Poison in Potatoes.

The Public is becoming excited over the statement recently made that potatoes contain a poison called solanine. It is announced that new potatoes contain much less than old ones, but those which have commenced to sprout are quite dangerous. This may be true, but it seems odd that people have lived and thrived for centuries upon them and that their danger has just been discovered. It is safe to assert that any one with whom potatoes do not agree has stomach trouble, and any one who has indigestion, dyspepsia, constipation, biliousness, or liver and kidney weakness needs Hostetter's Stomach Bitters at once. This medicine does more than promise, it cures. Avoid substitutes and insist upon having the genuine. Try it.

ERUPTIONS.

"An eruption all over my body caused a burning sensation I could not sleep nights. By taking Hood's Sarsaparilla I was completely cured." JENNIE THOMPSON, Box 38, Oakville, N. Y.
Get only Hood's.

"Like Father, Like Child." Man is the sum of his ancestors. If parents wish healthy children, let them see that they themselves have pure, rich, strong blood. No taint of scrofula, no insidious malarial, no lurking microbes or germs to be a curse to posterity. Purify the blood. Hood's Sarsaparilla is the guardian of infants yet unborn. Buy it today.

A COMPETENT CANDIDATE.

How Harry M. Millhorn Closed Out a Junction City Business.

Several years ago James Howard, a well-to-do farmer of Junction City, got a too common idea into his head that there was plenty of money to be made merchandising. He went into the grocery business at Junction City, but after a few years experience found out that he was out of his proper sphere. The wholesale houses with which he dealt wanted their money, but as he was solvent did not care to put their claims in the lawyers hands, and on their advice he finally concluded to retire from business.

Harry M. Millhorn, Union candidate for county clerk, was selected to close up the stock, books and accounts of the business. The books had been carelessly kept, and were in apparently hopeless muddle. Mr. Millhorn commenced with the "blotter," carried the accounts through to the ledger, made out bills therefrom, took notes and collected the money due Mr. Howard, and within thirty days had the creditors satisfied in full. What was more not a single debtor found objections to the accounts presented by Mr. Millhorn. Several thousands of dollars were involved in these business transactions.

The man who is competent to straighten out a set of farmer kept books running into the thousands of dollars has plenty of ability, and to spare, to conduct the Lane county clerk's office.

MEMORIAL SERVICES.—The services held at the Christian church last evening, preceding the regular Memorial day exercises, were largely attended, most of the churches dispensing with their evening services. Rev. Rose delivered the address of the evening and was assisted in the exercises by other pastors of the city. Special music was provided and the evening was one of pleasure and profit. The G. A. R., W. R. C., L. O. G. A. R., and other organizations marched to the church from their halls in a body.

"The Least Hair Casts a Shadow."

A single drop of poison blood will, unless checked in time, make the whole impure. Hood's Sarsaparilla is the great leader in blood purifiers. It casts no shadow, but brings sunshine and health into every household.

Dyspepsia.—"For six months my system was out of order with dyspepsia and impure blood. Spent lots of money in vain, but Hood's Sarsaparilla cured me thoroughly." Jos. S. Zauba, Genoa, Neb.

Eruptions.—"I had annoying eruptions caused by impure blood, and physicians' treatment failed to benefit. Hood's Sarsaparilla removed them and I am no longer annoyed." W. R. Hudson, Helena, Pa.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts, guaranteed, at W. L. DeLano's drug store.
