UNION PARTY RESOLUTIONS.

The Plan for a Union of Silver and Reform Forces Outlined by a Meeting of the Lane County Union Party at Eugene, Saturday, February 19, 1898.

EUGENE, OREGON, Feb 19, 1898.
WHEREAS, At a non-partisan convention held at Albany on June 2, 1897, composed of leading Populists, Democrats and Free Silver Republicans from all parts of the state of Oregon, called for the purpose of adopting a plan for union of all the reform forces in the state, a committee composed equally of Populists, Democrats and Free Silver Republicans, unanimously recommended that during the state campaign of 1898 the Populist and Democratic party organizations be kept alive and intact, which report was unanimously adopted by said convention; and
WHEREAS, Thereafter, on July 10, 1897, at Eugene, Oregon, a non-partisan county convention was held, composed equally of Populists, Democrats and Free Silver Republicans for the purpose of organizing the reform forces on union lines in Lane county, at which the plan of organization as recommended by said Albany convention was unanimously recommended and adopted; and
WHEREAS, The same plan of organization was thereafter ratified and adopted at a joint conference of the Populist, Democratic and Free Silver Republican county central committees held at Eugene, Oregon, on December 22, 1897; and
WHEREAS, The plan of keeping the Populist and Democratic organizations in state and county alive, has been at all the conferences heretofore mentioned unanimously approved and adopted by all the reform factions;
RESOLVED, That we, the Union County Central Committee for Lane county, believe that such plan is advisable under the peculiar political conditions existing, and that such policy will tend to insure the success of the union movement in Lane county; and further, that it would not at this time under any conditions be advisable to make any natural change in the plans of organization that have heretofore and do now seem to meet with the approval of a majority of the reform forces. (Adopted). And,
WHEREAS, The state central committees of the Populist, Democratic and Free Silver Republican parties in Oregon are endeavoring to form a union of state and district tickets; and
WHEREAS, By action of said state committees heretofore taken, the state conventions of said three parties have called their respective conventions to meet at Portland on the same date, March 23, 1898, for the purpose of consummating such union of factions;
RESOLVED, That we hereby endorse and recommend such action as is by said committee contemplated in order that the reform forces of the state may be enabled to support one state and district ticket. (Adopted).
WHEREAS, In order that said state conventions may be legally held, it is necessary that the respective parties in each county hold separate county conventions to select delegates to their respective state conventions,
RESOLVED, That it is proper and in line with the policy of the union forces in Lane county, Oregon, that the Democratic and Populist parties each call their county conventions prior to March 23, 1898, for the purpose of electing their delegates to their respective state conventions. (Adopted). And further,
WHEREAS, It is the policy of the Union party and reform forces in Lane county, Oregon, to put a union county ticket in the field for the coming campaign, it is hereby
RESOLVED, That it will further the objects of the reform forces in Lane county and assist in the movement for union of said Populist and Democratic county conventions when they meet, each to take action as follows:
First—Elect delegates to their respective state conventions.
Second—Elect each their members of their county central committee, and elect their chairman thereof.
Third—That either party desiring to keep its organization alive as heretofore recommended by the Union party, proceed to nominate each one candidate for the lowest office on the ticket to go upon the official ballot under their respective party names.
Fourth—That each of said conventions authorize their respective county chairmen, at a time to be by them selected, to join with the chairman of the Silver Republican county committee and the Union executive committee in calling Union primaries for the purpose of electing delegates to a Union county convention, and that such Union county convention, when called, nominate a full county ticket to be supported by all reform forces in Lane county, Oregon, and that said Democratic and Populist conventions each, after having taken such action, adjourn. (Adopted).
RESOLVED, That it should be policy of the Union party to nominate such persons as may have been nominated by the Democratic and Populist parties, as heretofore recommended. (Adopted). And further
RESOLVED, That we believe that the Union county convention should not be called to meet for the purpose of nominating a Union county ticket until after the Populist, Democratic and Free Silver Republican state conventions of March 23, 1898. (Adopted).

Highwaymen on Wheels.
A Wheelman of West 46th street, New York, was attacked, robbed and left senseless by two highwaymen, mounted on bicycles in Central Park. Repeated accounts of robberies by men mounted upon wheels have appeared in the papers in various parts of the country. Those depredators of the health, diseases of the kidneys and bladder, will likewise escape arrest, and pursue their atrocious career unchecked, unless they are arrested by the potent intervention of Hostetter's Stomach Bitters, the finest diuretic, as well as tonic, known to modern times. It is at the start that disease is most easily overcome. The use of the Bitters is followed by the happiest results in dyspepsia, liver complaint and nervousness.

Stowaway River Encroaches on Florence.
The West February 19.
For several years the current of the river has been striking against the bank in the upper part of Florence in such a manner as to keep constantly washing it away. It has already cut back for quite a distance and if something is not done to stop it and change the direction of the current, it is difficult to say what the result may be. In that part of town many of the lots adjacent to the river are owned by non-residents who take no steps to protect their property. Those owners who live here and see the need of it are anxious to have something done to save their property, but they cannot protect their own property, without, at the same time protecting the rest, and they think that all who would be benefited by the work ought to bear a share of the expense.

