FRIDAY - - JULY 6

THE NEXT PRESIDENT.

The Democratic national convention at Kansas City yesterday nominated that peerless leader, William Jennings Bryan, for the presidency.

He will be elected.

It would be a waste of space to comment further. He is an honest man and the people know it.

HIS RUNNING MATE.

Adlai E Stevenson, of Illinois, was nominated this forenoon for vice-president. This insures the electoral vote of Illinois for Bryan and Stevenson.

REAL WHEAT SITUATION.

The Chicago News says that "if anybody thinks the rise in the price of wheat is a sign of national prosperity he should take a few minutes off and study the stock market. The advance in price has been based wholly on a prospective reduction of the yield in the United States, and if that makes for national prosperity, why, then, it would be a grand stroke of business to let all the wheat lands lie fallow, in which event the cereal would at once go to $5 or $10 a bushel.

"Every cent added to the price of wheat means that in the opinion of the people who are doing the adding the northwest will have so much less grain to sell—which implies that it will have so much less cloth, iron, groceries, leather, furniture and other commodities to buy.

"So far the crop prospects in Russia and in those countries of South-eastern Europe which produce more wheat than they consume are excellent. South America harvested a bumper crop last winter and has a considerable surplus to sell. If the indications as to yield in other exporting countries is borne out a crop in the United States will mean simply that this country will be handicapped in its export trade. In the last two years the United States has exported more wheat by nearly 10 per cent than all other countries combined. Only the people who happen to be 'long' wish high prices as a result of a short crop at home. High prices as the result of short crops abroad may be viewed in another light."

ALL SORTS.

Tennessee pays the chief justice of its supreme court a salary of $3,500.

The canker worm has been playing havoc among the orchards in Platt county, Mo. Farmers do not expect to produce more than one-fourth of the usual crop.

Cape Nome is only two degrees below the Arctic circle, and yet the probabilities are that within a year or two it will become the site of a town with all modern improvements.

Determination of the navy department to establish a large coaling depot at Guam will result in making the vessels of the Asiatic station practically independent of coal markets in that part of the world.

What expert fisherman declared the largest sturgeon ever taken was caught last month in the North sea. He weighed over 614 pounds, measured a trifle over 11 feet, and had a girth of 5 feet, 6 inches.

Considerable mystery has existed for several years as to the identity of the man in Denver, Col, who voted for Palmer and Buckner in 1896. They received one vote in that state, out of a total of nearly 190,000.

In England the tallest single stemmed beach tree stands in Lord Brownlow's park at Ashbridge, which over looks the beach country of Buckinghamshire. It is known as the Queen beech, and is 150 feet high.

That was a terrible accident at Tacoma, Wash, July 4th. It is now claimed to be the fault of the street car company in using an out-of date car wheel flange. If so, the officers of the company should be prosecuted criminally.

Bryan, Stevenson and victory.

Three Meals a Day.

How many years of her life does a woman spend over the hot cook stove getting those three meals a day? Back aching, head throbbing, nerves twitching, it's all the same, there are three meals a day to be prepared. Dr. Pierce's Favorite Prescription cannot lighten woman's labor, but it can and does increase her strength. It cures those diseases of the womanly organs which undermine woman's vitality.

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired, worn-out women who are afflicted with female weakness," writes Mrs. Ira W. Holmes, of Cedar Rapids, Iowa. "It has helped me very much and a skillful physician once said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

Dr. Pierce's Pleasant Pellets do not re-act upon the system. They are a good thing to keep in the house. One 'Pellet' is a laxative, two a cathartic dose. The medicine for every woman.

Teachers' Institute.

The teachers' annual county institute will commence Monday, July 30, 1900, and continue five days, viz: July 30, 31, August 1, 2 and 3. All teachers holding either state or county certificates are required by law to attend the institute. There will be three instructors in attendance and every possible effort will be made to make the institute profitable and interesting.

Red Hot From the Gun

Was the ball that hit G B Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. 25 cts a box. Cure guaranteed. Sold by W L DeLano, druggist.

I consider it not only a pelasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in reccomending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W Va. This remedy is sold by W L DeLano.

MORE NOME NEWS

W H Helms, of Salem, Reveals Some Startling Facts Concerning the Metropolis of the Frozen North.

Salem Statesman: The following extracts are from a letter written to Mr Jay Bishop, of this city, by W H Helm, Dated Nome City, June 21st.

"With thousands and thousands of others, I have been wonderfully deceived in coming to this country. There are probably 50,000 people here now, and still they are coming by the thousands. Millions of dollars worth of produce and machinery are on the beach now that will never be used. From one to three suicides are reported daily, and hundreds of men who are broke, who would be glad to work for their board. What will become of them the Lord only knows. There are one or two men shot daily, and there is general disorder and confusion.

"Titles to all town lots are in litigation. The country is all staked out for 100 miles around, lying there for sale. They won't let a man prospect before buying. A few claims on the best creeks are being worked and are paying well. The beach mining paid well last fall for a few miles and was worked out. Early this spring the crowd from Dawson reworked it, but there are still some spots left that pay small wages. However, the men who come out whole on the trip will be the exception.

"I hauled my stuff up to camp with my cart, and then sold it for $30. I bought a small boat paying $80 for it, and have commenced to move my stuff further up the beach. I will put in the summer if there is any show for something. There are hundreds of men going home on every steamer. Every branch of business is overdone. It is very hard to get acquainted to sleeping in daylight. It is as light at midnight as at noon.

"We were thirteen days on the water from Astoria. We spent three days fast in the icebergs from 20 to 30 feet thick. As far as the eye could reach there was nothing but ice. Several vessels were wrecked, but no one was lost that I can learn of. The Ohio came in a few days ago with smallpox on board, and was not allowed to and, being sent to St Michaels."

More Fools.

Several Lane county people will read the following from Athena with a great deal of interest: Forty-three persons gathered on Main street today to bid Joe Gay and Jerry St Dennis a fond good-bye, as they started on their prospecting trip in search of the Blue Bucket, or Meek's Lost Route Placer gold mines. They will go via Pendleton to the country south of Prineville and will be out on their trip until snow flies. Mr Gay said he was confident he could find the mines, as he has many pointers to which others have not access. The famous mines for which they will search are said to have been found in 1847. An emigrant train in charge of Steve Meeks, brother of the still more famous Joseph Meeks, was conducting the emigrant train from Boise Ferry to the headwaters of the Willamette. When not many miles from where Prineville now is, these placers were discovered. In the outfit was a blue wooden bucket. One of the women of the company took the bucket, went to the placer grounds, and filled it with all the gold nuggets she could carry. Hence the name, "Blue Bucket" mines. Both Mr Gay and Mr St Dennis have had a great deal of experience in prospecting, and they are backed in their venture by many Athena persons who trust their judgment.

An Epidemic of Whooping Cough

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure,—John E Clifford, Proprietor Norwood House, Norwood, N Y.
