...AX BILLY...

THE COUNTY DEBT.

What the Semi-Annual Statement Actually Shows.

IT IS ALARMING.

On March 31, 1890, County Clerk Lee prepared the following official semi-annual statement:

LIABILITIES.	
To warrants drawn on the County Treasurer and outstanding and unpaid.....	\$109,695 98
To estimated amount interest accrued thereon.....	5,000 00
Total liabilities.....	\$114,695 98
RESOURCES.	
By funds in hands of County Treasurer applicable to payment of county warrants.....	\$ 3,300 00
By estimated unpaid current taxes applicable to payment county warrants.....	60,939 33
By value tax sale certificates applicable to payment county warrants.....	2,500 00
Total resources.....	\$66,739 33
RECAPITULATION.	
Total liabilities.....	\$114,695 98
Total resources.....	66,739 33
Net indebtedness of Lane county.....	\$ 47,956 65

It will be seen at a glance that the debt of Lane county is alarming in the extreme.

County Clerk Lee by twisting figures makes the debt \$47,956 65. This is false and misleading. In the first place he appropriates all the taxes levied and calls them "resources," when he is fully aware that a delinquent tax list is always returned. Even under the excellent collections of Sheriff Withers, he reported last year delinquent \$1,437 18, only \$356 94 of this being on real property, the balance being on corrections to the roll and personal property that had left the county. This is certainly poor "resources"; and again, generally the average delinquent tax list is from \$3,000 to \$4,000.

And again, he has found a new "resource," tax sale certificates applicable to payment of county warrants, estimated at \$2,500. He is the first man to find this. In fact, this is already labeled as a "resource" under tax collections. Again, the property bid in by the county is generally that which other buyers are afraid of, hence must be quite poor "resources." Again, the county has been in the habit of appropriating all this "resource," when in fact one half of it belongs to the school fund, school districts and cities.

The outstanding warrants at this time amount to:	\$109,695 98
Up to March 31, 1900.....	3,000 00
For the month of April, 1900 (estimated).....	6,000 00
Estimated interest.....	\$118,695 98

Not a single warrant has been paid since November 10, 1898. Lack of funds is the cause.

RESOURCES.
Lane county has no resources on hand applicable to payment of county warrants excepting \$3,300, and in fact this sum, by law provided, will be used in paying state taxes, and will not be used in reducing our interest-bearing debt. We will state further: That the county owes state taxes yet over \$16,000 which must be paid first, and then after this the school fund is entitled to five mills on all collections. It is not at all likely that a call for county warrants can be made by Treasurer Patterson before the latter part of May or first of June. And our county debt will increase.

Last year the delinquent tax list was not made up until December. Taxes will probably not be paid more promptly this year. By that time the taxes will pay some old warrants while new ones will be issued in their stead, and the "resources" will vanish. Of course this is if the PRESENT CONDITIONS REMAIN UNCHANGED.

SOME TRUTHS.
The debt of Lane county March 31, 1900, approximated: County warrants outstanding \$109,695 98, and interest (estimated) \$6,000 \$115,695 98. If the "resources" are subtracted then the running expenses for 12 months should be added, which amounted from April 1, 1899, to April 1, 1900, to.....

74,683 59
Estimated interest to accrue between March 31, 1900, and March 31, 1901, on warrants.....
7,000 00
\$197,381 57

"RESOURCES"—IN FUTURE.	
Taxes to be collected.....	\$ 59,439 33
Tax certificates (estimated collection).....	500 00
Cash in hands of Treasurer Patterson.....	3,300 00
Total.....	\$63,239 33

SUMMARY.	
Total liabilities.....	\$197,381 57
Total resources.....	63,239 33
Total debt March 31, 1901 (estimated).....	\$134,142 24

In the year from April 1, 1899, to March 31, 1900, \$10,231 were paid for court house.

PRESENT DEBT.
The present debt of Lane county today is in excess of
\$118,000.00

Citizens and Taxpayers of Lane county, study these figures.

The Register, the official republican paper, virtually pledges the republican candidates to follow in the footsteps of the present board of commissioners.

For comparison, we give Linn county's statement, recently issued:

SEMI-ANNUAL SUMMARY STATEMENT.

Danger of Ocean Wrecks

It is stated that the Atlantic Ocean contains many wrecked vessels which drift hither and thither, and as their positions change with the winds and tides they are a constant menace to ocean traffic. Because of the great expense they are not destroyed until they have inflicted actual damage. How like this is the action of many persons, who wait until they are ill before treating such dangerous symptoms as indigestion, dyspepsia, constipation, liver or kidney troubles. Don't allow them to menace your health. Hostetter's Stomach Bitters will clear the system of all impurities, making the blood rich and the nerves strong. It cures all stomach disorders and is an unequalled spring medicine. See that a private revenue stamp covers the neck of the bottle.

CANDIDATES MEETING.—The republican candidates held a meeting in Eugene to make arrangements for the coming campaign.

"I have used your Sarsaparilla for the last thirty-five years and always with the best results. There are many other kinds now in the market, but I have great confidence in that word, 'Ayer's.'"

"Do Not Grasp at the Shadow and Lose the Substance."

Many people are but shadows of their former selves; due to neglect of health. Look out for the blood, the fountain of life, the actual substance; keep that pure by regular use of Hood's Sarsaparilla and robust health will be the result. Dyspepsia, weakness, and other troubles will be things of the past and life will be worth living.

Hacking Cough—"I was troubled with dry, hacking cough. One bottle of Hood's Sarsaparilla helped me and three bottles cured me and made me strong."
