AGREE ON A JUDGE

Oregon Delegation Indorses W.
C. Hale for Alaska District.

GOOD POSITION FOR A GOOD MAN.

WASHINGTON, Jan. 5.—Members of the Oregon delegation today united in unanimously recommending the appointment of Judge W. C. Hale, of Eugene, Or., as district judge of Alaska, to fill the vacancy caused by the resignation of Judge Johnson. Judge Hale was once judge of the first district of Oregon, and has strong indorsements from all of the circuit judges of the state, as well as the judges of the supreme court, and from prominent republicans. He was a candidate for the office at the time Johnson was appointed, and was then supported by the delegates to the national convention at St. Louis. Although at present this judgeship pays but \$3000, there are very good indications that the salary will be increased to at least \$5000. Moreover, should Judge Hale fail to secure this appointment, he will stand a very good chance of securing one of the new judgeships, as it is almost certain that at least one, and perhaps three, new districts will be created in Alaska by the present congress. Senator McBride thinks it very likely that the territory may be divided into four districts, as this number is really essential to an efficient judicial system, and is recommended by Governor Brady. With the Oregon delegation a unit for Hale, his chances of success in one of these offices are very bright.

PLAYED OUT.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of impure blood. No matter how it became so, it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons, or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. For sale by W. L. DeLano.

PERSONAL.—State Journal: "Geo. M. Miller, the founder of Florence and Fairmount, and for many years the leading real estate broker of Lane county, has returned to Eugene from Alaska, and expects to remain here a few weeks until his mining claims thaw out. He has several placer claims about 25 miles from Skagway. They are on the coast side of the mountains and do not freeze to any considerable depth but the water for sluicing and washing out the gold freezes during the winter months."

FIRST OUTPUT FROM BLUE RIVER

About \$3,000 in Gold and Concentrates from a Three Day's Run.

Eugene, Jan. 5.—The owners of the Lucky Boy mine, in the Blue River district, came to Eugene today with the result of the first clean-up of the new 10-stamp mill recently started by them. The gold represents the work of three days with the mill, and is estimated to be worth about \$1000. This, of course, does not include the value of the concentrates, which are supposed to contain about twice as much.

Considerable interest is taken in this clean-up, as it is the first real output of the district. The work of this small mill is expected to establish, beyond doubt, the value of the ore in the district, and the practicability of working it. If it is demonstrated that the ore can yield a good profit in working, it will be the means of attracting large capital and the establishment of large mining works. The work thus far, is very satisfactory to the owners of the Lucky Boy.

THIRTY-SIX.—The Oregon State Journal today is thirty-six years old, and has been owned and controlled all this time by the same person, Hon. H. R. Kincaid. It has been one of the most honorable and clearest journals in the state. The editorial in the paper would be a credit to the New York World or Herald. Since 1878 the present proprietors of the GUARD have been in the same field for business, and can say truthfully that no fairer and honorable gentleman lives than Harrison R. Kincaid.

Transval Loss of Life.

Moralists are discussing the terrible loss of life brought about by the Transval war. Yet here life is sacrificed for a purpose—for an honest principle. It were better to preach against the needless sacrifice of life. Thousands of people succumb to ailments which might easily have been checked in the beginning. Dyspepsia carries off more people than are killed in war. The use of Hostetter's Stomach Bitters would save many lives. Constipation may seem a little thing, but it invariably develops into something worse, and the longer it is allowed to run, the harder it is to cure. The Bitters cures indigestion, constipation, dyspepsia and biliousness, naturally and permanently, without shocking the system. It is good for everybody.
