To anyone who has read Theodore Roosevelt's magazine articles on the war in Cuba, the appropriateness of the following chorus adapted from Pinafore will appeal with irresistible force:

For he himself hath said it
And it's greatly to his credit,
He's the Hero of San Juan.
For he might have done the fightin'
And let others do the writen',
As becomes a modest man.
But, in spite of all temptations.
He has published to the nations;
He's the Hero of San Juan.

LOCAL TRAIN NEEDED.

The Albany Special Should Be Extended to Eugene.

Eugene shoud have a better train service and we trust that the Southern Pacific will recognize that fact. She should have a regular passenger train out of the city at a decent hour in the morning. At present a person going north and expecting to do business in Portland the same day must get up at an unseasonable hour, or else take the afternoon train, which is often delayed, and spend two days if any business is done in the metropolis.

The Southern Pacific should by all means extend the Albany express train to this city. We need it and her business will justify the extension. The extra cost to the company would be small. Messrs Koehler, Fields and Markham, what say you?

Protect the Birds.

Efforts should be persistently made to teach all good citizens, what many of them do not yet seem to realize, the importance and necessity of protecting and preserving our birds, and for this purpose of punishing their destroyers. This is even more applicable to the country than to the city. The schools, churches, clubs, societies and every humane, progressive or even intelligent organization ought to join in this necessary and valuable work. Few people know the value of our birds. There is scarcely one of them that, even if he gains a living partly in orchards and gardens, does not earn ten-fold, or even an hundred-fold, the value of what he consumes. While prosecutions and punishment are necessary as correction of and warning to the wayward and vicious, the desired result must be obtained chiefly by educational methods—the gradual teaching of the rising generation that wanton and sportive destruction of birds is both a crime and a sin. Boys will be boys, but they must be taught to be boys in some other way than in killing birds, the particular friends of the human race; and men who don't know any better than to kill birds, or who don't care about it if they do, must be given a few stripes by the whip of the law. The birds of Oregon are worth hundreds of thousands of dollars annually to the state, and he who slaughters them wantonly is a public enemy.

Big Bonfire.

There is going to be a big time at the residence of Prof and Mrs John Straub this evening. While the lawn social is being given by the Ladies' Aid society of the First Presbyterian church, at which ice cream and cake will be served at 10 cents, a bright, glowing bonfire will light up the lawn and cast its radiance in all directions. There promises to be a jolly good time for everybody.

Dairy Purchased.

Floyd Vaughan has purchased Barrett's dairy and will continue the business. Mr Vaughan has one of the finest herds of Jersey cows in this county and will guarantee the best and purest of milk. He not only asks for the continuance of old customers but solicits new ones.

RICHEST IN BOHEMIA.

Ore Studded With Gold In The Old Knott Mine.

COTTAGE GROVE, Or, July 12.—The old Knott mine, that 25 years ago was the principal attraction in this part of the state, and has lain idle until six weeks ago, has again come to the front by yielding the richest ore that has ever been struck in the Bohemia district. In sinking a shaft 29 feet, the ledge was struck, 2½ feet of which is immensely rich. The ore is solid, and gold can be seen glittering all through it. About 20 pounds of ore was brought in by stage this evening, and its display created quite a sensation.

The shaft is about 50 feet from the old Knott shaft, which is 69 feet deep. There is not a doubt as to the vastness of the wealth hidden in this mine, as the ore in the old shaft is identified with that in the new one. Miners who have seen this say it is richer than the famous Helena.

An increased force will be put on and the old mill, that has weathered the storms for 25 years, will again be put in operation.

EUGENE

SAME HERE.—There are nearly 15,000 people in Salem, or to what ought to be Salem, declares the Statesman. But the census enumerators will not show that many, for a large part of Salem is outside the corporation and the rules of the Federal census do not permit of any territory being classified as a part of the city except that covered by the municipal lines. Eugene is in a similar condition. Such suburbs as Fairmount and College Hill, although really belonging to Eugene are excluded by the census managers as they lie outside of the Eugene corporation. Instead of having 500 people it will probably be nearer 4,000.

SMALL COLLEGES.—Dr Parsons, the eccentric millionaire of Chicago, who recently distributed $2,000,000 among the smaller colleges of the country, has explained his action by saying that in his judgment small colleges are more beneficial than large ones; that the students are in closer contact with the professors, have more pleasures, are free from cliques and the exactions of athletic sport, and it is probable the old philanthropist is right. At any rate, whoever helps to build up a small college is as much of a benefactor as one who helps to build up a big one.

STUB TRAIN.—On account of a freight train wreck near Dunsmuir, the regular north bound passenger train due here at 1:06 this afternoon, was reported 12 to 14 hours behind time. The company sent a train consisting of one locomotive and tender, one baggage car and two passenger coaches, to Eugene, arriving at 12 o'clock noon, and the same was ordered to run as a special between Eugene and Portland this afternoon.

