day said it was impossible to make
a price at which to quote wool in the

ers that no reply was received.
Practically no wool is changing hands.There is more catarrh in this section
of the country than all other diseases
put together, and until the last few
years was supposed to be incurable.
For a great many years doctors pre-
scribed a local disease, and by con-
stantly failing to cure with local treat-
ment, pronounced it incurable.Science has proven catarrh to be a
constitutional disease, and therefore
requires constitutional treatment.
Hall's Catarrh Cure, manufactured by
F J Cheney & Co, Toledo, Ohio, is the
only constitutional cure on the mar-
ket. It is taken internally in doses
from 10 drops to a teaspoonful. It
acts directly on the blood and mucous
surfaces of the system. They offer
one hundred dollars for any case it
fails to cure. Send for circulars and
testimonials.Address, F J CHENEY & Co, Toledo,

The Half Cent.

A movement is on foot to put a one-
half cent coin in general use in the
United States. Several suggestions
have been made to the government,
and a document was presented, signed
by the heads of the big department
stores in the various large cities
throughout the country, showing the
needs for this money in making change.
Progress finds many methods of im-
provement, but for half a century past,
in spite of many limitations, nothing
has arisen to equal Hostetter's Stom-
ach Bitters, the greatest benefactor the
human race has ever known. This
medicine cures constipation, indiges-
tion, dyspepsia, biliousness, nervous-
ness and sleeplessness, also prevents
malaria, fever and ague. Be sure to
get the genuine with our private
revenue stamp over the neck of the
bottle.
