A LARGE MILL

Will Employ Between 500 and 700 People.

RAILWAY UP THE MOHAWK

The following is taken from the Portland Telegram:

"One of the largest lumber deals ever consummated in Western Oregon has just been effected.

"The Booth-Kelley Lumber Company of Saginaw, Mich., which already owns several hundred thousand acres of timber land in Western Oregon, has formed an association with some California capitalists and purchased 20,000 acres of timber land 20 miles east of Eugene, Or. The price was in the neighborhood of \$140,000.

"The company will begin logging and lumbering on an extensive scale. By fall it will have in operation a mill with a capacity of 100,000,000 feet, which will employ between 500 and 700 people, and means the building up of a community of 4000 to 5000 people. It will build a railroad from some point on the Woodburn & Springfield road, a distance of 16 miles, in order to tap the heart of the new district.

"The land just purchased belonged to the Southern Pacific Company, and the deal was engineered through the Southern Pacific land department. The district includes the heavily timbered sections along the Mohawk river and Miller and Mills creeks.

"A Booth of Grant's Pass, and the Kelley Brothers of Saginaw, are at the head of the company, which now operates a large mill at Saginaw. Extensive improvements are made possible by the company having interested some of the leading capitalists of California, whose names do not appear in the transaction. However these men have shown their faith in the lumbering industry of Western Oregon by furnishing all the capital needed for the purchase of the lands and establishment of mills and other improvements. The main promoters are active and energetic, and amply equipped for carrying forward such an enterprise."

MORE SOLDIERS FOR MANILA BATTLE AT PHILIPPINES

Hot and Rainy Season Will Not Cause Cessation of Hostilities.

CAVALRY MAY RESUME

New York, April 20.—A special to Herald from Washington says: Notwithstanding the presence of the hot season and the imminence of the rainy season in the Philippines, there is to be no cessation of active hostilities against the Filipinos.

This fact developed at a conference between the president, Secretary Alger, Secretary Long and Adjutant-General Corbin. It was also decided not to issue a call for the 25,000 volunteers authorized by the army reorganization law.

It is the purpose of the administration to send to the Philippines almost as many regulars as there are volunteers to be returned. There are 15 volunteer regiments which, according to General Otis, will return home commencing May 5.

Regular regiments are now on their way to Manila. With their departure only three infantry commands will remain in the country available for service in the East. It is understood that if conditions continue satisfactory in Cuba, a couple of regiments of infantry will be drawn from that island and the Eleventh from Porto Rico.

There is talk of dispatching cavalry to General Otis.

IT WAS TO LAUGH.

"Child of the Regiment" Scores a Big Hit by the Shirley Company.

The usual crowded house was seen last night at the Opera House, assembled to see the Shirley Company in comedy roles, and for the frequent, almost continuous, roars of laughter, there can be no question as to the success of the plays presented. "A Happy Pair" opened the evening's bill and proved a very happy little comedy full of telling lines and good situations. Miss Shirley and Mr Cooley sustained the roles Mrs Honeyton and Mr Honeyton respectively, their work being greeted with every mark of approval. Following the playlet named "Child of the Regiment," a two act musical comedy that warmed the hearts of every one present and made them forget their troubles for two solid hours, during which people roared and laughed until almost exhausted. This play is without question, one of the happiest selections made by Manager Smith. There is nothing heavy about it and what there is of it, was apparently written for laughing purposes only, for what little serious sentiment it has is lost in the maze of fun. Miss Shirley as Josephine proved a very great surprise. From Vera, in Melba, the preceding night, to a "soubrette" role like the "child" of the regiment, is a big jump, but one easily and gracefully accomplished by this very clever artist, whose talent and versatility are seemingly endless. She received much applause and was recalled twice on her specialty numbers. Miss Baker and Miss Sinclair acquitted themselves creditably in their respective roles. Of the men, Mr Plumer comes in for heavy honors. His opportunity came as Pumpernickel, the steward, he quite convulsed the house. His make-up was grotesque in the extreme, and his facial expression of itself a study. Mr Plumer is certainly a capital fun maker in this play and deserves the success he achieves. Mr Cooley as Guillot appeared to good advantage, the comedy of the part being well presented. Mr McQuarrie as Escalade, further established himself in favor as a character actor and showed he could do something besides villains. Mr Ralston as the Duke, had a congenial role and presented the eccentricities of the character in capital style.

This evening "Under Two Flags," one of the best of the plays carried and one that ought to tax the capacity of the house. This drama is from Ouida's great book of the same title, and it is said to abound in heroic lines and thrilling situations, one's interest being brought up to a very high pitch.

Tomorrow afternoon "Uncle Tom's Cabin" for a matinee. No reserved seats. Ten cents for the children and twenty cents for their elders. Seat where you like. Doors open at 2 o'clock. Present indications favor a big afternoon house.

A meeting of the State Fair board is called to meet in Salem April 27. Jasper Wilkins of Coburg, is a member of the board.

COMING HOME

The Oregon Volunteers the First on the Roll.

ABOUT MAY 25

WASHINGTON, April 20.—Secretary Alger received a reply from General Otis to the inquiry as to whether the reinforcements proposed to be sent to him to relieve the volunteers would be sufficient for the purpose of the campaign. Otis replied in the affirmative.

The program for the movement of regulars to Manila and volunteers homeward will be carried out according to Otis' statement contained in the dispatch of yesterday. Otis added to the message the hopeful remark that he expects very shortly to be able to report a decided improvement in the situation at the Philippines.

WASHINGTON, April 20.—The volunteers in the Philippines will return home in the order in which they sailed for Manila. The date upon which troop sailed is as follows: May 25, First California, Second Oregon and detachment California artillery. SEEM TO BE QUITTERS

Minnesota Officers Declare They "Must" Come Home at Once.

St Paul, April 20.—Governor Lind received the following cablegram today: "Manila, April 20.—Lind, St Paul: The regiment must be ordered home and mustered out at once."

"OFFICERS OF THE REGIMENT" Governor Lind said he was unadvised as to the exigencies at Manila and is wholly in the dark as to the real significance of the message. It came in cipher, unsolicited, and its terms were as unintelligible to him as they were to the public.

TIMBER BROKEN.—After the fire alarm this afternoon some of the firemen went to the top of the bell tower, and made the discovery that the cross timber which supports the bell is split, and the bell was in danger of falling. A new timber will be put in at once.

WILL COME HOME.—A ticket has been sent Chas K Wilkinson by telegraph to Colorado and he will start for Eugene immediately upon its receipt. He is quite poorly. It is likely that our Oregon climate will benefit him.

MACCABEES.—The Lane county lodges are represented at the grand session in Portland by the following members: Eugene—W R Craig and C O Rice; Goshen—W B Dillard; Cottage Grove—J E Young.
