PORTLAND SINGER PRAISED

Nevada Said Her Voice Is Suited
to Grand Opera.

Portland Oregonian.
"It may not be generally known that Miss May Dearborne, soprano soloist of the Taylor street church, enjoyed the distinction of receiving many pretty compliments from Nevada on the latter's recent visit to this city. Miss Dearborne had been persuaded to seek an interview with the famous diva, in order to obtain her opinion regarding the ultimate goal for which she should strive in her future musical career. Should it be concert work or grand opera? The latter, in her excessive modesty, she hardly dared hope for.

"Nevada, bright and dainty in her French traveling gown, shook her cordially by the hand with so much friendliness that she immediately felt at home. An aria from 'Traviata' was selected, in which to test her voice, and Miss Dearborne sang it without the flutter at the heart-strings she had expected to struggle with under the eyes of so celebrated a critic. Nevada was delighted with the remarkable purity and sweetness of her voice, and expressed herself in no uncertain terms regarding it to the young singer and to Mrs W E Thomas, who accompanied her, declaring emphatically that her voice was admirably adapted to grand opera. She advised her by all means to go to Europe for study, and, after carefully trying her voice by means of special exercises, told her that it had not been injured in the least by false methods of teaching, as is so commonly the case throughout America. Miss Dearborne's voice is a high soprano, having a range of three octaves, the extreme upper limit being F sharp above high C. During the last few years she has been studying the leading roles in 'Faust,' 'Traviata' and 'Aida,' and 'Micaela' in 'Carmen.'"

Miss Dearborne will sing at the recital given by Mrs Rose M Hollenbeck's pupils at the First Christian church Friday evening, June 29.

His Life Was Saved.

Mr J E Lilly, a prominent citizen of Hannibal, Mo, lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much for its praise." "This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottle free at W L De Lano's drug store, every bottle guaranteed.

Some Corrections.

To THE EDITOR: Dear Sir, Will you kindly correct a few errors which appeared in my article "Early History of Lost Valley." The first settlement was begun in the fall of the year 1852 and not 53 (as appears) by William, Jonathan and Patsy Morgan, three brothers; not Wm Jonathan and Patsy Morgan. McDowell bought Jonathan Morgan's claim; D S Hunsaker, Wm Morgan's claim; and Thos Barbre, Patsy Morgan's. The battle ground was on or very near the site where James Parvin's house now stands and not James Parker's.

Very Respectfully,
THOMAS H HUNSAKER.

INDIA FAMINE AND PLAGUE

Lack of Water Given as the Cause—Plenty of Food, but No Money.

A missionary just arrived in New York from India (June 26) gives the following account of the terrible condition prevailing there:

"When we left India on May 15 6,000,000 people were on the government relief list. On June 1 we heard that cholera had broken out. In Ahmedabad, a place of 60,000 people, over 800 died in the course of the week before we started. When we left the government was transferring 7000 or 8000 people from place to place because of lack of drinking water. In my station, where there are 40,000 people, there were only two wells left with water in them. The people were hauling water from wells sunk in the beds of streams never before known to go dry.

"Since the last famine three years ago the government engineers have discovered that the level of the water in the ground has sunk 15 feet, which is the cause of all the difficulty. The railroad engine at our place is obliged to go 15 miles for water. The railroad companies are building tanks and hauling water from place to place.

"Cholera, smallpox and diarrhoea are now following the famine. We heard at Genoa that there had been floods at Bombay. It rains now would be worse than the famine, for they would cause grass and weeds to spring up. The natives would seize upon this growth as soon as it appeared above the ground and sell and eat the mess. Being in such a famished state this would have a very disastrous effect upon them. There is plenty of grain in the country, if the government would only put a little pressure upon the greedy merchants."

Paris Fair.

The American exhibit at the Paris Exposition will be an open volume, whose lessons of skillfully directed endeavor and unflinching energy may be read by all. Our Government Building is completed, and no effort has been spared to make it worthy to represent our nation. It was by the same American perseverance that Hostetter's Stomach Bitters, the famous dyspepsia cure, was first produced. Since that time—fifty years ago—it has never failed to cure constipation, indigestion, biliousness, liver and kidney troubles, and it will make rich red blood. It is an excellent tonic, and is a regulator for the bowels that cannot be equalled. All druggists sell it. Do not be talked into taking something "just as good." There is nothing equal to it.

Instruments sold on easy installments. This will be conducted by Geo F Crow and H E Morris, in Tenth Block, south of the Hoffman Hotel, Ninth street, Eugene, Oregon.

"Is God's Good Blessing"

"I feel that God has blessed Dr. Acker with special knowledge of the grand medicine called Acker's English Remedy for Troubles. It saves children every time when they are attacked. Every mother should know about it, and I will tell about my experience. I had a darling boy of four years to die with croup. My doctor did all he could, but the child could not be made to vomit. That was before I knew of Acker's English Remedy. After I did hear of it, I got a bottle. When our little eighteen-months-old girl was stricken with croup, I gave her this medicine, and inside of twenty minutes she vomited and was better right away. During the winter she had croup four times, and it brought her through each time all right. I, myself, had bronchitis pretty bad, and Acker's English Remedy cured me completely. Before I close, I want to tell you of my neighbor's boy, named Jobe Nana. He had been in the hospital for a long time. My husband went over to his home and told him of the Remedy, and he took it. He came over to our house after a day or two, and said two doses relieved him from the danger. I understand by my letter why I think so much of Acker's English Remedy, that God's blessing must surely have been bestowed upon him."

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and in England, at 1s, 2s, 3s, 4s, 5s, 6s. If you are not satisfied, return the bottle to your druggist, and get your money back.
