VICE-PRESIDENT SELECTED.

Adlai E. Stevenson, of Illinois, Chosen to Run With Bryan.

Special to the Guard.

KANSAS CITY, July 6.—The convention met this morning at 10 o'clock for the purpose of selecting a vice-president. David B. Hill, of New York, declined to run for the position. After several nominations the ballot was ordered. It resulted as follows: Adlai E. Stevenson, of Illinois, 559; Towne, 89; Hill, 176; Smith, 16; Danforth, 1; Hog, 1; Carr, 3; Patrick, 16.

Stevenson was declared the nominee. Great enthusiasm resulted. Banners were torn down, hats thrown in the air, umbrellas waved and the band played but could not be heard for the noise. When quietness was finally secured Mr. Stevenson was declared the nominee.

[Adlai E. Stevenson is a resident of Bloomington, Ill., and was vice-president from 1892 to 1896. He is a fine orator and a man of great ability.]

The convention at 3:22 p. m. adjourned sine die.

TIEN TSIN, July 6.—The best informed diplomats and correspondents consider that it is impossible to rescue the foreigners now in Peking. The situation is very grave, and with the fanatical natives anything is likely to occur. It is absolutely useless to try and relieve Peking with the present force. Against the millions upon millions of Chinese it would be necessary to throw a large army, qualified to depend upon its own resources.

Terrific atrocities have been committed by the Chinese. Wells have been poisoned by them in every direction and thousands of natives are dead in this vicinity and are floating in the Taku river, where they have been thrown.

WHAT THE ENGLISH THINK.

Special to the Guard.

LONDON, July 6.—It is the general belief in the state and diplomatic quarters that all foreign elements will be expelled from China by the ruling powers of the empire. If this can be done with little loss of life much will have been accomplished, and the rescuing work of the various squads of soldiers landed will be directed toward other ends.

The Japanese government still hesitates to take the lead in the war against China, although it is conceded that it must be under the tutelage of one nation, with the others backing it.

PASSED AWAY.

A. V. Peters, the Well Known Merchant is Dead.

At 1:10 o'clock this afternoon Andrew Vincent Peters departed this life at the home of H. St. John, about three miles east of Springfield, this county, from neuralgia of the heart, aged 77 years, 1 month and 8 days, after an illness since June 14, 1900, where he went to visit Mr. St. John and family over night, being in his usual health, when he was suddenly taken down with heart troubles.

Mr. Peters was born in St. Michael's Parish, France, May 28, 1823. He was married to Lizzie Shaw in Portland, Oregon, by Father Fienus Dec. 27, 1864, who died about four years ago. They came to Eugene from Oakland, Oregon, and Mr. Peters engaged in business with the late Henry D. Parsons, corner of Eighth and Willamette streets in 1865. Since that time he has been continuously in business here.

He leaves two brothers and two sisters, who reside in San Francisco, and one brother who is a Catholic priest, lives in Washington, City, D. C. About six weeks ago one brother, I. K. Peters, died in this city.

Mr. Peters was a pleasant man to meet either in a social or business way. He had hundreds of friends in Lane county who will be sorry to learn of his death. If he ever had any enemies we never heard of them. Our people mourn his death.

Mrs. Peters died in this city August 18, 1896, after a long illness.

The funeral will take place from the residence of Mr. and Mrs. St. John to the I. O. O. F. cemetery, Monday, September 2, at 2 o'clock. The service will be conducted by Father Przybylski, of the Eugene Catholic church.

An Epidemic of Whooping Cough

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by W. L. DeLano.

M'KENZIE BRIDGE

To Restrain County From Building a Bridge.

CONSTITUTIONAL QUESTION RAISED.

The complaint in the county court of Lane county to restrain the building of a bridge across the McKenzie at Hendricks ferry, was filed today.

