CHINA ENCOURAGES BOXER

Minister Conger Believes "Boxer" Disturbances Were Sanctioned By Imperial Government

NO LATE NEWS FROM PEKIN

Special to the Guard.

WASHINGTON, August 21.—A dispatch from Shanghai, which is undated, bears practically no new information. It states that the wires from Tien Tsin have been cut, and no information has been received from that point.

The position of the allied forces is unknown, on account of failure to get runners through with news.

Many Chinese troops have taken the field, and the whole country presents a distinctly military appearance.

A report that the allied army has entered the Sacred City has been received at Shanghai. This information alone shows that the dispatch must be several days old.

CHINESE TROOPS MOVING.

Tien Tsin, August 16.—Five thousand troops have left Sung Lui Ching for Peit Sang, and another force of 2,000 have left for Tun Chow.

BLAMES CHINESE GOVERNMENT.

Special to the Guard.

WASHINGTON, August 21.—Minister Conger blames the Chinese government for the trouble which is now culminating.

Minister Conger in a report just received states that the allied relief force entered the city with practically little trouble. He states that no more deaths have resulted, and that all are well.

A desperate effort was made last night to annihilate the legations but without effect. This will probably be the last concerted attempt made by the Chinese.

The war department gives out some inside information contained in the report from Minister Conger. He claims that the statements that the Boxers are responsible for all the trouble and effort to drive out foreigners is a hoax, and that, on the contrary, the Chinese government is at the bottom of the trouble, and have used the name Boxer as a catspaw, with which to deceive the powers.

It is apparent that our minister has given good reason for his belief and in due time the department of state will act as it deems advisable in the premises.

FIRST 1900 HOPS

S. Smeed, the Veteran Hop Grower, Leads the Procession.

SHIPS 36 BALES.

Stephen Smeed, the well known hop grower, of Walterville, brought in today 36 bales of Fugles hops to be shipped to Milwaukee, Wis. He says he thinks they are already sold as he sent samples a week ago by mail with such instructions, but he has no idea of the price. He commenced picking these hops one week ago yesterday; that they are choice; that he secured 40 bales where last year he only had 38; that they made from 1500 to 2000 pounds per acre. This is a very large yield for this variety of hops.

He says he has the largest crop of hops he ever raised in his 20 years' experience in Oregon, and they are freer from lice than for years. He thinks Oregon's crop this year will surprise everybody because they will all be picked as the vermin has not hurt them as in former years, thus preventing the picking of a considerable portion of each crop.

He says that he does not think the prices will be high, and will sell as soon as he has his crop in the bale. The dealers always talk high prices just before picking. High prices cannot prevail this year, or I am badly mistaken, said Mr Smeed.

AN IMPORTANT ENTERPRISE.

Work Begun on Road From Brownsville to Blue River Mines.

ALBANY, Or., Aug. 20.—One of the most important enterprises in this county is that of a road into the Blue River mines, which was begun this morning from south of Brownsville, and which will be pushed through as fast as money can be raised for the purpose. A liberal subscription has already been started, and the county court will be asked for an appropriation. Though the mines are just south of the boundary line in Lane county, a road into the mines from this county will bring them a number of miles nearer the railroad than by the present long road in Lane county. The mines in the first place were brought into prominence by Lane county men, who now own many claims in the district, and recent rich strikes have added to the purpose to have an outlet from this side.

The above dispatch appeared in today's Oregonian. Lane county has had a road close to the mines for years, and for the past five or six years has had a road to the top of Gold Hill, the center of the district. The mines have been worked some since early in the '60's. At the present time Lane county is improving the road to the amount of \$5,300. The Brownsville road will run over the top of mountains, if ever constructed. The Lane county road is on a water level going up the McKenzie river and Gate Creek. The distance is not much different. Eugene is naturally the headquarters for these mines, and will remain so.

He Was Run Out of Town.

Northern California is greatly excited over the running of a Chinaman named Ah Wing, the cook of H Messner's Western Union telegraph repairing crew, out of Edgewood, and the causes leading to it. Near where the crew were working is located the home of a farm laborer named Bassett, who was working at some distance from home as a harvesting hand. He left his 10-year-old daughter and a younger boy at home in charge of the house. Ah Wing noticing the children alone gained admission to the home on a pretense and made base proposals to the girl, who becoming alarmed sent her young brother to a neighbor's house for assistance. The Chinaman becoming alarmed fled to a near by China camp.

The neighbor's wife hurried to the assistance of the children and hearing the story of the Chinaman's proposals informed her husband, who gathered a number of the men of the town and went to the China camp, along with the girl. Three Chinamen were found there, one of whom she identified as the one who had been in her home. The white men immediately proceeded to mete out punishment to Ah Wing. He was beaten without mercy, his queue cut off and driven south on the railroad track by the infuriated citizens his face bruised and bleeding mass of flesh, and howling with pain and fright. Only the fact that the news had not been spread long or far prevented the Chinamen from being lynched.

Brick masons are at work on the second story of the new armory building.

HELD FOR EXAMINATION.

Walter J Shelley Charged With Larceny by Bailee.

