the senate, was adopted by a majority of 7,426.

The third amendment, conferring upon women the right to vote on school questions, was rejected by a majority of more than 10,000.

Whatever may be thought of these decisions they certainly expressed the opinions of a majority of the voters and the referendum is regarded as successful in every way.

Hanna is re-elected senator from Ohio. His political opponents throughout the country could not have wished any other result, speaking from a party standpoint.

That face will be a constant reminder of money corruptly spent, and voters coerced by employers.

A youthful miscreant of Union county has been expelled from the public schools for eating pea nuts in school.

The case has been appealed to the county school superintendent. A three year old switch should be presented to the teacher.

If Mark Hanna fails to get to the senate critics of the money power who claim money will buy everything will have lost an illustration.

CITY COUNCIL.

A Tax Levy of Six Mills Made by Ordinance.

Separate Home District.

City Council met in adjourned session last evening. Present: Mayor Kuykendall, and Councilmen Horn, Gray, Day, Henderson and Luckey.

On motion a four mill tax for general purposes and a two mill tax for sewer purposes were levied.

ESTIMATED FINANCIAL CONDITION.

Recorder Dorris furnished the council the following estimated condition of the financial affairs of the city:

Table with 2 columns: Description and Amount. Includes items like Sewer bonds unpaid, Street sewer warrants, Warrants general fund unpaid.

Leaving true indebtedness \$1,025,000 April 1, 1898.

The following resolution offered by Councilman Day was passed unanimously:

RESOLVED, That it be the sense of this council that the city exercise power and jurisdiction over the road districts embraced within the limits of the city of Eugene as provided by the charter, and that the Recorder notify the county court of Lane county, Oregon of the city's intention.

Mayor Kuykendall appointed Councilmen Day, Henderson and Gray on the water resolution.

The resolution provided that said committee shall consider the water contract and look into the matter of making a new contract and report to the city council.

The water contract expires October 10, 1899.

On motion adjourned.

Dissolution of Partnership.

Notice is hereby given that the partnership heretofore existing between J. B. McFarland and W. L. McFarland, under the firm name of McFarland Bros, has this day been dissolved.

W. L. McFarland will continue the business.

All accounts due the firm must be paid to either of the former partners within 30 days from date, or the same will be placed in the hands of an attorney for collection.

J. B. McFarland, W. L. McFarland, Dated at Eugene, Jan 12, 1898.

Burn His Body.

LOS ANGELES, Jan 12.—The body of Durrant arrived here this afternoon. A mob of several hundred people filled with morbid curiosity surged around the Arcade depot.

Mr and Mrs Durrant, who accompanied the remains from San Francisco, avoided the crowd by leaving the train at River Station.

About 8 o'clock tomorrow morning the body will be taken to the crematory at Pasadena, where the oven is being heated to consume the remains.

Senator McBride is Anxious.

WASHINGTON, Jan 12.—Senator McBride saw the president today to urge the immediate action on those Oregon federal appointments that are yet hung up.

The senator is of the opinion that it is the recommendations of the Oregon delegations were acted upon.

The Astronomy of Life.

When an astronomer tells the exact minute at which two planets will cross each other, we know there is no magic about it. The whole universe is governed by laws.

A man who studies these laws of nature carefully and reduces them to a science, can count on exact results every time.

A doctor knows that certain remedies affect certain diseases.

When a disease seems to have no remedy the doctor pronounces it incurable. All the time nature is working the remedy right at hand, but it will only be discovered by the doctor who has studied longer and deeper than others into this particular disease.

Consumption is cured, for a long time without a remedy, until Dr. Pierce made his wonderful "Golden Medical Discovery" 20 years ago.

It has proved to be a marvelous and almost unaltered specific for consumption and all forms of lung, bronchial and throat difficulties.

It cures almost magical but its operation is based upon simple natural laws. It has the power to direct the blood-making glands to manufacture healthy, red blood and pour it abundantly into the circulation.