S. M. Douglas, W. W. Haines and M. S. Wallis appear as plaintiffs and H. R. Kincaid, H. D. Edwards and J. R. Hill, as the board of county commissioners of Lane county, Oregon, and E. U. Lee, as county clerk of Lane county, Oregon, are named as defendants.

The plaintiffs for a cause of action allege the following facts:

First—That all the indebtedness herein after stated was created by Lane county for purposes other than to suppress insurrection or repel invasion.

Second—That said county of Lane was, when said contract was made and said order, exhibit "A" was entered, and for a year prior thereto had been, and now is indebted in a sum far exceeding \$5,000, to-wit about the sum of \$114,000, and that said indebtedness of \$114,000 was and is evidenced by orders and warrants issued by the county upon its treasurer for payment, and had not been paid because said county had and has no funds, with which to pay them, and that they were endorsed by said treasurer "Not paid for want of funds," and that said county commissioners have made and could make no provision for the payment of said contract price of said bridge, or any part thereof to said contractor, and that by reason of said indebtedness of said county, in said sum of more than \$5000, to-wit about \$114,000, said board of county commissioners, in awarding said contract, violated Section 10 of Article 11 of the constitution of this State.

Third—That when said contract was entered into as aforesaid there was not, neither will there be for within one year and funds in the county treasury of said county that could be applied to the payment of the said contract price, of said bridge, or any part thereof.

Fourth—That the estimated cost of said bridge far exceeded \$200, but not withstanding this fact neither the County Commissioners while sitting to transact county business or otherwise in any manner advertised for sealed plans, specifications or diagrams, or for bids for the same, and that by reason of these facts said board of County Commissioners had no power or right to make said contract.

Wherefore, the plaintiffs pray for a decree forever restraining the defendants, the said H. R. Kincaid, H. D. Edwards and J. R. Hill, constituting the board of county commissioners, and also their successors in office from ordering, directing or issuing in any way whatever any warrant, for any sum of money whatever on the treasurer of Lane county for the payment of the contract price of the bridge mentioned herein or any part thereof, and also for a decree forever restraining the defendant, E. U. Lee, as clerk of Lane county, Oregon, and also his successor in office from drawing his warrant, or the warrant of the county on the treasurer of said county in favor of the said contractor, L. N. Roney, for the sum of \$3500 or any other sum whatever, in payment of or on account of said contract for the building of said bridge or the contract price thereof or any price thereof.

Plaintiffs also demand judgment for their costs and disbursements in this suit.

E. R. SKIPWORTH,
Attorney for Plaintiff.

Paris Fair.

The American exhibit at the Paris Exposition will be an open volume, whose lessons of skillfully directed endeavor and unfaltering energy may be read by all. Our Government Building is completed, and no effort has been spared to make it worthy to represent our nation. It was by the same American perseverance that Hostetter's Stomach Bitters, the famous dyspepsia cure, was first produced. Since that time—fifty years ago—it has never failed to cure constipation, indigestion, biliousness, liver and kidney troubles, and it will make rich red blood. It is an excellent tonic, and is a regulator for the bowels that cannot be equalled. All druggists sell it. Do not be talked into taking something "just as good." There is nothing equal to it.

Not on the Trail of Coffee!

What will you take to try a single
pound of Chase & Sanborn's
High-Grade Coffee?

All beginnings are hard, as the
thief said when he began by stealing
an anvil. But listen to the facts!

The beginning of everything is a
curious machine used only by them.
It separates out the full-grown berries.
Other firms would call this
extravagant, but you won't when
you come to drink the coffee.

These berries are then only roasted
to order. The same day they are
hermetically sealed in canisters so
that not a breath of aroma is lost.
(By the great Abu Bakr of blessed
memory, what a flavor this gives
to your coffee pot in the kitchen!)

Your grocer breaks the hermetic
seal and puts the coffee into Chase
& Sanborn's imported parchment-
lined bags, each bearing the Seal
trademark with their signed war-
ranty of Highest Quality. This he
gives to you.

And you never buy any other
coffee afterward!
