A HEART OF PEARLS
A loud burst of applause greeted the famous singer Olympia as she finished the queen's song at the Gaiety theater.
Or Olympia's origin nothing was known, though there were many stories circulating about her. The one which gained most general credence portrayed her as a great lady who had been drawn irresistibly from a high social position to the stage and thereupon discovered by her family. The only certainty felt about her was that her reputation was irreproachable and that she kept the scores of admirers constantly rotating about her at a respectful distance.
When the song ended, the queen retired to a throne to receive the homage of the subjects in the play. It was a sumptuous procession which passed before her in gorgeous costume. Each subject as he passed before his queen stopped, bowed and then moved on to make room for the next. One among the number had excited her interest and sympathy. He seemed different from the others; his bearing was dignified, his face refined, his manners perfect. That he had suffered some misfortune she felt as sure as that he was worthy of something better than a humble part in a fairy opera.
When the play was over, she pointed him out to the manager.
"Who is that man?" she asked.
"A poor devil named Chatelain," replied the manager. "There are hundreds like him, doing this kind of work for 3 francs a day."
The manager was mistaken. His "poor devil Chatelain" was in reality a Spanish gentleman named Juan Rodriguez de Penalar. Born in Madrid, raised in the midst of luxury, he had inherited at his parents' death an enormous fortune.
Through bad management and extravagance this had gradually been reduced until only a small part remained. This Juan thought to use in the only way he knew as a means of redeeming the whole, at the gaming table, and here he lost all that was left to him.
It was at this time and under these circumstances that he fell in love with Olympia. The very hopelessness of his passion deepened it, and he worshipped her as a Greek might have worshipped a goddess. It was through his love that the greatest temptation of his life came to him.
On one of the most frequented boulevards in a jeweler's window he had noticed an exquisite piece of jewelry—a heart of pearls—and he had longed to possess it in order to present it to his queen as a token of his adoration.
One day the heart was gone from the window, and Juan could see it inside the shop, lying with many other pieces, on the counter. He stepped inside, where several people stood looking at all sorts of beautiful things displayed by the jeweler.
The heart of pearls was pushed a little away from the others. The people were not looking his way. He had stood out and slowly moved toward the cherished object. He turned cautiously to make sure he was unobserved and looked straight into the face of Olympia, the singer, who was standing just behind him.
"I saw you and followed you in," he said. "I have wanted to speak to you for a very long time. I am sure that you can find something better than your present position at the Gaiety. If you will take my card to Roberts, the theatrical agent, I am sure he can find you something more suited to you." And she drew a card from her pocketbook and wrote an address on it with a little gold pencil and handed it to Juan.
He managed to stammer his thanks, and she left him without knowing what she had saved him from.
Sleep did not come to Juan that night. Looking over his next morning's paper his eyes fell upon the following announcement:
"Don Jaime de Penalar, who died recently at Madrid, has left his entire fortune to his nephew, Juan Rodriguez de Penalar, who left Spain some years ago. Every effort is being made to find him."
The beautiful singer Olympia had just returned to Paris from a successful tour through Europe, and every seat in the house was sold for the opening night.
When the actress entered her dressing room, on the table lay a large bunch of lilies of the valley, and beside them a small jeweler's box. She opened it and saw lying on the white velvet a beautiful heart of pearls of exquisite workmanship. The name on the card was strange to her—"Don Juan de Penalar."
After her last triumphant appearance she received a card which brought to her bearing the same name.
"I will see him," she said to the boy.
When he came, she recognized him instantly, and it was her turn to be confused.
"You are not M. Chatelain?" she said.
"No, mademoiselle; I have come to my own again," he replied simply. "But I have never forgotten your kindness."
"I must thank you for your gifts," said Olympia. "The flowers I will keep, but the pearls I must ask you to take, as I cannot accept them. They are much too precious for a singer who thinks only of her art."
"If Olympia cannot accept them as a singer, can she not do so as the promised wife of the Marquis de Penalar?"
At the close of Olympia's Paris engagement a simple wedding took place at a little suburban chapel covered with ivy. The bride carried lilies of the valley and her only ornament was a heart of pearls.

A Mother's Plain Words
"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Aker's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Aker's English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would more than think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time."
(Signed) Mrs. FLOYD FOWLER.
Aker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 50c, 75c, and \$1 a bottle in United States and Canada. In England, 3s. 6d., 4s. 6d., and 6s. 6d.
We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

An Editor's Life Saved by Chamberlain's Cough Remedy.
During the early part of October, 1899, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—R.
