WHEAT CROP DAMAGED

Conditions Serious in Minnesota, the Dakotas and Manitoba.

MINNEAPOLIS, June 20.—In the current issue of the Northwestern Miller says:

Serious and irreparable damage has been done the wheat crop; just how serious is a question upon which interested men differ. The most conservative view, based on conditions as they are today, does not give hope of the crop exceeding 50 per cent of that raised in Minnesota and the Dakotas last year.

JUSTICE COURT.—A replevin suit is being heard today before Justice Wintermeyer at the court house, involving a span of mules. The plaintiff is Mrs Cordelia Reynolds and the defendants E F Deering and Fred Larison.

Attorney G W Kinsey appears for plaintiff and attorneys L T Harris and J M Williams for defendants.

PRACTICALLY COMPLETED.—The census of Eugene is practically completed. If any one has been missed will they please notify this office by mail, telephone or in person and we will see they are properly listed. This is important.

One of the roads leading into Eugene which should receive attention during the summer is the Mohawk road. During the past winter so many heavy loads of machinery were hauled over it that from the Hayden bridge to Wendling it is cut up pretty bad. A good grade and crushed rock covering will do the right thing.

"He is Wise Who Talks But Little."

This is only a half truth. If wise men had held their tongues, we should know nothing about the circulation of the blood.

If it were not for this advertisement you might never know that Hood's Sarsaparilla is the greatest medicine in the world to purify and enrich your blood, create an appetite, give you strength and steady nerves.

JOINT HOSE COMPANY MEETING.

Cyclones and Rescues Will Not Parade in Procession on the Fourth of July.

(Communicated.)

The Cyclone and Rescue Hose Companies held a joint meeting last night to make arrangements for participating in the Fourth of July celebration.

It was proposed to have two races, wet and dry tests, between the two companies, without any prizes, if the celebration committee would pay the reasonable expenses, estimated at \$35.

The member of the committee who was present stated that the other four members of the committee were decidedly opposed to any appropriation for the purpose, and that if any were made it would not exceed \$25.

As the celebration is always an expensive affair for the firemen they did not think they wanted to dig up the necessary funds, and so decided not to race.

The boys thought that their services to the people of Eugene entitled them to more consideration at the hands of the committee, and a motion not to participate in the parade went through with a rush.

After a vote of thanks to the committee present the meeting adjourned.

It is to be regretted that some races could not be arranged as they always form an attractive feature of the day's program.

Life Gradually Lengthening.

Recent statistics prove that the average health and length of life of human beings have grown stronger and longer with the years.

In the fifteenth century, there was not to be found a man or woman over sixty years of age. It is clearly demonstrated that the change for the better has been brought about by modern ideas and methods.

One of the agents which has been most instrumental in preserving life is Hostetter's Stomach Bitters. Thousands have died from stomach and digestive disorders, who might have survived had they resorted to the Bitters.

It is the greatest of known tonics for stomach and digestive organs. It cures dyspepsia, indigestion and constipation, and has done so for the past fifty years. There is nothing to equal it.

Which Way?

Are the children growing nicely? A little stronger each month? A trifle heavier? That's good.

Or is one of them growing the other way? Growing weaker, growing thinner, growing paler?

If so, you should try Scott's Emulsion at once. 'Tis both a food and a medicine to all delicate children. It makes them grow in the right way—taller, stronger, healthier.
