Yellow Jack in the Army. "It isn't the number of men that yellow fever kills that frightens you," said a soldier, "but the unexpected suddenness of its attack, and the rapidity with which it kills." A man 1; well and hearty at 3 p.m.; at 4 p.m. he is deadly ill; at 6 p.m. he is dead, and at 8 p.m. he is buried. The man who dies of yellow fever sometimes digs trenches right up to within four hours of his burial. In such the same manner men will work day after day in apparent health, and then will suddenly appear a general weakness. The body is giving out. It needs something to strengthen it, to tone up the stomach, and assist digestion. For this purpose Hostetter's Stomach Bitters is highly recommended. It is the best tonic ever made.

AN ARRIVAL. This is to certify that on May 11th, I walked to Melick's drug store on a pair of crutches and brought a bottle of Chamberlain's Pain Balm or infamatory rheumatism which had crippled me up. After using three bottles I am completely cured. I can cheerfully recommend it.—Charles H Wetzel, Sunbury, Pa.

A PRESIDENT ELECTED.—Criterion: The board of trustees of the Sodaville college held a two days and one night session last week and elected E C Perry president of the college, vice J R Geddes resigned. Mr Perry has not accepted as yet, and probably will not. He is teaching in eastern Oregon.

DISMISSED.—Chas Mann, who was given an examination this morning before Justice Wintermeier on the charge of stealing a wagon sheet from J T Brabham, was dismissed on account of lack of evidence.

AN EVENING PAPER.—It is said that Mr Dellinger, of Astoria, will start another evening paper in Portland next week. It is an old newspaper man and ought to make it win.

FALL CREEK MINES.—Several quartz claims have been located on the South Fork of Fall Creek during the past few days. Good mines are reported to have been found in that vicinity.

BETTER.—Dr J W Harris says that Hon J M Stafford is improving slowly, and the chances for his full recovery are good.

CHICAGO BAKERY.—Cakes and pies made with most careful baking. Home candies of pure material.

SHIPPING MOSS.—We have heard a good deal of joking about Oregon moss, but it seems to us to be utilized at last. We mean the moss of the trees, not that off some of the natives backs. The Albany Democrat says: Mr A Brownell today shipped to Fresno, Calif, twenty one bales of moss, gathered around Gates, to a big nursery there to be used in shipping fruit trees. On account of its moist holding qualities it is the best thing in the world for this purpose. The bales weighed from 150 to 175 pounds. They attracted considerable attention on account of being something new.

GOODALE'S MILL.—J C Goodale was in the city today. He informed us that the shinglers were at work and that machinists were also putting the top circular saw in position and that sawing would commence again Monday. Since starting up the mill about 200,000 feet of lumber has been sawed. He has just made a contract with the S P R R, to furnish the company with 500,000 feet of timbers. He expects his run of 3,000,000 feet of logs down in about ten days.

ANGORA GOATS.—Geo A Houck of Eugene, is making a reputation as a breeder of Angora goats. He has just received an order for his stock from Orland California. Mr Houck has about 600 well bred Angoras on his place near Monroe. He has made it a rule not to dispose of bucks until they are two years old, and his patrons never complain of their purchases.

RETURNED HOME.—Hon A G Hovey, who recently had a severe operation performed at Portland returned home on last night's train. He is still quite weak but is improving right along, although slowly. He expects to be confined to his residence a month before transacting business in his bank. The GUARD is glad to have Mr Hovey back with us again, as he is one of Eugene's leading citizens.

FIERCE MEN.—Lebanon Criterion: Dr W H Booth received last week, a letter from his brother Joel, at Manila, which contained a photograph of Joel and a Eugene boy, showing them in their light deck uniforms. They make a fierce looking pair, girded about as they are with cartridge belts, pistols and knives, besides having with them the regular army rifle.

