Professor L. C. Carson has just com-
pleted the work of compiling and
arranging courses of reading for the
public schools of Oregon. The com-
pilation includes courses of reading
suitable for grammar grades and high
schools, and is very comprehensive in
its character. The work will be issued
as a bulletin of the University of
Oregon, and, when published, copies
of the work will be sent to all public
school teachers in the state. It will be
made use of by the state superintendent
of public instruction in all teachers' in-
stitutes.

TAMMANY RESOLUTIONS.

Call for Unity in the Name of
Democratic Triumph.

NEW YORK, July 23.—At a meeting
of the Tammany Hall general com-
mittee a series of resolutions, upon
motion of Richard Crocker, were
adopted, containing the following:

"Tammany believes in the supremacy
of the American flag wherever it floats,
but that it should float nowhere as the
symbol of liberty and civil servitude
combined, for that is a combination
which can only work dishonor to the
flag and American institutions."

"Tammany Hall condemns the
waging of a war of conquest as un-
American in principle and false to
pledge of the nation as given by the
President of the United States. It
condemns the unconstitutional action
of the president in carrying on a war for
conquest without the authorization of
congress."

The resolutions denounce monop-
olies and trusts and close with the
following:

"The democracy of the nation stands
for national honor, national conser-
vation, national justice. Tammany
Hall, faithful to the principles of
democracy and subordinating all
things to democratic success, closes its
ranks and calls for patriotic unity in
the name of democratic triumph."

Bismarck's Iron Nerve

Was the result of his splendid health.
Indomitable will and tremendous
energy are not found where stomach,
liver, kidneys, and bowels are out of
order. If you want these qualities and
the success they bring, use Dr. King's
New Life Pills. They develop every
power of brain and body. Only 25c at
W. L. DeLano's drug store.

four of the horses under his care on the
Northwest circuit this fall. The
horses are: Reflector, owned by Mr.
Trine; Almo, Amos Wilkins; Zulu,
Mr. Hickett; and Oregon Bull, Mack
Summerville. The horses are all
pacers. The circuit includes Everett,
Wash., Portland, Salem, North Yaki-
ma and Boise, Idaho. The meet
begins at Everett on Sept. 1st.

HARD ON SALEM.—Albany Demo-
crat: The Eugene GUARD says that
one Professor Montague, a palmist,
who was in that city, has gone to
greener fields. He is in Salem, and
will not be able to go to any greener
fields. He says he would like to re-
main there the rest of his life.

JACKSONVILLE TIMES, July 23: Geo. A.

Blachley News.

July 23, 1900.

The days are very warm.
The roads are in excellent condition.
The hay is about all in the barns.

J. T. Taylor, of Elmira, is building a
barn for Mr. Atkinson, the dairyman.
Jasper Smith and Jesse Rust are
hauling lumber for the new school
house in district No. 123.

Mr. Slater, the merchant, went to
Junction after a load of merchandise
Saturday.

Claton Jay, from the mining district
of Washington, has arrived with his
family. He has taken a claim and
expects to make this his future home.

John, Cleve and Eli Rust will leave
for southern Oregon soon. Eli Rust
has a rich claim there in the gold
mines.

Rev. C. L. Lowther, of Corvallis,
preached an interesting sermon last
Sunday.

There are a great many parties in
here from Michigan, looking after
timber.

W. M. Bunt and M. Pool, of Mary's
Peak, and S. S. Runnels, of Albany,
passed through these parts a few days
since. They were looking for homes.
G. J. Weiler and A. M. Newman, of
Eugene, spent a day or so on Triangle
lake. Ask Mr. Weiler what kind of a
time he had fishing.

H. C. Baughman closed a very suc-
cessful term of school Friday the 20th
inst. An interesting program was
rendered consisting of declamations,
dialogues, songs and music. The house
was crowded with people. Williams
Evans and pupils, G. W. Millam and
pupils were present. The band per-
formed some good music. The Blachley
band under the leadership of Carl
Baughman has made rapid progress,
and the members regret that he is soon
to be absent from them. The people
of Blachley appreciate the work of Mr.
Baughman in the school room and
desire him to stay another term.

Recipe for Ice Making.

Any housewife by following the new
recipe just discovered will be able to
make ice easily. This new ice is cheap
and quickly prepared, being composed
of a kind of ammonia salt. With it,
ice cream may be frozen in a few
minutes. So many wonderful im-
provements are being discovered that
it brings into prominence any institu-
tion that remains unchanged. Such
an example is Hostetter's Stomach
Bitters, the well-known remedy for
weak stomachs. Fifty years has seen
no change in it. While many imita-
tions have risen and fallen, this ex-
cellent medicine has remained un-
changed—and as a cure for indigestion,
constipation, dyspepsia and bilious-
ness, it is unequalled. See that our
private revenue stamp covers the neck
of the bottle.

Nome, Alaska, has a free mail de-
livery system.

The evangelists who have been
preaching on our street corners, left for
the north today on the train.

Writing from Nome a man says:
The water here is worse than any
other that I know of. It is ice cold
and clear as crystal before it is boiled.
Then it turns red and has the taste of
soap made of rotten eggs.

A stray horse with buggy harness
on got caught on the alley fence at
Mrs. Ray DeLano's today, and that
lady has tied it up awaiting further
developments. If no one calls to
claim the animal, Mrs. DeLano will be
one bug y horse ahead.
