One of the finest and best equipped railroads is the Chicago, Milwaukee & St Paul. On our recent trip through South Dakota, Iowa, Minnesota and Illinois we tried this railroad and know whereof we speak. The road is splendidly equipped with fast trains, the coaches are all furnished with the latest improvements and it is a pleasure to ride with these people. They employ none but sober, industrious men who constantly look after the comfort and safety of the traveling public. Anyone traveling in the above or adjoining states should take the Milwaukee road by all means if it is convenient to do so. If you wish information concerning this excellent and popular road, ask any ticket agent, or write to C J Eddy, General Agent at Portland, Or, and he will gladly give it.—Genesee Idaho News.

RAILROAD TALK.

A Railroad Almost Sure to Tap the Interior Country This Year.

Blue Mountain Eagle: At Burns there is considerable talk of the projected railroad which will some time surely tap this vast section where hundreds of thousands of head of stock is raised and which has also valuable resources in timber and fertile lands, which with proper watering would blossom in gigantic gardens. The industrious people of Grant, Harney, and Malheur counties are confident that a railway would make it possible for hundreds of thousands of people to make for themselves homes in this rich and healthful section.