ELKS' CARNIVAL TRAIN.—We understand that the Southern Pacific railroad will run special excursion trains from Ashland to Portland to the Elks' Street Carnival, which takes place in September, and at very reasonable prices. The tickets will be good on the excursion train, allowing the passenger to return on any passenger train during the next six days.

RAILROAD SURVEYING.—A gentleman from Eastern Oregon tells us the Burlington Railroad has a crew of men surveying through Harney valley and they are bound to cross the Cascades via the McKenzie route. This is a fine pass and we believe that before many months a railroad will use it. We hope it may be the Burlington.

GETTING BETTER.—Today's Salem Statesman: Miss Nannie Paddock, of the University of Oregon, who was operated upon at the Salem Hospital for appendicitis last week, is making satisfactory headway and hopes for her ultimate recovery are greatly strengthened.

A VETERAN.—Salem Statesman, July 13: "Gen W H Odell yesterday entertained his grandson, S Thurston, of Eugene, a member of Company A, Fourth Regiment, O N G, and a veteran of the Philippines campaign. The young man is not entirely restored from the effects of the campaign in Luzon."

SIUSLAW RIVER.—The U S government engineer reports to Washington, D C, under date of July 12: At Siuslaw the work is well under way. Seven bents have been added to the tramway, which is being enrocked. The work is making good progress.

LOST REWARD.—P E Peterson, of Estrup has lost 21 goats from his farm 9 miles west of Junction City. A reward of $1.00 each will be paid for their return; mark a round hole in each ear. Address P E Peterson, Estrup, Or.

HOPS.—The condition of the growing hops in England, America's greatest competitor in the world's market, is such that the American hops promise to bring remunerative prices this year.

DEATHS.—Eugene lodge, A O U W, has been organized a little over twenty years and 24 members have died, distributing $48,000 among needy relatives and friends.

Do not forget the social to be given on Prof Straub's lawn next Friday evening. Ice cream and cake will be served for 10c extra. All are invited.

LOST.—A pair of gold rimmed eyeglasses with temple pieces. A liberal reward will be paid finder by leaving same at GUARD office.

CHEESE MAKER WANTED.—A cheese maker wanted. Address or call on S S Stephens, Crow postoffice, Lane county, Oregon.

BICYCLE FOR SALE.—1900 Rambler Tandem in first-class condition; good as new; at a bargain. Call on C C Matlock, for price.

LOST.—A sack of clothes, between Eugene and head of mill race. Finder will please leave same at GUARD office and receive reward.

REV. KELLEMS.

AMITY, Or., July 12.—Revival services are in progress at the Christian church, under the leadership of Rev Mr Kellems, of Eugene.

RUNNING UP A BIG BILL

For doctor' fees wouldn't be necessary, when you are attacked with colds at this season of the year, if you would keep a bottle of our pure and high grade Cyrus Noble Whiskey in your house and then take it in the form of toddy, or as your taste dictates, at bedtime or any other old time. There is nothing like it for colds, La Grippe or kindred ailments.

Manufacturer,

Read This, Consumptives

"From the way my wife coughed for six months, I knew she had consumption. She showed it in her face, too, and her body wasted away to a mere skeleton. After she got down in bed the doctors couldn't do any good. I called in both Dr. T. A. Shannon and Dr. N. L. Hawsen, each of whom is a first-class physician, but they had nothing that would reach the trouble in her lungs. My wife's father came to see her one day, when she got very low. He lives in Cedar Lake, Wis., while we live in Rice Lake, Wis. He said he knew what was needed, and made me get a bottle of Acker's English Remedy for Consumption. I went to Schmidt's, our local druggist, and got a bottle, and it helped her right away. She took eight 50c. bottles, and they put her back on her feet and made her as sound and well as any woman in town. She has taken on flesh again, she doesn't cough, and if any one who doesn't know the facts was to be told she was so near death with consumption, he wouldn't believe it. My wife does all her housework, and at night sleeps as soundly as you please. Her stomach no longer gives her any trouble at all. Maybe you doubt what I am telling. If so, I advise you to see J. N. Schmidt, the druggist who sold me Acker's English Remedy for Consumption. He'll tell you the same thing. He says Acker's English Remedy is wonderful in all throat and lung troubles; that it is sold on a guarantee to cure, or money returned, and he never yet had a bottle come back to his store, although he has sold hundreds of them. My name is Luther Bedell, Rice Lake, Wis."

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c., 50c. and $1 a bottle in United States and Canada. In England 1s. 2d., 2s. 3d., and 4s. 6d.

We authorize the above guarantee. E. H. FOOTER & CO., Proprietors, New York.
