HOPS AND PRUNES.

Yesterday's Salem Statesman says: Hops are holding up splendidly, and the choicer grades are selling very fast. More than three-fourths of the crop is now sold in Oregon and out of the growers' hands. The crop was between 55,000 and 60,000 bales, and was a good one, although a number of lots have been found which are off color and flavor and were improperly dried. The market is now ranging from 13½ to 15½ cents, and generally 15 cents is required to buy an average good hop. The Eastern markets are firm, but not quite up to the English. The world's shortage, as it was reported in these columns about three weeks ago, has proven about correct, and the indications are for a continued strong market. * * * * The prune market is not in quite so satisfactory a condition. The Eastern market is sadly disturbed and quotations are merely nominal. One prominent shipper, when seen yesterday, said: "If growers hold off, and do not offer too freely, the market will recover. There are 350 to 400 cars of Oregon prunes already sold for delivery in October and the first half of November. Cars are scarce, as is also box material, while the grading capacity is limited, and parties operating graders do not seem to realize the necessity of getting the goods through quickly, so that the seller can make a delivery on time."

A BRAVE RACE.

The New York Press brings back to life the letter of Beverly Tucker, written from Canada in 1865, and charging President Johnson with having procured the assassination of President Lincoln.

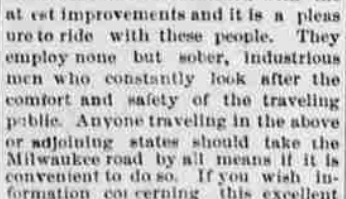
It recalls Johnson's ambition, his natural revengefulness, notes the mortification of the last Lincoln inauguration day, when Johnson was so drunk and when he was directly snubbed by Lincoln; the killing of Booth, that dead men could tell no tales, and makes out a strong case that Johnson was the only person on earth who had a strong personal interest in having Mr Lincoln killed. The letter is a reminder of the bitterness of those days, and makes it seem wonderful that there was ever any reconciliation between the north and the south. That such reconciliation has been accomplished in a single generation is, we think, a certain proof that the men of the United States are not only the most generous race that ever existed, but the very best and bravest people that ever fought out a glorious destiny for themselves.

The average yield of wheat in 1897 was: In the United States, 13.4 bushels per acre; in England, 29 bushels; in Scotland, 37 bushels. The relative yields usually run about in that way. We, of course, can produce as much wheat to the acre as European nations, if we use the same means. This they did not do, and we shall not do, until forced to do so by the exhaustion of the soil by continuous and unintelligent cropping. We have now got about as low as England ever was, and if precedent is to guide, must be about ready to put brains into our farming and increase our annual output.

The representatives elected to the legislature last June will get two whacks at the public crib—stationery, spittoons, etc. The Albany Democrat remarks that it is not often that the same set of men pass two appropriation bills, but that will be done in Oregon. No 1 has just been passed, a big one too, and No 2 will be attended to in January or February, and it will be made as big as possible, for that is the spirit of the majority.

The Kansas prohibitionists have placed a unique character on their state ticket for governor, in the person of ex-Senator Peffer. This will call forth all the ingenuity of the cartoonists, whom the Peffer whiskers have never failed to furnish a subject for illustration.

The Jacksonville Times says that one orchard in Jackson county paid $100 per acre clear of all expenses and this the second years bearing. This is good for the apple producer and shows what there is in this fruit.



A New Obstacle.

The old obstacles that used to prevent the marriage of loving couples are out of date. The blood-and-thunder villian is a myth nowadays. The cruel father is only a tradition. Distance, absence and shipwreck in these days of cheap, safe and swift transportation do not count. The new obstacle is a common sense one. It is ill-health on one side or the other, and sometimes on both.

Men nowadays hesitate to marry a woman, no matter how beautiful, no matter how attractive, or interesting, or witty, if she is a sufferer from ill-health. All men worth having desire happy, healthy children. Any woman who will, may fit herself for the duties of wifehood and the exalted function of motherhood. Dr. Pierce's Favorite Prescription banishes all hindrance in the nature of local ill-health. It gives health, power and capacity to the delicate and important organs concerned in wifehood and maternity. It corrects all displacements, allays inflammation, heals ulceration, stops exhausting drains and soothes pain. It prepares for natural, healthy motherhood. It makes maternity easy and safe and almost painless. It insures a new-comer constitutionally strong and able to withstand the usual ills of babyhood. It is the greatest of nerve tonics and restoratives. Medicine dealers sell it and an honest dealer will not urge a substitute upon you.

"After suffering untold tortures," writes Mrs. J. Ferguson, of Box 39, Douglas Station, Selkirk Co., Manitoba, "I thank God I found relief and cure in Dr. Pierce's Favorite Prescription."

The profit side of life is health. The balance is written in the rich, red, pure blood of health. Dr. Pierce's Pleasant Pellets cure constipation and make the blood rich and pure. They never gripe. By druggists.

One of the finest and best equipped railroads is the Chicago, Milwaukee & St Paul. On our recent trip through South Dakota, Iowa, Minnesota and Illinois we tried this railroad and know whereof we speak. The road is splendidly equipped with fast trains, he coaches are all furnished with the at est improvements and it is a pleasure to ride with these people. They employ none but sober, industrious men who constantly look after the comfort and safety of the traveling public. Anyone traveling in the above or adjoining states should take the Milwaukee road by all means if it is convenient to do so. If you wish information concerning this excellent and popular road, ask any ticket agent or write to C J Eddy, General Agent at Portland, Or and he will gladly give it.—Genesee, Idaho News.
