Passing of Yellowstone Park. It is stated upon good authority that the geysers which have made Yellowstone Park famous are gradually declining. Spots one the scene of extraordinary phenomena are now covered by buildings, showing that Nature's work has become exhausted. Tourists who have never visited the park are advised to do so soon, before they have passed forever. This information brings to mind, rather pointedly, the fact that decline in the law of the world, both geographical and physical. Health is the most precious possession in the world and too great care cannot be given to it. THE GOLDEN KOYOKUK. \$100 to the Pan, According to Some Reports. FRAYWAY, April 15.—The news has been brought up the Yukon by way of Dawson that reports of strikes of almost incredible wealth in gold have been made along the Koyokuk, and that camps along the Yukon have been greatly excited, and half of them are deserted by the men going on stampedes to the new districts. Jack Bourne arrived at Dawson from Circle City by dog team, bringing the report. Mr Bourne says the wild stories are in circulation as to the extent of the pay. One report has it that \$100 to the pan is a common thing, and he was assured by a reliable and conservative man that the diggings would average \$50 a day to the man. The gold is bright, pure, and assays \$19 to the ounce.

ARBOR DAY.—On account of the inclemency of the weather the Arbor Day exercises at the schools were held indoors, those of Central school being held at the Christian church and those of Geary school in that building. A program was rendered at the Christian church where Captain J M Williams gave a pleasing address. A evergreen tree was planted in memory of the soldier dead of the war. At the Geary an address was delivered by Col Geo O Yoran, eulogizing the late Captain Woodbridge Geary, who was killed in the Philippine war. A short program was given after which a black walnut tree was planted. ON COMMITTEES.—In the late republican state convention at Portland the following Lane county people were recognized: S B Eakin as a member of the committee on permanent organization, and E O Potter on platform and resolutions. In the democratic state convention I L Campbell was appointed chairman of the committee on credentials, and R M Veatch a member of the committee on platform.

C B Winn, of Albany, supervisor of census for the First congressional district, was in Eugene last night. He has not yet announced the appointment of his deputies, but is, so far as possible, making close examinations into the qualifications of applicants, and expects to have thorough work done. He returned to Albany on the early train.

Passing of Yellowstone Park. It is stated upon good authority that the geysers which have made Yellowstone Park famous are gradually declining. Spots one the scene of extraordinary phenomena are now covered by buildings, showing that Nature's work has become exhausted. Tourists who have never visited the park are advised to do so soon, before they have passed forever. This information brings to mind, rather pointedly, the fact that decline in the law of the world, both geographical and physical. Health is the most precious possession in the world and too great care cannot be given to it. In the spring you should renew your strength and revitalize your blood and nerves with the best of all medicines—Hostetter's Stomach Bitters. It also cures stomach disorders. Try it.

THE GOLDEN KOYOKUK. \$100 to the Pan, According to Some Reports. FRAYWAY, April 15.—The news has been brought up the Yukon by way of Dawson that reports of strikes of almost incredible wealth in gold have been made along the Koyokuk, and that camps along the Yukon have been greatly excited, and half of them are deserted by the men going on stampedes to the new districts. Jack Bourne arrived at Dawson from Circle City by dog team, bringing the report. Mr Bourne says the wild stories are in circulation as to the extent of the pay. One report has it that \$100 to the pan is a common thing, and he was assured by a reliable and conservative man that the diggings would average \$50 a day to the man. The gold is bright, pure, and assays \$19 to the ounce.

ARBOR DAY.—On account of the inclemency of the weather the Arbor Day exercises at the schools were held indoors, those of Central school being held at the Christian church and those of Geary school in that building. A program was rendered at the Christian church where Captain J M Williams gave a pleasing address. A evergreen tree was planted in memory of the soldier dead of the war. At the Geary an address was delivered by Col Geo O Yoran, eulogizing the late Captain Woodbridge Geary, who was killed in the Philippine war. A short program was given after which a black walnut tree was planted. ON COMMITTE