GLORY TICKETS.—Yesterday evening County Clerk Lee issued a marriage license to William H Gilbert, 28 years, and Miss Vena M Ishmael 20 years; Also this forenoon he granted a license to N E Markley, 28 years, and Treasa D Drew, 19 years.

For Liver Troubles and constipation AYER'S PILLS are invaluable, always affording immediate relief. They are "The Best Pill." K. S. MAYO, Edna, Minn.

DYSPEPSIA. For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking CASCARETS and since then I have steadily improved, until I am as well as I ever was in my life. DAVID H. MURPHY, Newark, O.

CANDY CATHARTIC. Cascarets. REGULATE THE LIVER. Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weakens, or Gripes, Cures Constipation. CURE CONSTIPATION. Sells and guaranteed by all druggists to CURE THE TUBERCULAR NO-TO-BAG.

A WINDY SEN.—Corvallis Gazette: "The Eugene GUARD is somewhat sarcastic in its remarks about Lane county's venerable senator, Rev Dr Driver, agent his bill known as Senate Bill 76, 'To protect citizens from scurrilous attacks from the public press.' It's true that the senator's grammatical construction could have been improved in the title of his pet message. We have not seen the bill, but have no doubt but that the composition exhausted all the pronouns 'I's in the state printing office in setting up the bill that is to put all newspapers out of the 'scurrilous-attack' business. No other county in the state except Lane is able to indulge in the luxury of such rare talents to represent it in the state legislative halls. If Driver is a fair representative of Lane's citizens, they must certainly be a windy set."

SALMON RUN.—The ran of silver-side salmon in the Lower Siuslaw river has been the greatest ever known. For a number of days 3,000 to 4,000 fish were caught each twenty-four hours, besides the seine was not operated. The cannery, at Florence was completely blocked at times, and a large additional force of Chinamen were placed at work. This run is now ending but another one is expected as soon as it rains. The steamer Harrison arrived at Florence Tuesday with a load of supplies for the cannery, and will take out a load of packed salmon.

FIFTY YEARS.—In conversation with T J Hendricks today he incidentally remarked that he arrived in the Willamette valley at Pleasant Hill, Lane county, fifty years ago yesterday. He well remembers that day, and says it was like these days, sunny and pleasant. He was a barefoot boy of ten years of age. There were few settlers in Lane county then, and very few of those who saw that pleasant day remain to enjoy this sunshine with Mr Hendricks.

ORATOR CHOSEN.—Eugene Lodge No 257, B P O Elks will observe memorial services on the first Sunday in December, as provided in the constitution of the order. Judge J W Hamilton, of Roseburg lodge, has accepted an invitation by the lodge to deliver the memorial address upon the occasion. This is an excellent selection. The best of music will be secured.

FIFTY CAR LOADS.—W H Cloz and J E Bratt, of Arkansas, who are here buying apples, say this is a great apple country if the trees were properly cared for and thorough spraying was indulged in. They have orders for 50 car loads of apples at fine prices. They are the gentlemen that purchased Mr Tallia's crop at 90 cents per box.

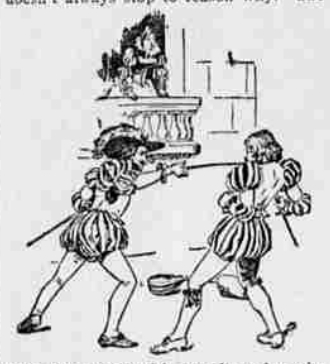

PURE CANDIES.—The Chicago Bakery in Hotel Eugene building manufactures candies. They vouch for the purity of the sugar used in their candies. When you want candy do not forget that there is homemade.

KICKED.—Tom Murphy, the Florence stage driver, was slightly kicked in the side of the head by a horse at Tallman's. Nothing serious. He has resigned his position as driver.