It is really assimilated by stomachs which are too weak to digest cod liver oil, and it is far superior to meat extracts as a permanent and scientific food-builder in all wasting diseases.

Twenty-five years ago eight different doctors told me that I would live but a short time. I took a course of Dr. Pierce's "Golden Medical Discovery" and I have lived to see the fulfillment of the prophecy.

Dr. Pierce's medicines are recognized as standard remedies throughout the world. His "Pleasant Pellets" cure constipation.

WALLA WALLA LAWSUIT.

The Litigants in the Case Formerly Resided at Eugene.

J. Jesse Cohen, has commenced an action in the superior court at Walla Walla against I. Faick, proprietor of "The Sterling," asking for the appointment of a receiver for the store and for judgment for \$125 and one-fifth of the profits from July 1, 1897, to December 31, 1897, which the plaintiff alleges aggregate \$5000.

The complaint recites that he entered into a written contract with Mr Faick to enter the latter's employ at a salary of \$125 per month and one-fifth of the profits of the business. Under this agreement the plaintiff commenced work July 1, 1897, and continued to discharge his duties according to the agreement until December 31, 1897, when it was mutually agreed to cancel the contract, and the plaintiff severed his connection with the store.

He acknowledges receipt of his salary for the months of July, August, September, October, and November, but says that the defendant has failed and refused to pay him for December. Therefore he asks that a receiver be appointed, that an accounting of the business for the period from July 1, 1897, to December 31, 1897, be had, that he be given judgment for his share of the profits and his salary for December. Thomas & Davell are the attorneys for plaintiff.

He clerked in S H Friendly's store for a couple of years.

Rioting in Havana.

HAVANA, Jan 12.—A mob is rioting in this city. Americans, it is said, sought refuge in the consulate. The white squadron is held in readiness to go to Cuba. Within 48 hours on present indications, intervention in Cuba will have been forced on the administration. It will be found not unprepared. The rioting in Havana was much fiercer than the censored press reports indicate. General Lee got at the cable early and reported the situation as serious, and that the mob was "getting even with the Americans" as much as it was striking at the autonomist policy and the reconcentros. American citizens had to seek refuge in the consulate.

NEARLY READY.—News from Astoria conveys the intelligence that the work of the tracklaying is now progressing satisfactorily on the Astoria & Columbia River railroad. At the globe end of the line an additional force of graders has been put on, so as to permit of steady work by the tracklayers. Only 25 miles of track are yet to be laid, and a mile and a quarter of light grading to be done. As soon as this is finished it is announced that Mr Hammond will turn his attention toward extending the O C & E railroad eastward, and it is confidently expected that lively times will be seen up the Santiam next summer.

\$72 PER MONTH.—The New York Sun has started the publication of the U S pension list. The only name thus far from Lane county is Thomas J Johnson, who receives \$72 per month. To receive this amount the law provides that he must have suffered the loss of both feet, the loss of both eyes, and also for total and permanent disability requiring the regular aid and attendance of another person, the result of causes due to the military and naval service of the United States.

COMPLIMENTARY.—Grau's Pass Courier: "We lately received a copy of the East Oregonian in which the Athena public school, taught by Prof D V S Reed, formerly of Eugene, is highly commended. The article states that Prof Reed has raised the efficiency of the school at least 200 per cent, and that the school board is blessed with good common sense. Educational ability in a principal and common sense in a school board will always combine to make a good school. Too often one or the other is wanting."

AT COTTAGE GROVE.—Deputy Attorney L T Harris arrived home this morning from Cottage Grove, where he attended a case before Justice J W Vaughan. The case in question was one wherein James Potts was accused of assaulting and maltreating his sister, Rose Potts, mention of which was made in the GUARD of yesterday. He was found guilty, on trial, and sentenced to pay a fine of \$10. The case is not so bad as reported yesterday, yet the sentence imposed is none too severe.

