THE EUGENE GUARD-CALENDAR

A poultry journal says a difference of ten eggs in a year does not exist between the Leghorn, Red Caps, Hamburgs and Minorcas, and which of them is entitled to the extra ten is still a matter to be solved.

Eugene will celebrate the Fourth of July with suitable entertainment for visitors. People from the country may rest assured that their comfort will be the first consideration.

The mystery of life and death has puzzled many a philosopher. Alchemists of old searched in vain for some combination of drugs that would prolong life indefinitely. Common sense, chemistry and medical science have combined in this age to show man the way to a long and healthy life.

Common sense teaches that a man should not over-work or over-worry; that he should take ample time for his meals, for resting and for recreation and sleep; that he should not neglect the little bits of life, because they are the precursors of serious and fatal maladies. Chemistry has enabled man to make combinations of drugs that were impossible in the days of the alchemists. Medical science has taught when, how and why these combinations of drugs should be used, and that his whole body is improperly and insufficiently nourished. This medicine makes the stomach strong, facilitates the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and nerve tonic. It makes men strong in body, active in mind and cool in judgment.

It does not make flabby fat, but solid, muscular flesh, nerve force and vital energy. All medicine dealers sell it.

T. W. Jordan, Esq., of Corvallis, Whitely Co., Ky., writes: "About two and a half years ago I was taken with severe pains in my stomach. I was unable to eat or sleep. I was very weak and my blood was very poor. I tried Dr. Pierce's Golden Medical Discovery and have improved both in strength and weight."

The medicine dealer who urges some substitute is thinking of the larger profit he'll make and not of your best good.

Cannot Interview Dreyfus.

PORT DE FRANCE, Island of Martinique, June 7.—Dispatches from Cayenne say all efforts to interview Dreyfus have been futile. He is now under a guard of captain and four gendarmes. The prisoner is apparently in good health, but seems fatigued. The verdict of the court of cassation has caused a very favorable impression here and in French Guiana. Dreyfus refuses as yet to wear again the military uniform which he was permitted to do by the French government.

Boise City, Idaho, June 7.—"Mr and Mrs Ed West left last evening for Eugene Ore, where Mrs West's mother is very ill."

The widow Hearst of California has for her pet the state university at Berkeley, while Mrs Stanford

has here in the one bearing her son's name at Palo Alto. These two women are rivals in building up the two institutions from a money standpoint. If money will bring it about the youth of California will be supplied with approved literary and technical education.

The people endorse what Wm J Bryan has said against the greedy trusts, which are laying plans to control everything, the national government included. The trust problem is the most serious one that has confronted this government since slavery was abolished.

Some old sidewalks that have needed replacing by new ones for years are badly damaged by bicycles—to bear the stories of owners. The bicycle is not a sidewalk improver, yet is not responsible for all the harm attributed to it in this line.
