### MOTOR LINE

Junction City Wants It to Touch That Place

Junction City Times of yesterday: "A new plan has now been laid for building a motor line from Corvallis to Eugene via Junction City. A meeting of a number of our citizens was held in the city hall Thursday for the purpose of taking some action in regard to the matter. A committee was appointed to confer with a like committee from Eugene, Monroe and Corvallis to decide upon a plan of action in regard to raising a subsidy and discuss other matters pertaining to the proposed road. C. W. Washburne, J. W. Geary and H. S. Wallace were appointed as the committee. The scheme in detail is yet in embryo and for that reason we cannot present all the facts to our readers. There is so much to be considered in connection with the building of this road that it has not assumed a positive form. However, we have great faith in the enterprise and hope to see it succeed.

"The completion of this road would mean a great deal for this vicinity and every man interested in the welfare of the city should lend his moral and financial aid. This is an opportunity that should not be allowed to pass without an effort on our part. If we do our part the road will run through Junction City, and if we do not make an effort, a golden opportunity is lost. We have got to have that road."

**JUNCTION CITY NEWS**  
Clipped From the Times of January 21.

The big 15-ton boiler recently purchased by Bushnell & Mahon, was successfully moved from the depot to the dryer this week. Messrs Bushnell & Mahon have also purchased a new 50 horse power Erie city engine and two steel fans of the pattern known as Iron city. This new machinery has been ordered from the east and will arrive in due time. They have the lumber on the ground to build a new engine room, size 24x42. Work on the new addition to the plant will commence in the spring.

The recent rains and the Chinook winds have caused the river to rise and in some places overflow the banks. The work on the upper river done by the government a year ago has resulted in much good to Lane county. Removing the snags and drift and riprapping on the west side of the river near Irving has kept the river in the main channel. In past years every little freshet caused an overflow and with a little more work the stream would be navigable to Eugene most of the year.

Junction City is well protected from fire. Besides an engine, and regular fire company, every citizen is a trained fireman from actual experience. We doubt if General Shafter could call into action a company of soldiers as quick as the citizens of this town respond to a fire alarm. They have nearly all been trained by the numerous fires that have visited this city in the past years. Every man drops his work at the first tap of the bell and away to the fire, ready to help his neighbor. With any legitimate fire there will be no serious loss.

### Spain's Sunk Ships Floated.

Perhaps the greatest mechanical feat of the century has been the raising of some of the Spanish warships which were apparently shot to pieces at Santiago. It seemed utterly impossible to float them because of the terrible damage inflicted by our guns, but the task has been accomplished. Diseases of the blood, stomach and liver frequently wreck the health so that there appears to be no chance of recovery. But when Hostetter's Stomach Bitters is taken, the disordered system is speedily restored to its old-time vigor and tone. The Bitters will regulate the liver, bowels and digestive functions and purify the blood. You can buy this remedy in any drug store, and under no circumstances should you accept anything said to be "just as good."

## The Rush for Gold.

From the Times, Aug 22, 11.

The rush of gold seekers to the Klondike brings thrilling memories to the "forty-niners" still alive, of the time when they scoured the continent or faced the terrors of the great American desert on the journey to the land of gold. These pioneers tell some experiences which should be heeded by gold seekers of today. Company numbers and faulty diet killed large numbers, while nearly all the survivors were afflicted with disease, many of them with rheumatism. Such a sufferer was A. J. Van Vleet, a young man who now resides at Bluffs, Ill., where he is president of the board of trustees of the peace and was the first president of the board of trustees. In a recent interview he said:

"I had been a sufferer of rheumatism for a number of years, but I finally placed my case with several physicians and doctors with no good result, but they failed to do me any good. Finally, with my hopes of relief justly exhausted I read an article regarding Dr. Williams' Pink Pills for Pale People, which induced me to try them. I was anxious to get rid of the terrible disease using them about March, 1897. After I had taken two boxes I was completely cured, and the pain has never returned. I think it is the best medicine I have ever taken, and am willing at any time to sign my name to any testimony setting forth its good merits."

AMAS VANDUGRY, (Signed) Subscriber and sworn to before me, this 20th day of September, A. D. 1917.

FRANKLIN C. PERRY, Notary Public.

Mr. Vandugry's statement ought to be regarded as a criterion of the good merits of these pills, and what better proof could a person want than the above facts. These pills stand unrivalled as a tonic for the blood.

## Modern Science Recognizes RHEUMATISM as a disease of the Blood.

There is a popular idea that this disease is caused by exposure to cold, and that some localities are infected with it more than others. Such conditions frequently promote the development of the disease, but from the fact that this ailment runs in certain families, it is shown to be hereditary, and consequently a disease of the blood.

External applications, therefore, may afford temporary relief, but to cure the disease it is necessary to treat it through the blood.

Dr. Williams' Pink Pills

for Pale People go directly to the seat of the disorder, purifying and enriching the blood by eliminating poisonous elements and renewing health-giving forces.

The genuine are never sold loose by the dozen but always in packages like this.

At all druggists or sent postpaid by the Dr. Williams Medicine Company, Schenectady, N. Y.

Price fifty cents per box.

### RESOLUTIONS OF CONDOLENCE

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'" For sale by Osburn & DeLano.

What are Schilling's Best good for? Good for anybody who likes good things and doesn't want to pay for adulteration.

For sale by Gray & Sen.