EUGENE JUSTICE COURT.—A complaint has been filed in Justice Wheeler's court by Deputy Game Warden C M Kisseneger, alleging that E E McClanahan has sold China pheasants out of season to E C Smith. The case will be called at 9 o'clock tomorrow morning, and will be heard before a jury.

A SLIP.—A correspondent writes us that a young man of Trent recently sold his violin, presumably all the property he possessed, for the purpose of procuring a marriage license. After this the fair and fickle one changed her mind, and the affair was declared off.

STILL ON.—E E Duff has a change of advertisement in today's GUARD. His great clearing sale is still on, and he is selling goods at astonishingly low prices. Read what he says. He will do j at what he advertises.

JANUARY ECONOMY.—Articles you are buying every week. For the needs of the home oven is an economical stove for you. Our prices are always the lowest.

SOCIAL NOTES.

ARTISANS' RECEPTION.

Last night the United Artisans gave an informal reception to members and friends at their hall in the Mount block. The usual social amenities were displayed in a pleasant manner and the evening's enjoyment was most marked. Light refreshments were served.

PARSONS' SURPRISE PARTY.

About 25 friends of Mrs W H Parsons took occasion last evening to tender a surprise party that has the merit of being a genuine surprise. They took possession of her home, and arranged an elaborate meal ready for serving when she returned home at 6 o'clock. This was the first order of business, and after its disposal social chat, games, etc, were indulged in to the enjoyment of all.

OKATORIO SOCIETY.

The Eugene Oratorio Society held a regular meeting last night at the Baptist church, the first one held since the holidays. They have continued the work on Rossini's "Stabat Mater."

A smaller number than anticipated by Director Nash were in attendance, but as active rehearsals will now commence, it is expected that the entire complement of soloists and the chorus will attend each succeeding rehearsal.

MES WASHBURN'S AT HOME.

Mrs Minnie Washburn entertained a number of friends last evening at her elegant home, in honor of her sister, Mrs W T Eakin, of Salem, who is her guest. A number of clever games were provided for the entertainment and their discussion, together with music, hurried the hours rapidly by.

A dainty lunch, its every appointment and detail of the cuisine being perfect. The dining-room was presided over by Misses Estelle Robinson and Ethelwynne Thompson. The spacious halls and parlors of Mrs Washburn's home were tastefully decorated with evergreens, the Oregon grape predominating. Those present will long have occasion to remember the evening as a gem of the social season. Those in attendance were: Prof and Mrs I M Glen, Prof and Mrs F G Young, Prof and Mrs F T Washburn, Dr and Mrs C H Chapman, Rev and Mrs Raymond C Brooks, Rev and Mrs Wm S Gilbert, Mr and Mrs J F Robinson, Mr and Mrs F W Osburn, Mr and Mrs W L DeLano, Judge and Mrs E O Potter, Mr and Mrs I K Peters, Mr and Mrs C D Combs, Mrs Thompson, Miss Friendly (Portland), Dr Chas Freidel.

District Attorney L T Harris arrived home from Cottage Grove on today's 1050 local.

Miss Cantrill, of Jacksonville, is a guest at the home of H E Ankeny for a few days.

Wm Renshaw went up the McKenzie on yesterday's stage to view some timber land.

E S Durker, advance man for Prof Holbrook, left for Roseburg on last night's 1124 overland.

Geo Noland, of Astoria, returned home this morning after a visit with Lane county relatives and friends.

Mrs W S Gilbert will go East about March 1st, on a several months' visit. Rev Mr Gilbert will join her about May 1st.

Fusion Was Discussed.

ALBANY, Or, Jan 12.—The populist county central committee held a meeting here today, which populists generally were invited to attend, to discuss the question of fusion. There was not a division of sentiment on the subject. After much discussion a resolution was adopted declaring it to be the sense of the meeting that Lane county populists should nominate a ticket of their own, but should divide the county officers with the democrats. H C Watson, democrat, was endorsed for circuit judge of this district. It was also decided to defer calling the county convention until after action was taken by the state committee.