Not the Albany Thirst. Albany Democrat: "A Cincinnati firm writes the Democrat: 'Why not let us ship you subject to approval, a trial order of our celebrated Guggenheimer eye, seven years old, delivered in plain boxes, with no marks to indicate contents, at only \$3 per gallon.' No thank you, we don't drink. Send it to Eugene." That firm is not acquainted with the Albany thirst. Seven year old Guggenheimer ought to be pretty mellow, but nothing but straight goods go in that town. Make the proposition alcohol and Albany will take the bait.

THE WAY TO WIN A WOMAN.

A man must fight to win a woman. It is not always a duel with rapier that he must engage in. Sometimes it is a struggle which on the surface appears to be far more peaceful than any battle at arms. It is the soldier only who must be brave. Men need courage to succeed anywhere in life. A mechanic or a farmer needs "grit" in his soul as well as on his hands. Whatever line of work a man is called upon to make his way in the world he must show pluck and steady, persevering determination if he expects to win and hold a worthy woman's affection. A woman judges a man from appearances. If he is energetic and forcible she doesn't always stop to reason why. She

looks like the Spanish senorita at her window and applauds the man who fights bravely. He may win, he may lose; but he must never flinch in his fight. A man doesn't always do himself justice. He may make a bad showing when he really isn't to blame. It is common to say of a man who is timid and incapable that he is "white livered." Sometimes this is literally true, yet not any approach to a man either. Many a man with a brave, willing heart, but whose work acts at times like a lead, "quitters" just because his liver is out of order. It is the commonest kind of a disease. A man doesn't know what is the matter with him; he feels all the strength and energy oozing out of him; he can't work; he can't eat; he can't sleep; he can't even think clearly. He loses heart and courage and flesh; pretty soon he feels it in his lungs. The doctors call it consumption and prescribe lung specifics. But what the man needs is a medicine to go deep down into the foundations of the trouble; clear the poison out of his blood; wake up his liver, purify, revitalize and build up his system from the foundation stone. He needs Dr. Pierce's Golden Medical Discovery, which has cured innumerable cases of obstinate liver complaint which the doctors diagnosed as hopeless consumption. The work of this marvelous "Discovery" begins at the very cornerstone of life in the stomach and nutritive organism. It gives appetite, nourishment, rich blood, healthy, solid flesh. A cough is only a symptom; it is other things that make the cough; they must be got rid of first, the cough may be the last thing to go away. Dr. Pierce's marvelous "Discovery" isn't a lung specific; but it does more than any such specific can ever do. It sweeps out of the blood all the foul disease germs that lodge in the lungs and originate consumption; it heals and builds up the delicate tissues and imbues the entire system with strength and active energy. The fact is well established that the "Golden Medical Discovery" cures weak lungs, bleeding from lungs, obstinate, lingering coughs, laryngitis, bronchitis, throat disease, and kindred affections of the air-passages, which, if neglected or badly treated, lead up to consumption. Many thousands of well established cures of such cases are reported by the most trustworthy citizens. Many of these cases had been pronounced consumption—and incurable—by the best local physicians before the sufferers commenced the use of Dr. Pierce's Golden Medical Discovery. Dr. Pierce's Favorite Prescription is recognized everywhere as the greatest of nerve and strength builders for weak and ailing women. His "Pleasant Pellets" are acknowledged as the most perfect natural laxative ever prescribed. Out of his lifetime experience as a practicing physician and professor of physiology, Dr. Pierce has compiled a wonderful thousand-page book, illustrated with over 700 drawings and several colored plates. It is entitled the People's Common Sense Medical Adviser, and is a complete family medical library in one volume. Nearly seven hundred thousand copies were sold at \$1.50 each. Dr. Pierce considered the profit on this sale warranted him in issuing a free edition, and a paper-bound copy will now be sent absolutely free for the bare cost of mailing, at one-cent stamps, or in heavier French-cloth covers for 31 stamps. Address World's Dispensary Medical Association, 671 Main Street, Buffalo, N. Y. Only one copy will be sent to one family. It should be in every family in the land.
