## NEEDS 100,000 MEN.

Regimental Surgeon Franklin M Kemp, of the Fourteenth infantry, who has just returned from Manila, arrived in Astoria Friday of last week on the steamer State of California. In an interview on the Philippine situation, Surgeon Kemp said that the reinforcements now being organized for the islands are wholly inadequate to suppress the insurrection. He says that, with the troops already in the field, the reinforcements will not bring Otis' forces above 65,000 men. These troops will be able to cope with the insurgents in the immediate vicinity of Manila, but, it should be remembered, Dr Kemp says, that there are 65 tribes in a state of rebellion, and they are a people who have never known what it was to be conquered.

"If General Otis needs a man," said Dr Kemp, "he needs 100,000 to crush the rebellion. Even with this force, it would take, at a conservative estimate, five years to restore peace, or, at least, to render it a safe proposition to locate on the coast. Twenty years will be required before Americans can venture with any security away from the coast to colonize the fertile countries of the interior."

## ALL KINDS OF WEATHER.

Pacific Coast weather is more than usually erratic this year. While California is suffering from a drouth, Oregon and Washington are getting altogether too much summer rain for the benefit of the crops that are ready for, and awaiting the harvester. Another section reports snow. The Lakeview Register of August 17th has this about the weather across the mountains on the southern boundary:

"The summit hills east of Lakeview were decorated with a covering of beautiful snow during the night of the 13th. People who have never heard of snow in August might as well jot this down. Years ago it snowed here on the 4th of July while F Miller was selling ice cream."

Under the treaty of Paris the Sultan of the Sulu islands in the Philippine group becomes an officer of the United States, arrangements being that he will continue to govern the Sulu islands in his own way without any let or hinderance from the President. His subjects will continue to be serfs, and the Sultan will continue to sell their wives and children as in the past. The United States will be required to pay him the annual amount agreed upon, or he will haul our flag down and repudiate the contract. President McKinley has recently sent General Bates to pay him the first installment of ten thousand Mexican dollars.

French courts and their methods of procedure are an enigma to English speaking people. In addition to what the witnesses know they give the jury the benefit of their opinions. An important witness against the defendant in the Dreyfus case said: "I was convinced of the guilt of Dreyfus, and this conviction is as strong today as ever." No wonder Dreyfus protests against such statements from an influential witness.

Klamath Falls, across the mountains in Southern Oregon, had but two boys among the Oregon Volunteers, but they got a royal welcome on returning home. At the foot of the long hill near town they were met by a brass band and delegation of citizens and escorted to their homes, being greeted with cheers as they passed through the streets. In the evening a public reception was given them at the opera house, followed by a ball and banquet.

The recent earthquakes in Southern California did some good after all. They opened up old, played-out oil wells, which have since been flowing, and disclosed rich gold deposits in the San Bernardino mountains. In Los Angeles they showed where architects, contractors and builders slighted their jobs in the construction of buildings.

September 4th, Labor day, is a national holiday by congressional enactment. It comes at too busy a season of the year to secure more than limited observance in agricultural districts. In manufacturing centers it will be celebrated in a befitting manner.

A tariff on the products of a trust is a tariff for monopoly.

**Feeding the Fire.**

The most powerful engine must stop if the fires are not fed. Man is the most wonderful piece of machinery in the world, yet no matter how strong and well made his bodily frame may be, if the fire of life within him is not constantly fed his limbs and muscles become powerless and useless.

The reason men become helpless and diseased is because the food they eat, which is the fuel of life, is not properly digested and appropriated by the stomach and nutritive organs. It is not completely transformed into the strength and working power which is to man what steam is to the engine.

That wonderful power-making "Golden Medical Discovery," invented by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., imbues the human digestive juices and blood-making glands with capacity to extract abundant nourishment from the food. It builds up organic tissue, nerve fiber, hard muscular flesh and working force. It gives a man *steam*.

What it did for Mr. F. S. Hughes, of Junction, Hunterdon Co., N. J., is given in his own words. He writes: "I received your kind letter, and in reply would say that mine was a bad case of kidney and liver trouble, and that six bottles of Dr. Pierce's Golden Medical Discovery and four bottles of little 'Pellets' effected a complete cure. It is well known that almost every engineer is troubled more or less with kidney trouble, especially on our fast express trains. I run one hundred and forty-four miles on those trains every day in the week, and have had no return of the trouble since taking the remedies, nearly three years ago."

## "The Milwaukee"

The familiar name for the Chicago, Milwaukee & St Paul Railway, known all over the Union as the Great Railway running the "Pioneer Limited" trains every day and night between St Paul and Chicago, and Omaha and Chicago, "The only perfect trains in the world." Understand; connections are made with all transcontinental lines, assuring to passengers the best service known. Luxurious coaches, electric lights, steam heat, of a verity equaled by no other line.

See that your ticket reads via "The Milwaukee" when going to any point in the United States or Canada. All ticket agents sell them.

Northern Agriculturist, published at Minneapolis, Minn, of Aug 15, says: "And the people of Oregon—what are they like? They are like the restless sea, in energy; like their own great forest trees, in bigness of heart; like their bounteous torrents of rain falling upon the just and the unjust, in their cordiality to all who come to them as friends or as guests."

Portland society is astir over a separation in high life. Dom J Zan, son of the pioneer merchant, left the home of his wife last Thursday taking their four-year-old daughter to the home of his parents. The wife sued out a writ of habeas corpus for the return of the child and the case is in court. Mrs Zan is a leader in society, and was formerly Miss Allie Jackson, daughter of the well known commercial traveler Walter Jackson, and sister to Harold Jackson.
