Things You Need To Know When Buying

No. 4.—Kimball pianos and organs
have won their way to
great favor and high rank by reason of expe-
rience covers a continuous period of forty
years as dealers and manufacturers. It makes
"assurance" doubly sure, coupling musical
worth with great durability, and proves the
ability of the Kimball Co. to furnish buyers the
most for their money.

The county ferry up the McKenzie,

place. R. R. Deadmond was sent up
with his logging team this morning to
pull it out.

Tuesday's Portland Telegram: "The

R. F. Finn was in town a couple of
weeks ago and had his finger operated
on for splinters. He went home to his
place on the McKenzie but the finger
continued to grow worse and swelled
to the size of his wrist. He came
down yesterday and an operation re-
sulted in the removal of some more
splinters that were causing the trouble.

Two Pointed Questions.

What is the use of making a better
article than your competitor if you can
not get a better price for it?

Ans.—As there is no difference in the
price the public will buy only the bet-
ter, so that while our profits may be
smaller on a single sale they will be
much greater in the aggregate.

How can you get the public to know
your make is the best?

If both articles are brought promi-
nently before the public, both are cer-
tainly to be tried and the public will
very quickly pass judgment on them
and use only the better one.

This explains the large sale on
Chamberlain's Cough Remedy. The
people have been using it for years and
found that it can always be depended
upon. They may occasionally take up
with some fashionable novelty put
forth with exaggerated claims, but are
certain to return to the one remedy
that they know to be reliable, and for
coughs, colds and croup there is noth-
ing equal to Chamberlain's Cough
Remedy. For sale by W. L. Delano.

Stoval, state lecturer and deputy su-

Human Ignorance.

A child was asked to name the prin-
cipal organs of the human body, and
this was his reply: "The organs of the
body are the heart, lungs and other
utensils." The ignorance of many
adults about the human body is ac-
tually appalling. Constipation is an-
noying but nothing serious. Bilious-
ness brings melancholia, but then luck
is blamed and not the liver. A dose of
Hostetter's Stomach Bitters would
quickly show these people where they
stand. This is the medicine which
has been known as the dyspepsia con-
querer for the past fifty years. It will
cure your stomach quickly and easily.
Get it and see for yourself. See that a
private Revenue stamp covers the neck

building of our new church edifice.
May the Lord reward them all in

DIED.—R. McMurphy was the re-
cipient of the sad news this forenoon
that his mother died at Prescott, Wis-
consin, at 1 o'clock this morning.
Death resulted from a stroke of ap-
oplexy received July 13, 1899. Mrs.
McMurphy was 70 years and eight
days of age, and was one of the first
settlers in that part of Wisconsin.
Was married in 1848, and seven chil-
dren, all alive, were the issue of the
marriage. The father survives at the
age of 70 years. Mr. McMurphy will
probably leave on the early train to-
morrow morning to attend the funeral.

Home Society, with headquarters at
Portland, came up on the afternoon
train. Any person knowing of home-
less children from four months of age
