And now they shear goats with a machine. Three of the contrivances have been, with more or less success, in operation in Benton County, says the Corvallis Times. One of them, used by Frank Barger, on the Cress farm, has been able to shear about 50 goats per day. Another operated on a band of goats on Soap Creek had, at last accounts, only rolled up a record of about eight per day. An experienced and active man can, in the old-fashioned way, make a daily record of about 35 goats.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated of him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Linn's drug store.

A Ballad of Lost Love

The fair Anita has gone away;
"She is mad with her lover," the wise ones say,
And never that lover will recall,
Though her tears like rain in summer fall;
He is doubtless grieving for her today,
"He'll die for love," so the wise ones say.
The fair Anita in grief returns;
Cruel she was, and her proud heart yearns
For the jilted lover who weeps for her
So long her slave and her worshipper!
But where did her way through that lover find?
Not groping his way through a lost world blind,
But—playing billiards to ease his mind!

The committee on resolutions made the following report which was unanimously adopted:

RESOLUTIONS.

We, the republicans of Lane county, in convention assembled, reaffirm our allegiance to the Party of Progress, Liberty and Sound Money.

We glory in the history of the republican party, which for nearly half a century has always been able, when in power, to point to a treasury overflowing, to a country prosperous and happy, and to absolute loyalty of the party to the American flag.

We call attention to the wonderful change in the condition of the country since the present administration came into power, and the contrast between the conditions of now and four years ago.

Therefore, be it resolved, That we reaffirm our devotion to the republican party, and the principles of the same as laid down in the national platform of 1896.

We heartily endorse the course of the national administration, and especially commend President McKinley for the wire manner in which he has met the many and trying problems growing out of the late war with Spain.

Resolved, That the wise and able service in congress of Hon Thomas H Tongue meets with our approval, and that it be the sense of this convention that our delegates to the congressional convention be requested to do all they can honorably to bring about his re-nomination.

W. KUYKENDALL,

W. H. WEATHERSON,

GEORGE KELLY,

Com on resolutions.

The state delegates were instructed by resolution to use every means possible to secure the nomination of S I Moorhead as joint senator.

On motion a vote of thanks was extended to Hon S H Friendly as chairman, to Secretary Darwin Bristow and assistant, C F Hurlburt, the tellers and to Secretary L H Johnson of the county central committee who did much preparatory work for the convention.

The convention adjourned.

The Latest War News.

The latest war news is eagerly sought after. To some it brings happiness, as they read of valiant deeds accomplished, while to others, the same message brings sorrow, when they note the death or capture of their loved ones. There is also much sorrow and suffering throughout our own country by those who have been captured by that greatest enemy—Dyspepsia. For this, however, there is a remedy and that is Hostetter's Stomach Bitters, which also cures indigestion, constipation, biliousness, nervousness and insomnia, and as a preventative for malaria, fever and ague it is unequalled. It has a record of fifty years of cures to back it up and a trial will convince you that your case is not incurable, as you will find after taking a few doses your stomach will be strengthened.