SENTIMENTS FROM WASHINGTON'S FAREWELL ADDRESS.
Americanism—Hon. E. R. Skipworth
"Citizens, by birth or choice, of a common country, that country has a right to concentrate your affections. The name of American, which belongs to you, in your national capacity, must always exalt its just pride of patriotism, more than any appellation derived from local discriminations."

Uses and Abuses of Partnership.
—Judge E. O. Potter
"Let me warn you of the most solemn manner against the baneful effects of the spirit of party generally. This spirit, unfortunately, is inseparable from our nature, having its root in the strongest passion of the human mind."
Righteousness Exalteth a Nation
—Rev. W. S. Gilbert
"Of all its disposition and habits which lead to political prosperity, religion and morality are indispensable supports. In vain would that man claim the tribute of patriotism, who should labor to subvert these great pillars of human happiness, these firmest props of the duties of men and citizens."

Our Foreign Relations.—Hon. G. B. Dorris
"Observe good faith and justice towards all nations; cultivate peace and harmony with all. Religion and morality enjoin this conduct and can it be, that good policy does not equally enjoin it. It will be worthy of a free, enlightened, and at no distant period, a great nation, to give to mankind the magnanimous and too moral example of a people always guided by an exalted justice and benevolence."

Popular Education the Corner Stone of the Republic.
—Pres. C. F. Chapman
"Promote, then, as an object of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of a government gives force to public opinion, it is essential that public opinion should be enlightened."

Music—America—Audience
The program promises to be one of much excellence and a large audience will be in attendance. The exercises will be held in the First Christian church, Tuesday evening, commencing at 7:30 o'clock. No admission fee will be charged.

AT THE SCHOOLS
The usual exercises commemorating this anniversary, held at the public schools, took place today, no recitations being held. Short programs were rendered and visitors given a chance to inspect some very meritorious work prepared in honor of the event by the pupils.

Tomorrow being a legal holiday, school will not be in session.

SOCIAL NOTES.

LAUREAN SOCIETY.

The principal feature of the evening was an address on "Electricity" by Mr. H. McAllister. He has made a specialty of electricity, both in theory and practical application and has constructed several pieces of electrical apparatus which have been pronounced equal to those imported from Germany. His address was devoted to an explanation of the electrical lighting system as used in American cities, and especially in Eugene. The different systems and plans used were illustrated by drawings and their underlying principles and differences explained. The address was very practical and the society learned many facts which will prove of great benefit in a world which is more and more moved by electricity. At the close of the address many questions were asked and answered which brought out many interesting and remarkable facts concerning electricity, such as—the method of locating a break in the Atlantic cable; how Tesla handles such large currents without injury; why incandescent lamps are placed in a vacuum and arc-lamps in the open air.

The officers of the society serve ten weeks, there being four elections during the school year. Nominations of officers took place this evening, the first regular meeting during the ensuing quarter.

The usual order of business, such as debate, prepared and extempore address was heard.

The Way to Go East.

STABAT MATER.

An Excellent Production by Eugene Oratorio Society.

Other Happenings of Interest.

The musical event of the year was the presentation of Rossini's "Stabat Mater" Saturday night at Villard Hall by the Eugene Oratorio Society, under the direction of W. Gifford Nash. Miss Benetta Dorris acted as accompanist, and her rare musical gift was never more appreciated than on this occasion. The chorus numbered about 40 voices.

Mrs. R. C. Brooks, soprano, Miss Katherine Glen (McMinnville), contralto, Mr. E. D. Resler, tenor, and Mr. Irving M. Glen, baritone, were the principal vocalists and soloists, and their work merits all due praise. Repeated demands were made for encore to solos, which in a number of instances were responded to.

Mrs. Brooks is a soprano of whom Eugene has reason to be proud, her tones throughout the entire evening being marked by great expression, and her sympathetic voice was in full accord with the spirit of the recitation. In her crowning number, "When Thou Concest," her voice proved rich in tone and of great volume from D to high C, taking the latter tone in fine form.

Miss Glen surprised her many friends by her rare contralto, which is of wide range, powerful, mellow and sympathetic. She was heard probably to best advantage in her solo, "I Will Sing of Thy Great Mercy," and in the quartet, "Hear Us, Lord." In the latter the tones of Miss Glen and Mrs. Brooks blended beautifully.

Mr. Glen, possessing a very musical voice, exceedingly well trained, and pure in tone throughout its entire register, pleased the audience, as he always does. The rendition of such music as "Stabat Mater" was not possible until he came to live with us.

Mr. Resler carried the tenor parts through with absolute nicety, his voice being especially well adapted for accompanist's work.

To the unceasing labor of the musical director, Mr. Nash, is due largely the success of the production of such classic composition as this one.

The Oratorio Society is a great factor as an educator of the musical people, and every assistance should be extended to it by our residents.

Something to Know.
It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Henderson & Linn's drug store.
