FRIDAY - JANUARY 21

BRYAN ON GAGE.

The present secretary of the treasury, Mr Gage, is eminently fitted to be the instrument of the financiers in the effort to complete the scheme commenced twenty-four years ago and continued without interruption until the present day.

He knows that the gold standard was adopted in the United States without any party ever asking for it; he knows that for twenty-three years after its adoption no party ever dared commend it; he knows that in the campaign of 1896 the party composed of bolting democrats was the only party which dared to declare the gold standard a blessing; he knows that at the polls 99 per cent registered their opposition to a single gold standard differing only as to the means of securing bimetalism; he knows that the president, to whose party he owes his position, sent a commission to Europe to beg other nations to help us get rid of the gold standard.

Mr Gage knows these facts and yet in spite of that knowledge, he is seeking to organize a money trust more dangerous not only to industries, but to the liberties of the people, than all other trusts combined.

PAUPER WAGES.

The advocates of the protective tariff have been assuring the toilers in all departments of industry that the Dingley bill was absolutely necessary to save them from competition with the pauper labor of other countries says the Cincinnati Enquirer. Thousands of workmen voted for McKinley with the assurance that their wages would be increased if the Dingley bill became a law.

The report of the city treasurer of Independence for 1897 shows that the receipts for that year amounted to \$2650, and that city warrants to the amount of \$2155 were cancelled.

There is considerable activity in the hop market in Independence, and several carload lots have recently been shipped from there. They have been consigned at an advance of from 5 to 9 cents a pound.

Wilbur Cornell, well known in Oregon, writes to his brother in Portland that he does not think half has been told of the Klondike riches. He also says that John Singleton, of Salem, took up a claim and sold one-half interest for \$28,000.

If you are going East on a business trip or on a visit now is the time to go. And when you go take the Northern Pacific for they are selling tickets at reduced rates. For full information call on or address R. McMurphy, General Agent, Eugene, Oregon.

AX BILLY. In New York a short while ago a baby was born in jail. Its mother was being tried for murder. Every womanly heart gives a thrill of sympathy at the thought of the plight upon the poor little baby's life. But a baby need not be born in jail to be unfortunate. Any baby which is not welcomed into this world with loving hearts and ready hands is unfortunate.

is physically weak and incapable of bestowing a healthy constitution upon her baby may darken its future with weakness and disease. A prospective mother ought to insure her baby's welfare by every means that Nature and science afford to keep her physical powers up to the very highest point. Every expectant mother ought to know and avail herself of the strengthening and re-educating properties of Dr. Pierce's Favorite Prescription. It gives health and endurance to the delicate organs concerned in motherhood. Taken early during the period of expectancy, it makes the coming of baby perfectly safe and comparatively easy. It makes the mother strong and cheerful, and gives health and natural vigor to the child.

It is the only medicine of its kind devised for weak and delicate women by an educated, experienced physician. For nearly 30 years Dr. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. His thousand-page illustrated book, "The People's Common Sense Medical Adviser" contains advice and suggestions which every woman ought to read. A paper-bound copy will be sent absolutely free on receipt of 10 one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound for 25 cents. A sure and permanent cure for constipation is Dr. Pierce's Pellets. One "Pellet" is a gentle laxative, two a mild cathartic.

Something to Know. It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood.

Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Henderson & Linn's drug store.

A TIGER STORY.—Here is a genuine tiger story from the Bangkok Siam Free Press, just sent the GUARD by Minister Barrett: "A curious story comes from Nongkhal that throws some light on the folklore of the natives. For the last two months a tiger has terrorized the neighborhood of Nongkhal. This dreadful man-eater is said to have destroyed no less than 40 persons. No one in the district dares to go out after dark and even in the daytime the villagers go in groups for safety. All attempts have hitherto failed at either shooting or poisoning the animal. The natives allege that the animal is possessed by the spirit of a Burman. Two brothers are said to have practiced the black art and to have been able to change themselves into tigers or other animals at will. One, however, like Ali in the 'Forty Thieves,' forgot the magic word that made him a man again. It is this unhappy Burman, the people allege, who is now ravaging the country in the form of a tiger."
