HOW WE APPLES FLOAT.

A little more than a year ago Mark Hanna was rushing around the Capitol at Washington tearing his shirt and begging Democratic senators and congressmen not to force the issue of war with Spain. "It will hurt business," shouted Mark with apoplectic vehemence. "It's none of our business to look after the Cubans—let them starve! Give us peace at any price," etc, etc. The people remember these things very well. They remember also that Hanna and Depew, and other bond and gold worshipping sons of Belial, even went so far as to declare that the destruction of the "Maine" was due to the incompetence and ignorance of her own officers and men, and that Spain should not be held responsible for this shocking crime. With these and other like incidents of the eventful period stamped indelibly upon the memory of the people, this paragraph from Hanna's platform, adopted at Columbus, Ohio, the other day, sounds passing strange:

"The magnificent achievements of our army and navy in the war with Spain for the liberation of the downtrodden and oppressed people of Cuba from the domination of Castilian despotism, accomplished under the master guidance of a Republican administration, are necessarily subjects for highest encomium by a convention of Ohio Republicans."

How things have changed in one short year! The Democrats, backed by independent Republicans, forced the issue, declaring the war for humanity, and thrashed Spain within an inch of her villainous life. Now the Hannacrats bob up serenely and claim all the glory. They whipped Spain and set Cuba free!

One of the proprietors of the traveling dog and pony show that recently passed through the valley got a warm reception in Astoria during an "initiation" into the mysteries of a secret society. The pistol used in the ceremony happened to have a lead ball in it instead of a blank cartridge as the handler supposed, and the initiate got shot through the fleshy part of the leg. It is likely he will decline further honors in that lodge.

Indictments against prominent citizens of Marion county for tampering with election returns have finally been dismissed. Yet some refutations have been badly shattered, and one man, who had held an office of trust and honor, is a fugitive from justice.

A charivari party in Kansas reached the possible limit of such foolishness by shooting the bride and groom because they objected to such attentions. The bride's face and breast were filled with buckshot, causing death within an hour, and the groom was seriously wounded.

Kentucky scores another death in one of her notorious feuds. When immediate male relatives get killed off these feuds stop, like a fire burning out for lack of further material to feed on.

The Oregon boys are on the water bound for home. They left the Philippines none too soon to escape the unhealthy season. Two deaths reported among their number during the past week.

Portland university has moved to less pretentious quarters, which means that the mortgage has taken the big building and ample grounds across the river from Portland.

Dewey is the lucky man among the admirals. His pay has been fixed at $13,500 a year, nearly double that received by any other admiral.

When President Loubet of France attends a horserace he is surrounded by detectives. Great honors in Europe carry attendant personal risks.

Reports are that foreign wheat is short. This should make domestic prices long.

A robust, manly son and a cooing baby-girl nestling in her bosom — what more can any womanly woman ask? It is a boon that Heaven intended should be granted to every woman.

Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health during the period of prospective maternity. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and virility, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the only unfailing cure for all weakness and disease of the delicate and important organs that bear the brunt of maternity. It makes these organs strong, healthy, vigorous, virile and elastic. It makes the prospective mother strong and cheerful. It robs maternity of its perils. It insures a baby constitutionally strong. It is the invention of an eminent and skillful specialist, who has had thirty years' training in this particular branch, during which time he and his staff of physicians have prescribed for many thousands of women. Medicines dealers sell it and an honest dealer will not urge upon you an inferior substitute merely for the little added profit he may make thereon.

"I am the mother of a nice baby four and a half months old," writes Mrs. J. B. Clough, (Box 201) of Lisbon, Grafton Co., N. H. "I cannot give too much praise to Dr. Pierce's Favorite Prescription."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."