As an aftermath to the event of a couple of weeks since, in which Walter J Shelley, at that time night clerk of the Hotel Eugene, claimed to have been held up on North Willamette street and relieved of \$90, left in his care by a boarder at the hotel, Shelley was this afternoon placed under arrest by Sheriff Withers, charged with larceny by bailee of the sum of \$90. He was placed under \$100 bonds for his appearance before Justice Wintermeyer tomorrow afternoon at 3 o'clock. The bonds were furnished by J W Lakin and H A Vincent.

Sued for Divorce.

Salem, Aug. 20.—Bertha P Lewis filed a divorce suit against Alexander Lewis, in Judge Boies's court Saturday. They were married in Lane County July 26, 1881. A divorce has been asked for by the plaintiff on the grounds of inhuman and cruel treatment. They have one child, Callie P Lewis, a daughter, aged 8 years, and plaintiff also prays for the custody of same.

A NEW PUBLICATION.—The Northwestern Elk, published by Henry Pape, at Salem, Oregon, has been received at this office. It is devoted to the interests of the Benevolent and Protective Order of Elks, and is a journal of considerable merit. Mr Pape was at one time in charge of the printing plant of the University of Oregon, and has many friends in Eugene who will wish him success in the publication.

CHANGE OF OFFICE.—An Albany dispatch says: Miss Cora Nolan, a telegraph operator, went to Eugene this afternoon to take charge of the Postal Telegraph office of that city.

The Ashland Tidings has this about a plant grown from Phillipine Island seed: Considerable attention has been attracted by a small patch of corn in the garden of James Thornton on North Main street. Some of the stalks have already attained a height of 12 feet and have as yet only begun to show the tassels. The variety is not known further than that it is "Manila corn." The seed from which it grew was brought home by Lieutenant J E Thornton.

SKAGWAY SHOOK FOR SEVENTY SECONDS.

Earthquake Split a Mountain, Dammed a Stream and Tore Down Two Buildings at Dawson.

CHICAGO, Aug. 20.—A special to the Record from Vancouver, B. C., says: The steamer Cutch, which has arrived from Skagway, brought news that the earthquake, on August 10, shook Skagway for 70 seconds, and was even more severely felt in Dawson. All the way down the river the shock was apparent, and at several places was particularly defined. At Dawson, two small government buildings in course of construction were toppled over.

Arrivals from the Stewart river, half way down the Yukon to Dawson, say the mountain there was split in two. One stream was dammed up partially by fallen rock, and it turned into the newly formed canyon at the mountain. Five miles of this stream and two miles of the second tributary of the Stewart were left dry.

INSPECTING RAILROAD.—The following S P R R officials arrived here from the south last night at 9 o'clock in their special car: R Koehler, road manager; L R Fields, superintendent; M A Grondahl, resident engineer, and J O Johnson, roadmaster. They remained in Eugene over night, and left at eight o'clock this morning for the north. They are out inspecting the roadbed, etc.

A HARD COUNTRY.—Mr Gossier, of Salem, just returned from Nome, gives the country a very bad reputation. He says: "Considerable robbery is going on and they chloroform their victims then rob them of everything they have. That there are 10,000 people there dead-broke and could not come home if the fare was 25 cents."

EUGENE MISSED.—Ringling Bros' circus will not play at Eugene this fall. The only towns it plays are Salem and Medford. And the reason for playing those two towns is that the animals must be unloaded for a day.

The Oregonian says it is likely the O R & N Co will build a railroad from Portland to Frankfort, a town at the mouth of the Columbia on the Washington side.

GORED BY A MAD BULL.

Junction City Boy Had a Narrow Escape From a Horrible Death.

JUNCTION CITY, Aug. 20.—Walter Carter, 17 years of age, living west of here, was gored by a mad bull yesterday. The animal had been in a vicious mood for several days, and young Carter, on entering the lot where the bull was, took a pitchfork with him. The brute charged and Carter planted the fork in its nose.

The bull did not stop, and when Carter was rescued his left leg was broken, back and chest bruised black and blue, and chin and lip split open. It was a miraculous escape from death.

Court House Items.

REAL ESTATE TRANSFERS.

W E Clark et al to C F Mitchell lots 1, 2, block 11, College Hill park, Eugene; \$150.

Adalene J Fleeman to L H Clark, lots 1, 2, block 11, College Hill park, Eugene; \$300.

POWER OF ATTORNEY.

Magdeburg Fire Ins Co to I L White, Cottage Grove, power of attorney.

Magdeburg Fire Ins Co to F M Gilmore, revocation of special power of attorney.

A GREAT VICTORY.—Not with arms and bullets, but with wheat. One of the awards at the Paris exposition is that to the O R & N for the best exhibit of grains, grasses, seeds and cereals. These were raised at the O R & N's experiment station at Elklock, Umatilla county. There were fifty varieties of wheat alone. While the Oregon Navigation did the rustling the Northwest will receive the credit.

BLUE RIVER ROAD.—Four more teams will leave for the road work on McKenzie river about Walterville tomorrow. And still more teams are wanted.

Big Bargains In Shirt Waists This Week

Don't miss this sale.

J. V. KAUFFMAN.

IT'S THE UNEXPECTED

That's seen in our aggregation of food specialties. A jollier collection of surprises cannot well be imagined than our cans and jars and boxes of tempting delicacies, which would whet an epicure's faded appetite. Mere words and glances cannot describe what appeals directly and exclusively to the taste. The banquet is ready; don't stay away from the feast.
