QUESTION OF REGULARITY.

The A and S machine Bill Passed by the House Was a Duplicate and Not Original Bill.

Portland Telegram: "Will the Proebstel bill, to abolish nickel-in-the-slot machines, become a law?"

"This is a question that is agitating the cigar dealers just now, and causing them considerable perturbation of spirit."

"The only hope of cigar dealers lies in the alleged irregularity in the passage of the bill by the house. The senate passed the bill by a large majority, and a duplicate of the bill was passed by a similarly heavy vote in the house. The reason the house could not get action on the original bill was that Representative Curtis of Clatsop county, who had it referred to the printing committee, of which he is chairman, had the bill in his pocket and himself in Portland when it was called up. This bill was never reported on by the committee, and it was not believed that the committee had any intention of reporting on it."

"The house however, resented this disposition on the part of the committee to hold the bill back, and when it was called up obtained a duplicate copy, with the proper endorsements from the senate. It was this bill that was passed by the senate. It was this bill that was passed by the house, and is now in the hands of the governor awaiting his signature. "The question now arises whether the house had a right to take action on a duplicate copy of the bill as long as the original was in existence, and no showing was made as to its loss. If the action of the duplicate bill is held to be legal there is every prospect that the bill will become a law. If it was not all legal efforts to legislate against these popular cigar winners and nickel losers have been for naught."

Dangers of the Grip.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Osburn & DeLano.
