"SOUND" MONEY.

President McKinley and the members of the present congress were elected to put this country more firmly on the gold standard basis. The announcement of the intended adoption of the Reed gag rules leaves no doubt that the pledge will be carried out. Silver bullion has fallen to the lowest price of the century, and wheat, which has never failed to accompany silver in market quotations, during normal crop production years, is even below the price of its running mate.

The gold dollar of the British importers buys more wheat than ever. Our wheat growers should be proud of that forty cent a bushel gold price. Wheat growers of silver countries, freight rates proportionate, are getting eighty cents in silver. Our farmers, though, may console themselves with the assurances of McKinley and his colleagues that they are paid in "sound" money.

It may be prosperity, with a big "P," but the agricultural classes feel that others are reaping whatever harvest there may be.

SIMPLE GEOLOGY.

An explorer in a new country makes most wonderful discoveries by observing very small facts. By the gravel he knews the exact rocks which are drained by the river. Speckled rocks, such as granite, tell a story of probably mountain ranges, even if none are in sight; and by the speckles the explorer can tell whether the mountain is brand-new and jagged, or old and worn.

By the pebbles it is quite easy, with a little practice, to read off the history of a country, to guess at its age. Flints mean a chalk formation; ironsands is the best possible indication of gold; lavas and basalts mean volcanic action. Terraces along the coast mean it is raising by jumps, as may be seen in Norway and Chile. Where the rivers cut deep between sheer walls on their coorse from the mountain to the sea, it shows there is no rainfall. Modern shells on top of high mountains mean that the range has only recently been lifted out of the sea.

"PRIME ROAST (CAYUSE) MEAT"

Eastern Oregon worthless cayuses may continue to range the bunch grass plains and hills without further danger of being cut into strips and canned for shipment to European markets that want cheap meat. These cayuses, mixtures of Indian ponies and our range horses, weigh from five to eight hundred pounds gross, and are sold on the range for about five dollars a head.

After slaughtering 4000 head of horses and pickling the flesh for shipment to Europe, the Linnton abattoir, on the Willamette river a few miles below Portland, has closed for the season. The greater portion of the horse meat was put up in cans and labeled "Prime Roast Meat." The profit this year has been small owing to the opposition to the sale of American meats in France and Germany. A lot of worthless cayuses have been removed from the ranges and will give more room for cattle and sheep. The opening of the horse cannery next year will depend upon the European market.

TRUST BEAUTIES.

Here is another object lesson for the American farmer:

Barbed wire in 1898, $1.99.

Barbed wire in 1899, $4.25.

Increase in cost of production, 10 per cent.

Increase in trust profits, 102½ per cent.

Increase in cost to consumers, 112½ per cent.

Something like two million bushels of old wheat is still being held in Whitman county by the farmers who were looking for a raise last year. The raise never came and they expect to hold until it does, in most if not all cases. The holders are large farmers and can afford to hold if they so desire.

Mother's Love

Is boundless. Yet it is utterly helpless to give strength to the child born with a low vitality. The time to give strength to the child is before birth and to impart this gift the mother herself must be strong. Dr. Pierce's Favorite Prescription gives strength to mothers. It preserves them in robust health in the months before baby comes. It practically does away with the pains of motherhood, and enables the mother to endow her child with a healthy body and a happy disposition. "Favorite Prescription" contains no alcohol and is absolutely free from opium and cocaine.

"I consider Dr. Pierce's Favorite Prescription the best medicine made," writes Mrs. Mary Murdock, of 220 Taylor St., Topeka, Kansas. "I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babies, some were born at right time, but dead, others were premature births; one lived to be one year old but she was always feeble. I tried different doctors but none of them could tell what my trouble was. I was examined by surgeons but they found nothing wrong. I did not know what to do, so I thought this last time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I can not praise your medicine enough for the good it did me."

Dr. Pierce's Pellets cure heart-burn.
